

Look at the roads for twenty miles around on a Sunday

THERE isn't any "country" any more. The automobile has brought the most remote settlement almost as close to the center of things as the next county was in the old days.

To hear some tire dealers talk you might think that nobody knew anything about tires except the fellow from Broadway.

That's not the basis we go on.

We give every man credit for knowing *what he is spending his money on*, whether he drives up here in his small car from ten miles out in the country or is passing through from the capital in his limousine.

That's one thing we like about U. S. Tires.

They make no distinction between the *small car owner* and the owner of the *biggest car in the country*.

It's all the same to them. So long as a man owns an automobile—large or small—he's entitled to the *very best tire they can give him*.

Quality has always been the *outstanding feature* of U. S. Tires. There's no *limit* on the U. S. guarantee. All U. S. Tires are guaranteed *for the life of the tire*.

We have given a lot of thought to this tire proposition. There is some advantage in being the *representatives of the oldest and largest rubber concern in the world*.

Drop in the next time you're down this way and let us tell you some interesting facts about tires.

LITTLE BOY POISONED BY ARSENIC IN PAINT

Sven Larson Age 6 Dies From Eating Paint on Bread Slice. Was Playing Near Refuse Grounds

While playing with his friends around the dumping lot between Litchfield Avenue East and Benson Avenue East, little Sven Larson, only son of Mr. and Mrs. Lewis Larson of 219 E. Benson Ave., secured a paint pall with some fresh red paint in it and while coating some boards with it accidentally got some of it on a slice of bread which he had been given at his home nearby. In a few hours he was taken seriously ill and after five days of gradually lowering hope, passed away on Saturday, Sept. 18th. The physicians who diagnosed the strange death of the boy agreed that it was due to poisoning of arsenic secured from one of the paint cans which were found where the boys had left them at the time of playing.

Sven Helge Larson was born in Sweden on October 7, 1914, and came with his parents to this country and this city in 1916. He had just entered the first grade in the public schools of this city and was known in the neighborhood as a bright and cheerful little boy. He survived, besides his grief-stricken parents, by three sisters, Gunild, Maria and Toria.

The funeral was held today (Wednesday) at the home, Rev. Jesper Holmquist officiating. The little boy friends who will carry their departed playmate to his resting place in Bethel Cemetery are: Henry Larson, Harvey and Harold Nelson and Harold Christenson.

ARM BROKEN IN A SILAGE CUTTER BLOWER

Emil Hanson of Fahln sustained a broken arm last Friday in the blower of his silage cutter. He had his arm in the blower, when in some unaccounted for manner the tractor power attached started up before he could withdraw his arm. Under the circumstances he was mighty fortunate in not losing his arm entirely. The clutch of a tractor is easily thrown into gear, and Mr. Hanson's accident should be a warning to all who use this kind of power to be careful. Mr. Hanson is the city while his injury is under treatment.

EVANGELIST, SINGER AT METHODIST CHURCH

Rev. P. E. Wells and Prof. C. B. Brooks to Hold Special Meetings Oct. 3-24

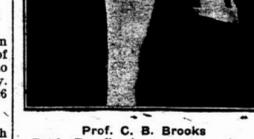

We are introducing you to Rev. Perry E. Wells, and his chorus leader and singer, Prof. C. B. Brooks, who will hold special meetings at the First Methodist Church from Oct. 3rd to 24th inclusive. Evangelist Wells has

Rev. P. E. Wells has been in the work for a number of years. Until recently he has lived in Fargo, where for a time he was state evangelist in North Dakota. But Evansville has fallen in love with our beautiful Minnesota, and has moved his family to Excelsior.

Prof. C. B. Brooks is an experienced chorus leader and singer. A large platform will be temporarily built in the church where a choir of from fifty to a hundred voices can be seated. Good music will be an important feature throughout the campaign.—Adv.

Sander F. Peterson was born February 16, 1882, at Bogsjö, Långsjö Parish, Kronobergs län, Sweden. He passed away September 11, as a result of a complication of disease. The deceased has been residing in this vicinity for the past 18 years, and was employed on the J. A. Dolbeck farm, west of the city.

The funeral was held September 15, 1920, Rev. Hjalmar Tillman officiating. Sigfrid Johnson and Fred Hestrom sang a duet. Interment was made in the cemetery by the church. The pall bearers were: Sigfrid Johnson, Ernest Nelson, Gustaf Monson, E. W. Jonsson, Arthur Peterson and Victor Mouson.

VIOLA BERGMAN

The home of J. A. Bergman, Pennock, was saddened by the death of his twelve and a half year old daughter, Viola, last Friday, September 17. Her death was due to acute appendicitis and general peritonitis. She is mourned by her father, brothers and sisters. Her mother died last year.

—Miss Olga Qvale spent Tuesday afternoon visiting friends at Atwater.

—Mrs. Crilly returned Tuesday to her home at Litchfield after a visit with her daughter, Mrs. Carlquist.

WILLMAR HIGH SCHOOL NOTES

Interesting Items Gathered During Past Week By Sept. Brohaugh

The school enrollment is steadily increasing. A number of new students entered the grades and high school this week.

The chairs ordered for the use of teachers, visitors and school board members in the new building have just been received. They are of exceptionally good quality being built of quarter-sawn oak, and they are stained to match the woodwork.

The baby grand piano presented to the school by the classes of 1919 and 1920 was installed in the Junior High school last week. The upper classmen were especially anxious to have the piano placed in the senior high school, but owing to its size and to the lack of room, we were forced to place it on the stage of the Junior assembly room. Practically all of our entertainments in the future will be held in the latter assembly room so that this is perhaps the best place for it. The piano was bought through Mr. A. J. Hoope who made the school a very low price on it.

This week we plan to check up all students of school age who have not yet enrolled. We find that a number of parents are keeping their children home to work, or have permitted them to hire out to others for a similar purpose. The State School Law very definitely says that all children under sixteen years of age who have not completed the eighth grade must attend school every day that school is taught. Every citizen who is interested in the welfare of his city should report cases of truancy to the school authorities.

Monday afternoon a delightful violin and piano concert was enjoyed by the pupils of the grades and the high school. This concert was given by Mr. Edwin Harris Bergh who played the violin, and Miss Skaug who played the piano. The music was very good and the humor of Mr. Bergh was enjoyed very much by all the boys and girls.

Through the courtesy of Messrs. Stanford, Rowat and Bredeson we have secured the free use of last year's football field. We surely appreciate the kindness of these kind gentlemen and will do our part to keep the grounds in good shape.

Loyal Tallakson, one of the boys in the Senior high school, won first place in the Kandiyohi County Boys' and Girls' Duroc Sound Litter Club. The prize he received was a free trip to the State Fair with all expenses paid, including express on his litter of pigs.

The Parent-Teachers' Association of the Lafayette School will have its first meeting at the school house, on Friday, September 24th, at 3:45. The teachers will serve and all parents are invited to attend.

Dr. C. Berghelm of Madison, S. D., visited the school on Monday. Dr. Berghelm is a graduate of St. Olaf College and the University of Minnesota. He taught for several years under the supervision of Superintendent Brohaugh.

We are planning on organizing the gymnasium classes this week. The apparatus is all put up and the gymnasium floor is in good shape for use. All students who take gymnasium work must be equipped with tennis shoes or other soft soled shoes that will not mar the floor.

The boys of the seventh and eighth grades are enjoying their manual training work under the supervision of Mr. Erickson very much. Sewing classes for the girls will be organized very soon. Unfortunately the Domestic Science teacher has her hands full with the work for the Senior High and so can do little more than plan the work for the seventh and eighth grades. We are badly in need of another Home Economics teacher who can take charge of both cooking and sewing in the Junior High. At present only sewing can be offered and that will be taken care of by one or two of the regular teachers.

The contract for draperies to cover the large windows in the Junior High school has been awarded by the building committee to the John W. Thomas Co. of Minneapolis. They have promised to have the shades installed just as quickly as it is possible.

Twenty new football jerseys of the best quality were received this week. These jerseys will be given out only to those students who make the team or play as subs on the first team. The sweaters are scarlet in color with white stripes on the sleeves and the new stock and text book room connected with the office has been equipped with shelves running to the ceiling. Each side of the room also has a rolling stair ladder. Miss Carlson has been hard at work arranging the books in the shelves according to grades. It is a relief to have room enough to properly take care of our text books.

The brother C. O. Peterson and son of Two Harbors were in attendance at the funeral.
