

THE PATRIOT IS THE PRODUCER-ALWAYS

Primarily, of course, it is the soldier in war who is the patriot—he produces fighting qualities, his life, his all.

Just as important was the worker at home. With out him the soldier must fail.

We supported the soldier as far as we could. We honor and encourage the producer at home.

To each we offer most-freely the services of this bank.

WILLMAR TRIBUNE

Established Feb. 19, 1895. Published every Wednesday at 330 Benson Ave., Willmar, Minn. by Victor E. Lawson, under the firm name of Tribune Printing Company.

(Entered December 5, 1902, at Willmar, Minnesota, as second class matter, under act of March 3, 1879).

THE TRIBUNE PUBLISHES ALL OFFICIAL MATTERS OF COUNTY AND CITY.

New Rates, Effective Jan. 1, 1920. One year in advance \$2.00. Three months 1.00. One year to Canada 1.50. One year to other foreign countries 2.00.

After Aug. 1, 1920, all subscriptions not paid in advance will be discontinued on expiration. Increasing costs and necessity for carrying our accounts make this new rule necessary.

The printed mailing list is corrected the first of each month. If the yellow slip shows no credit one month after you pay, please notify us.

Advertising rate card will be sent on application.

COMMISSIONERS' PROCEEDINGS

County Auditor's Office, Willmar, Kandiyohi County, Minnesota, January 25, 1921. Adjourned Regular Session. The Board of County Commissioners met at 2 o'clock P. M. pursuant to adjournment. All members present, also the County Auditor, Samuel Nelson and the County Attorney, Charles Johnson.

A HEARING ON FINAL ACCEPTANCE OF CONTRACT FOR PAVING TOWN OF DIAMOND LAKE, was on motion referred to the Board of Commissioners on its face. SCREENS AT BIG KANDIYOHI LAKE.—The following resolution proposed by Commissioner Wm. O. Johnson and seconded by Commissioner O. S. Reigstad, was adopted by the Board: WHEREAS application has been made to this Board, by E. R. Olson, Deputy Game Warden, for permission to screen inlets and outlets to Big Kandiyohi Lake in Kandiyohi County, to prevent the escape of fish therefrom;

Now Therefore Be It Resolved that such permission be and the same is hereby given, subject to the supervision of the Game Warden, such screens to be constructed without cost to Kandiyohi County. WORKMEN'S COMPENSATION POLICY.—RESOLUTION.—The County Board of Kandiyohi County, Minnesota, being in meeting assembled, Commissioner Wm. O. Johnson proposed the following resolution and the same was adopted: "RESOLVED, That the County Board of Kandiyohi County, Minnesota, hereby authorizes the purchase of a Workmen's Compensation Policy from London Guarantee and Accident Company, subject to its terms, and provisions, to protect the liability of Kandiyohi County, State of Minnesota, under the operation of the Minnesota Workmen's Compensation Act (Chapter No. 84 of the General Laws of 1912, of the State of Minnesota) and any of the amendments thereto."

Table listing various items and their prices, including lumber, machinery, and other goods.

—Mrs. Ida Penney of Dassel who has been visiting at the home of her son Leo Penney, left Monday for a visit at Appleton.

—For artistic Wall Paper go to Larson's Paint & Wall Paper Store. —Adv.

ANNOUNCEMENT Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement: "The price of the Fordson Tractor has been reduced from \$790 to \$625, effective immediately. "This price change has been made possible through lower costs of materials and the fact that we are now located in our new tractor plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality. "We are particularly pleased in being able to bring about this big reduction in prices at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them not to mention industrial and commercial concerns which likewise have benefited through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the Fordson Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery. "There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all. "THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either Car, Truck or Tractor is out of the question; in fact, the big price cuts have now made in anticipation of continuous maximum production and increases may be necessary before long to a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases. "Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson. KALLEVIG BROS. & BAKLUND.

ANNOUNCEMENT

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement: "The price of the Fordson Tractor has been reduced from \$790 to \$625, effective immediately. "This price change has been made possible through lower costs of materials and the fact that we are now located in our new tractor plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality. "We are particularly pleased in being able to bring about this big reduction in prices at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them not to mention industrial and commercial concerns which likewise have benefited through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the Fordson Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of drudgery. "There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all. "THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached on the tractor price a further reduction in price of either Car, Truck or Tractor is out of the question; in fact, the big price cuts have now made in anticipation of continuous maximum production and increases may be necessary before long to a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases. "Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson. KALLEVIG BROS. & BAKLUND.

HAWICK

Feb. 7.—O. T. Emerson and Gilbert Erickson of Irving attended the Poland China hog sale at Howard Lake last week. The former buying two registered sows and the latter purchasing one. They returned home Tuesday. B. H. Jackson was a Paynesville caller Wednesday.

IRVING

Feb. 7.—A letter written to a Paris paper by Benjamin Franklin in 1784 has recently been found in which he suggested in light saving by putting clocks ahead one hour, thus being possible to save \$2,000,000 a year. Clarence Thorson who was sick last week is all well again.
