

THRIFT and HAPPINESS

If you are a thrifty person you are happy. When you are earning more than you spend, when you produce more than you consume, your life is a success, and you are filled with courage, animation, ambition and good-will. The habit of thrift proves your power to rule yourself.

Loving labor and thrift go hand in hand, and if you have no surplus saved up, you are a plaything of chance, a leaf in a storm. The surplus gives you the power to dictate terms.

Cultivate the habit of thrift, and the earlier you begin the better. And no matter how old you are, or how long you have lived, begin the day to save something by starting a savings account, at this Bank, no matter how little.

We pay 5 per cent on savings accounts.
