AMERICAN RED CROSS

PEACE-TIME PROGRAM PLANNED

The American Red Cross has at the present time ten million unit members and fourteen million Junior members. Two years after the war, it has turned to a peace-time program centered on public health and prevention of disease. They expect to spend something like eight million for civilian relief and other Red Cross work in the United States, including public health and nursing service, and for the Junior Red Cross work for four million international relief work the American Red Cross will continue to fight Cholera, Typhus, Tuberculosis and the plague.

At home, aside from disaster work, the completion of its war job for veterans, its service to the men of its peace-time army and navy, its civilian relief work for the families of service men and as well for civilian families, and activities of its Junior members, the peace work of the Red Cross will revolve around the health centers. Through this medium it aims to keep people well rather than to care for the sick. To prevent death by injury and accident, first aid service is being established through which over one million persons in this country have been given instruction in first aid and nursing service.

For the coming year the Kandiyohi County chapter in the way of first aid, are going to print, cards with cuts, how to save life by the American Red Cross life saving corps, showing and explaining the Schaefer method of artificial respiration in cases of suffocation from drowning, noxious gases, smoke and electric shock. Copies of these will be sent to each schoolhouse, post office and public building in the county.

There are 85,000 deaths from accidents yearly in the United States or 81 per 100,000 of the population which is equivalent to twice the death rate of the four infectious diseases of childhood, measles, small pox, whooping cough and diphtheria. The American accident death rate is excessive as regards burns, falls, railroad and automobile accidents and injuries. If we could reduce our accident rate to that of England and Wales we should save yearly 44,000 deaths from accidents yearly. In the control of these accidents it is necessary to find out the chief sources of fatal accidents.

The Red Cross workers for the coming year will gravitate around the Red Cross health centers and work will be continued in infant and child welfare, school and personal hygiene, milk, foods, control of diseases, Tuberculosis, Cancer, Safety first, and first aid.

SVEA BOYS AND GIRLS SHOW FINE CLUB WORK

Bread Baking, Potato, Calf and Pig Clubs Have Active Members. Prizes Awarded

Svea has been doing some boy and girl club work the past season and some of the results will be of interest.

In the bread baking club Evelyn Nelson, Ed Nelson's daughter, and Myrtle Johnson, August Johnson's daughter, won the local honors. They secured third place at Morris and made a creditable showing at the State Fair. The girls feel well repaid for their efforts.

In the pig club work Stanley Westberg and Clinton Haroldson made very creditable showing. Clinton's April 10th pig weighed 212 pounds the

last of October. Clinton not only first place in the Pig Club work locally but gets a trip and an opportunity of showing his pig at the Stocker and Feeder Live Stock Show at South St. Paul which is to be held November 17th and 18th.

In the Calf Club work Reynold Westberg and Mauritz Olson did very good work. The calves would make a good showing anywhere but this being the first year the work has been conducted locally the requirements for showing at South St. Paul had not been followed so it barred the boys from showing their calves at South St. Paul this year. Mauritz' calf weighed 650 pounds and Reynold's weighed 466 pounds, showing a gain of 244 pounds, showing a gain of 241 pounds.

In the Potato Club work Wallace Olson did the best work and he feels much credit for his efforts since he sold his crop at a good price. His potatoes yielded at the rate of 190 bushels to the acre.

Principal Sunderland deserves much credit for the club work which has been conducted during the past year. R. H. Gibertson, Assistant State Leader of the Boys and Girls Club work and County Agent Rodegud helped to conduct the work. By united effort and planning early it is hoped that even more and better work may be secured next year.

RATS PROTECTED BY GOV'S ORDER

State of Minnesota, Executive Department. Order No. 11. Protection for Muskrats

WHEREAS. The Game and Fish Commissioner of Minnesota has investigated the necessity of providing additional protection for muskrats and has furnished me with the results of such investigation.

NOW, THEREFORE, I, J. A. A. Burnquist, Governor of the State of Minnesota, pursuant to authority vested in me by Section 124 of Chapter 400, Session Laws of Minnesota, for the year 1919, do hereby find that the species of wild animals known as muskrat is in danger of undue depletion or extinction and that additional restrictions are necessary for the proper protection of the same, and I do hereby order that on and after December 1st, 1920, no muskrats shall be taken, killed or had in possession in any number at any place in the State of Minnesota. This order shall remain in force and effect until the close of the next regular session of the legislature of the State of Minnesota, unless sooner revoked or modified.

Dated November 11th, 1920.
J. A. A. BURNQUIST, Governor.

JULIUS A. SCHMAHL, Secretary of State.

Night Fire Takes Two Houses. The hay shed and a building that was moved to town from the Van Heuveln farm last week and the moving trucks burned Thursday morning.

The buildings were owned by Wm. Jydstrup. The hay shed was insured. The fire was not noticed until the buildings were almost destroyed and the fire department confined its work to save adjacent buildings.—Raymond News.

U FARM OFFERS SHORT COURSE FOR THRESHERS

Threshermen of the state are going to figure more than ever in the work and proceedings of Farmers' and Homemakers' week at University Farm January 3-8.

Prof. William Boss, chief of the engineering division, and Prof. L. B. Bassett, assistant professor of farm management, will have charge of a short course for threshermen and those planning to buy machines. A part of the program each day will be devoted to the operation, adjusting and care of threshing separators, steam engines and gas engines.

The Minnesota Brotherhood of Threshermen will be in annual convention in Minneapolis the first week in January and an invitation will be extended the organization to hold a half day session at University Farm during Farmers' and Homemakers' week.

FORMER WILLMAR MAN ROBBED SATURDAY EVENING

O. A. Olim, formerly of this city, now residing at 3900 Park Avenue, Minneapolis, was held up and robbed last Saturday evening in the grocery store of J. M. Anderson, 324 Portland Avenue, Minneapolis. Oscar was fortunate in having only a small sum of money in his pocket to which the bandits helped themselves.

The proprietor, Mr. Olim and a ten year old boy were in the store when the two silk masked bandits entered. The two store men were forced to lie face downward, on the floor while the unknown men emptied the till of \$80. Twenty minutes before in the evening they went into a drug store and held up several people, helping themselves to the sum in the neighborhood of \$150.

The "silk handkerchief" bandits travelled in a roadster which they had stolen the same evening. These same robbers have staged a large number of robberies the past two weeks which is most likely the largest number of holdups ever occurring during any two weeks in the history of the city of Minneapolis.

A Dish for Every Meal

Cream of Barley makes an extra fine breakfast dish, served with cream and sugar. Sliced and fried, like mush, it can't be beaten. Puddings that melt in your mouth—in fact, you'll find an all-around table necessity in

CREAM OF BARLEY

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian head on the orange label.

Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods. And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake.

Contains only such ingredients as have been officially approved by U. S. Food Authorities. It is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

Found can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Columbian Muffin Recipe

—4 cups sifted flour, 4 level teaspoons Calumet Baking Powder, 1 tablespoon sugar, 1 teaspoon salt, 2 eggs, 2 cups of sweet milk. Then mix in the regular way.

GROVE CITY ITEMS

Nov. 15th—Grove City is having a nutritional clinic at the school house during this week under the auspices of the County Health Association.

A carnival was held at the school house a week ago when \$179.07 were realized for school room improvements.

Two bazaars will have been held by the end of this week. The Norwegian church held their's November 5th and received \$397.00. The Swedish Baptist's will hold their's this coming Friday afternoon and evening.

The local Red Cross drive has brot \$125 to date. A local committee has had charge of the same.

A farmers store will be started here before long. Funds to the amount of \$18,000 have been solicited. Definite plans have not been made yet.

Arrangements have been made for a three day chautauqua this coming summer. This is a new feature but a great deal of enthusiasm is present which goes a long way towards success.

A lady in Chicago Telegraphs for Rat-Snap

Read Mrs. Phillips' wire: "Youell's Exterminator Co., Westfield, N. J. Rush \$2 worth of RAT-SNAP." Later rec'd following letter: "RAT-Snap arrived. It rid our house of rats no time. Just moved here from Pa. where I used RAT-SNAP with great results. Three sizes, 35¢, 65¢, \$1.25. Sold and guaranteed by Nelson & Galt and F. J. Hallin.—adv.

20% to 30% Reduction In Lumber Prices

We wish to call the attention of the public to the reduction which we have made in the prices of lumber since last Spring. The larger part of this reduction has just been made, effective November 1st. It is the opinion of the manufacturers that the low price level on lumber has been reached. We are glad to do our part in reducing prices.

Bring in your horse hides and cow hides to be tanned into robes at

THE WILLMAR TANNERY

INSTRUCTIONS: When skinning the hides salt them good, as that will give better results in tanning.

Bring in your old robes for repairing and relining at once so the work can be done before the cold weather sets in.

As I have many robes for sale, I have decided to make a special offer during the month of November. To each purchaser of a robe I will give a big discount on horse hide mitts. The regular price on these mitts range from \$5.50 to \$6.00, but to a buyer of a robe they will be sold for \$3.50
