The Story of Our States

By JONATHAN BRACE
VII.—MARYLAND

INDIAN arrows played an important part in the founding of Maryland. Lord Baltimore more had been interested in the London company which was financially responsible for the settlement of Virginia. He became so enthusiastic over the possibilities in the new colonies that he desired to found a colony himself. After exploring the country just north of the Potomac he persuaded King Charles I to grant him this territory. In honor of the queen, Henrietta Maria, this new colony was called Maryland.

The payment for this grant was specified as two Indian arrows a year, together with a fifth part of all precious metals which might be mined. As the colony produced no gold or silver the cost of Maryland amounted to only the two arrows each year, and Lord Baltimore became to all intents and purposes an independent sovereign. As a matter of fact the charter was not issued until just after the death of Lord Baltimore, but as the deed was hereditary it descended to the second Lord Baltimore, under whom the first settlement was made at St. Mary's in 1634. This hereditary monarchy continued in force until, under the sixth Lord Baltimore, the Declaration of Independence in 1776 brought it to an end.

In 1788 Maryland adopted the Constitution and took its place as the seventh state in the Union. Its area totals 12,327 square miles, and it is thickly populated, so that Maryland is entitled to eight presidential electors.

LIFE SENTENCE FOR MINNESOTA PIONEER

Cold Springs, Minn.—I am surely thankful for my new lease of life obtained by the Sto-lital capsule and tablet treatment. I suffered for over 20 years with awful pains in my stomach and back, gas and sour stomach, could not sleep. I tried various patent medicines, which failed, also the doctors failed to help and I was informed the only possible relief would be an operation for gall stones, which didn't interest this young man 65 years of age. I was informed by a friend that Sto-lital would help me and it surely did, and the facts are I used about a dozen boxes and feel that I am cured. I can eat, sleep and feel like a boy of 20 years. I recommend this life-saving treatment to all sufferers, regardless of age. Follow directions and you will benefit as I have. I will gladly answer all correspondence. (Signed) Otto Wolf, Sto-lital will usually give relief in attacks attributed to gall stones, stomach ulcers, chronic appendicitis, torpid liver, dyspepsia, excess, sour stomach, pains in stomach and back, dizziness, chronic constipation, etc. Don't wait, start Sto-lital treatment at once, then boost its merits to your friends. Sold at \$1.00 a box, also sent direct on receipt of price. Digestive Chemical Company, St. Paul, Minn.

Refuse substitutes, positively demand Sto-lital. Sold by F. J. Hallin's drug store in Willmar; New London, J. P. Olson; Spicer, Anderson Bros., and by druggists everywhere.—Advertisement.
