**WILLMAR TRIBUNE**

Established Feb. 19, 1895.

Published every Wednesday at 330 Benson Ave., Willmar, Minn., by Victor E. Lawson, under the firm name of Tribune Printing Company.

(Entered December 5, 1902, at Willmar, Minnesota, as second class matter, under act of March 3, 1879).

THE TRIBUNE PUBLISHES ALL OFFICIAL MATTERS OF COUNTY AND CITY.

New Rates, Effective Jan. 1, 1920:  
One year, in advance \$2.00  
Six months \$1.00  
Three months \$0.50  
One year to other foreign countries \$3.00

After Aug. 1, 1920, all subscriptions not paid in advance will be discontinued on expiration. Increasing costs and necessity for cash payment of all our accounts make this new rule necessary.

The printed mailing list is corrected the first of each month. If the yellow slip shows no credit one month after you pay, please notify us.

Advertising rate card will be sent on application.

**Isaacson-Olson**

A pretty home wedding was solemnized Wednesday afternoon at 3 o'clock, November 17th, at the home of Mr. and Mrs. Albert Olson of Lake Elizabeth, when their daughter Miss Hattie, when their daughter Miss Hattie, was united in marriage to Alvin E. Isaacson, son of Mr. and Mrs. Charley Isaacson of Edwards. The Rev. A. Paulson of the Lake Elizabeth Baptist church officiated.

The bride wore a gown of white georgette over satin and carried a colonial bouquet of Columbia roses. Miss Ruby Olson, sister of the bride, was maid of honor. Her dress was of white organdie. Goldie Isaacson and Alphonse Olson were flower girls. They carried bouquets of white pompons.

The Messrs. Lester Olson and Harry Isaacson were the groom's attendants.

Mrs. Abel Ekholm, cousin of the bride played the wedding march. The house was decorated in white and orange colored streamers and cut flowers.

At five o'clock a four course dinner was served to ninety guests.

The newlyweds will be at home to their friends on the groom's farm in the town of Edwards after November 22nd.

Mr. and Mrs. Isaacson were the recipients of many beautiful gifts.

**Hallbom-Rossell**

On Wednesday of this week occurred the marriage of Miss Lillie Rossell of Atwater and Fred Hallbom of Harrison.

The ceremony took place at high noon at the Swedish Lutheran parsonage and was conducted by Rev. Le Vander. The attendants were Mr. and Mrs. Oscar Rossell who were recently married. The wedding was a very quiet affair with only the immediate relatives present. After the ceremony a wedding dinner was served at the home of the brides parents.

The newlyweds are well known in this locality and are very highly esteemed young people. Their many friends will wish for them an abundance of happiness and a long and prosperous life together.—Atwater Republican Press.

**Dr. C. E. Gerrittson**, who for nineteen years has practiced dentistry in the Loney Block has moved his offices to the Lewis Block, one block north of his former location. The doctor has installed a new X-Ray and gas machine and when settled will have an office that he can well be proud of.—adv. tf.

**Sells Residence**

A deal was made last Friday whereby G. O. Sand of this village disposes of his residence property here in a trade with Edw. E. Anderson of Willmar for a 100-acre farm between Kandiyohi and Spicer. Mr. Anderson expects to remove here and take possession of his residence some time in the spring, and Mr. Sand will remodel the rooms above the store and the family will reside there.—Atwater Republican Press.

**RE-INSTATE NOW BEFORE JAN. 1, '21**

**Former Service Men and Women Should Fix Up Their W. R. Insurance**

The following letter was received from the Home Service Department of the American Red Cross:

Nov. 15, 1920.

Your chapter has been notified of changes in the War Risk Insurance Act and I know you are fully aware of the new provisions governing the reinstatement of life insurance. For that reason, I will not take up any specific points.

I should, however, like to have your Chapter circularize as many of the disabled ex-service men as possible within the next few weeks. As you know, January 1st, 1921, will be the last opportunity for the men to re-instate without a physical examination, and there are a large number of men who can avail themselves of this opportunity before January 1st.

If possible, will your Chapter put on an intensive campaign for the reinstatement of insurance during the next six weeks?

Although after January 1st, 1921, reinstatement may be had, it will be necessary that a physical examination be made and many of our men will not be able to pass this examination. We will be glad to forward to you blanks and any instructions or suggestions which may be helpful to you. Thanking you for your past cooperation, we are,

Yours very truly,  
Laura J. Keiser,  
Director, Bureau of After Care, Department of Civilian Relief.

Application blanks with instructions may be obtained at the following postoffices: Svea, Kerkhoven, Raymond, Pennock, Spicer, New London, Sunburg, Kandiyohi and Atwater, also at the offices of Civilian Relief, A. R. C., Metropolitan Building, Willmar, Minn.

**JOHN M. RAINS,**  
Chairman C. R. Kandiyohi County R. C.

**SCHOOL NOTES**

Mr. W. E. Englund visited the Senior high school on Wednesday of last week. Mr. Englund is assistant superintendent of schools at Ely, Minnesota. He expressed himself as being greatly interested in comparing our students with the foreign born children which make up the larger part of the school population at Ely.

Three new students entered junior high school this week. Oscar Loken in the ninth grade, and Reynold Loken and Marvel Carlson in the seventh. The enrollment has now reached three hundred thirty-seven. More seats are needed.

Edward Gesch has returned to school in the Lincoln Building after three weeks absence on account of illness.

Roger Jensen enrolled in the second grade of Lincoln last week.

The Garfield Parent-Teachers' Association met Friday, November 12th. Mesdames Van Horn, Barnstad and Jolly served. After a short program by the pupils of the school, Mr. Brohaug gave very interesting and instructive talks. Mr. Brohaug spoke on grading and mental tests, Miss Robbins on appreciation of music in the home, and Miss Insdahl on cleanliness and care of the teeth.

The Parent-Teachers' Association of the Lincoln School met last Friday. A short program was given by the pupils of the school. At the business meeting it was decided to purchase a rope for the flag pole and some kitchen utensils. The next meeting will be held Friday, December 10th.

Jerome O'Ryan who has been attending school in the 6th grade, Central Building, moved to St. Paul last week.

Mrs. I. C. Tollefson visited the grades in the Central Building last Thursday.

Maurice Dahlheim returned to school Monday after a three week's absence on account of tonsillitis.

The Parent-Teachers' Association of the Lafayette School met last Friday afternoon. After the program a short business meeting was held. It was decided to purchase more kitchen utensils and an Emergency Case. The next meeting will be on Friday, December 3rd. An especially good program is being prepared and all the patrons of the school are urged to be present.

Annette Oberg entered the second grade, Lafayette School, Nov. 6th.

Miss Larson's second grade room at the Central Building received honorable mention for being the best appearing and most attractive room last week.

Reports from the different schools indicate that a number of children are absent from school entirely too much. We find also that a number of children have not yet entered school. Some of these are employed by persons other than their parents which is strictly against the Minnesota State Law. Children under fourteen years of age cannot be kept at home for any reason except their own illness. Children over fourteen may be employed at home by their own parents if necessary until November 1st and after April 1st of each year. Between these two dates they must be in school unless they have completed the eighth grade. In all cases

where excuses are lawful these must be obtained at the office of the superintendent of schools. We ask that parents do their best to cooperate with us in giving their children an education. Where parents deliberately neglect their children it is the duty of good citizens who know the conditions to report the matter to the proper authorities so that the children can be brot to school. We are trying our best at the school to do our part in educating the children, but we can do nothing when the children are not present. The absent treatment is not effective.

**TO UTILIZE WATER POWER FOR ELECTRIC PLANT**

A movement is on foot to establish an electric plant at Swift Falls to be run by J. M. Daniel's water power at that place to furnish light and electric power to the villages of Kerkhoven, Murdock, Pennock and De Graff. It is proposed to install a secondary plant, probably at Murdock, to be run by steam and to be used only in case of low water at the Swift Falls dam. Swift Falls is an inland point about ten miles north of Murdock, where there is a flour mill run by water power.

**Several Liquor Runners Draw Fines**

In the U. S. Courts here this week the grand jury returned 32 indictments and closed their findings Saturday. Seven of the men charged with liquor offenses plead guilty, and were fined.

Several others drew fines from \$50 to \$100, and the Indian cases have been settled as to the titles of their lands.

One of the more important booze cases is the St. Cloud Brewery case, in which the four proprietors have apparently been putting a kick into their brew, stronger than permitted by law.

By a new plan instituted by the federal enforcement officials the police and detectives engaged in running down the criminals transporting whiskey into the United States may cross the Canadian border after their man and they started to run. In the attempt to hold them back she was drawn over the dash board but luckily was not hurt.

The team continued on their wild rampage down Ramsey avenue until they came to the corner of the Ed Beckstrand residence, formerly the Jacob Wilson house, when they started to turn east, and crashed into the telephone pole on the corner. One of the horses broke its neck in the crash and died almost immediately. The other one went on and was caught and tied to a telephone pole near the C. H. Atkinson residence. It broke loose from the harness and started south coming in contact with the freight train which knocked it down. It was uninjured by this impact and got out to its feet and ran home.—Meeker County News.

**BOTH SEXES TURN OUT FOR BASKETBALL**

**Girls' and Boys' Quints To Be Selected From Many Aspirants**

Practice has already begun in the High School's new gymnasium for the coming basketball season which will be a very interesting one to all appearances. Willmar will make a strong endeavor to land the championship of the district and its chances are good. Thirty men or more have reported for practice to Coach "Jim" Treblhook during the past week. As the bank boards have not been put into place no shooting drills can be carried out, the time being spent in passing the ball. Hahn and Dale, members of last year's five, will form the nucleus of this year's team. A wealth of new material came out on the floor last week and prospects are fairly bright for a fast quint. It is apparent however that the men must do conscientious and devoted work in order to defeat some of the strong District teams representing larger High Schools. It will require weeks of a steady grind to whip some of the men into condition to offer scrub opposition to the regular team.

The girls are not lacking in interest and to the call of Miss Reddy, the coach, a large number turned out for practice. The girls should give their booster a good brand of sport this year as they have a number of last year's players and good material is available.

**Team Runs into Pole—Breaks Neck**

Miss Hazel Putzier, daughter of Mr. and Mrs. Chas. Putzier, had come to town Tuesday with the driving team and was near the depot when the team and she started to run. In the attempt to hold them back she was drawn over the dash board but luckily was not hurt.

The team continued on their wild rampage down Ramsey avenue until they came to the corner of the Ed Beckstrand residence, formerly the Jacob Wilson house, when they started to turn east, and crashed into the telephone pole on the corner. One of the horses broke its neck in the crash and died almost immediately. The other one went on and was caught and tied to a telephone pole near the C. H. Atkinson residence. It broke loose from the harness and started south coming in contact with the freight train which knocked it down. It was uninjured by this impact and got out to its feet and ran home.—Meeker County News.

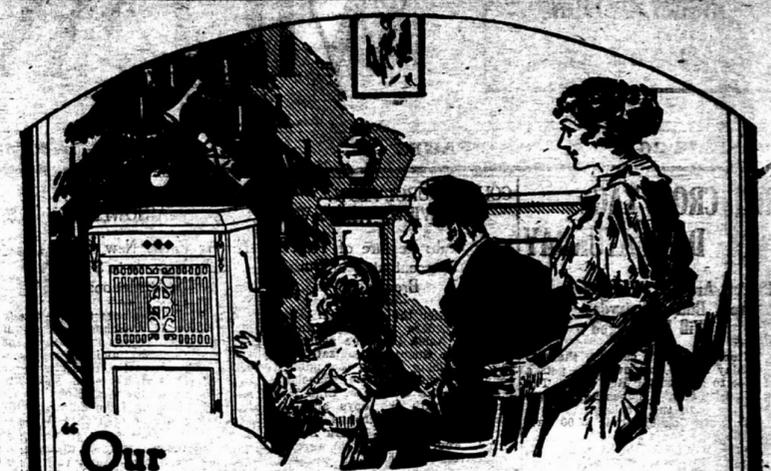

**Arm Amputated**

Corn shredding was being done on the Charles Smith farm in Ellsworth. Charles Peterson, a neighbor, was assisting. At noon, Mr. Peterson went out alone to the machine and says that he was trying to pull some grass out of the rolls when his glove caught. His hand followed and then his arm in spite of all he could do to save himself. His arm was pulled in up to the shoulder and even then there was enough strength in mangled sinews so that he could not get away from the

**Loses Fingers in Corn Shredder**

Howard, the twelve year old son of Mr. and Mrs. Chris Christensen, met with an accident Sunday which cost the lad the loss of two fingers and a severe injury to the third.

The corn shredder, which Howard was operating, became clogged and in his endeavor to remove the obstruction the ends of two fingers were cut off at the first joint. The third finger was only partially severed and can be saved.—Canby News.

**"Our Budget Plan will bring the New Edison this Xmas!"**

THIS is the time of the year when our Budget Plan is most helpful. You ought to come in right away and find out what it can do for you.

In the first place, it will put a New Edison beside your Christmas tree, (how the family will rejoice!)

In the second place, it will stretch your Christmas dollar so that you'll hardly feel the purchase.

The Budget Plan treats the New Edison as an essential of life, such as a home, and arranges payments on the sound "time" principle. It combines modern business practice with thrift.

This way of treating a dollar actually makes it go farther. Let us explain how the Budget Plan brings the longed-for New Edison for what an extremely ordinary gift would cost,—and makes 1921 thrift pay for the balance.

**20% to 30% Reduction In Lumber Prices**

We wish to call the attention of the public to the reduction which we have made in the prices of lumber since last Spring. The larger part of this reduction has just been made, effective November 1st. It is the opinion of the manufacturers that the low price level on lumber has been reached. We are glad to do our part in reducing prices.

A Correction

The following letter is self-explanatory:

**MUNSEN OIL COMPANY**  
Maynard, Minn., Nov. 18, 1920.  
The Willmar Tribune,  
Willmar, Minn.  
Gentlemen:

The article in your issue of Wednesday, Nov. 10th, giving an account of the burning of Mrs. De Vries, states that this gasoline was delivered by the Standard Oil wagon out of Sacred Heart. This is an error. We are the only oil company doing business at Sacred Heart. This oil was delivered by the Standard main out of Clara City.

Will you please correct this error in the next issue of your paper.

Yours truly,  
Munson Oil Co.  
H. M. Erwin.

**Does It Pay to Paint?**

It certainly pays to protect your building investment against decay. Paint costs less than repairs.

Unpainted buildings begin to depreciate at once. Boards warp, nails loosen, window sashes sag. Decay sets in. Value shrinks.

Well painted buildings are always quickly rented at advancing rates.

**Patton's Sun-Proof Paint**

—gives your buildings an armor against weather-wear. And it gives you peace of mind, because it is a scientific paint of superior quality, made without guess-work.

Come to us for the paint you need.
