

NEW LONDON

Oct. 11.—The Geo. Thonvald family of Kerkhoveen, and the J. M. Monson family on Sunday.

Victor Polman spent two days of last week in the cities.

Mrs. E. J. Haldean visited friends in Willmar on Sunday.

Mrs. F. Covell visited relatives in Atwater Saturday.

C. B. Lund and Nelin Skeie went to St. Cloud on Saturday for a short stay.

Buttermaker S. A. Bush will attend the Dairy Show at Minneapolis this week.

C. H. Hernecke is around again, having recovered from a serious case of rheumatism.

The McKusick gravel pit closed for this season on Thursday.

Mrs. Batterberry is staying in the village in the employ of the St. Cloud Power Co.

Mr. and Mrs. John Gunderson and Eleanor and Malvie Warness were Willmar visitors on Saturday.

Mrs. Peter Ogren and little son are spending a few days at Lancaster in the extreme northwestern part of the state. They will return home this week.

Mrs. Roy King left Sunnyside Hospital on Thursday, having fully recovered from her recent operation for appendicitis.

T. G. Amble of Minneapolis has been spending a few days here, at the A. Skole home on Sunday.

The Farmers Shipping association are sending a carload of stock to So. St. Paul today.

Mr. and Mrs. Emil Halberg and daughter, Miss Winnie, and Mrs. Haldean attended a young people's conference at Frank Lake on Sunday.

Seven men are now employed on the section cutting weeds, burning grass and putting the track in shape for the winter.

Mr. and Mrs. J. O. Nelson and three children of Hawick were guests at the A. Skole home on Sunday.

Miss Genia Iverslie of Georgeville enrolled as a Freshman in High school on Monday.

Sister Elvera Pearson, a missionary who spoke at the Swedish Lutheran church on Sunday and Rev. A. F. Almer went to St. Paul on Monday.

Geo. Bagley of Roseville who was gassed in the government service, went to St. Cloud on Friday to try to receive compensation for his injuries.

De Loyd Johnson who has been ill at the P. O. Johnson home at Coftax was taken to his home at Minneapolis the first of last week.

State Highway Engineers were here this week looking over prospects for state highways between New London and Hawick thru Irving and New London and Belgrade by way of Sibley Park.

Mr. Perry, traveling salesman for Wyman, Partridge Co. St. Paul is now "making" this village in place of our familiar friend, L. M. Clancy.

The latter is very gradually improving but is still confined to his room with a serious heart trouble that forbids hope of his again resuming work "on the road" where patrons and old friends surely miss the genial gentleman.

W. Promgay and Mr. and Mrs. T. A. Adams and children all of Minneapolis were guests of the C. H. Hernecke family at the G. N. Hotel from Friday until Monday.

Miss Florence Marshall who teaches near Mora and Marshall Fraas, chemist for Koppers Coke Co., St. Paul, were guests on Sunday of Miss Olive Marshall.

Chas. Shiere who is employed at the Robbins Young Co. gravel pit, left on Monday for a visit at his home at St. Paul.

J. M. Bolstad has just received another carload of potatoes. This second shipment is from Clarissa.

Miss Lavina Peachey was called to Minneapolis on Friday because of the very serious illness of her father.

Miss Alpha Olson of Big Lake spent Sunday here with her parents and friends.

Mr. and Mrs. A. J. Forrester and two children returned to Sioux Falls, S. D. by auto on Sunday after a weeks visit with the C. P. White family. Mrs. Forrester is a daughter of Mr. and Mrs. White.

The August Carlson and Axel Eckdahl families will entertain the Ladies Aid society of the Swedish Lutheran church in the church basement on Friday, Oct. 14. All are cordially invited.

Mr. and Mrs. E. G. Ward of Winona motored to New London on Thursday to spend a few days with their daughter, Miss Mildred Ward. They returned to Winona on Saturday.

Lewis Thompson succeeds Albert Nelson as clerk at the Farmers store. P. O. Hall of Atwater returned to his home on Friday after a two days

visit at the J. G. Peterson home. On Thursday he was a guest also of Mr. and Mrs. L. E. Covell.

Mr. and Mrs. Sigurd Halvorson of Norway Lake drove thru New London on Monday enroute to Minneapolis to attend the dairy show. M. F. Lundquist joined them here and will visit in the city until the middle of the week.

Mr. and Mrs. Albert Lindgren and daughters Mae and June and Mrs. John Gustafson and children, L. Verma and Howard all of Kerkhoveen spent Sunday at the Aug. Gustafson home.

P. A. Larson is in Willmar during court doing jury duty.

Gust Holm and Carl Kraft arrived here on Tuesday of last week from Hanford, N. D. to visit for a few days at the Mrs. Clara Soderlund home. They departed on Monday to resume former employment at Rockford, Ill.

Mr. and Mrs. Martin Lundquist and Harry Soland spent Sunday at the E. O. Glesne home at Norway Lake. We regret to say that Mrs. Lundquist's father, Mr. Glesne, who is so well known over the county, is feebly, with a present in a very critical condition.

The Gust Swenson family have received word from Miss Ada saying that she was a recent victim of a holdup on Aldrich ave. Minneapolis, while returning home one evening. Fortunately she only lost fifty cents in stamps and a few dollars which she was carrying with her.

Mrs. Per Ostlund has recently returned to New London from Kerkhoveen. Mrs. James Cobb and children of Kerkhoveen are occupying a part of her home on lower Main street. Mrs. James Buchanan moved in September from that building into the F. Rose building across the street.

Ernest Swenson, driver, and Helmar Anderson drove into the Millpond east of the Chas. Bredberg residence with the Swenson family on Sunday night. Neither occupant was injured and the car was pulled out by John McLouth the same evening.

Miss Dora Pond was in Willmar last week to consult an eye specialist. Work on the new village auditorium is progressing very satisfactorily.

The outside work is completed with the exception of the stuccoing on the front wall. The masons will doubtless have finished the plastering by the end of this week. Contractor Christopherson expects to finish the interior and relinquish the building to the village possibly by November first.

The Union Power and Light Co. of St. Cloud which is building a new electric lighting system in the village has nearly finished their construction work. The business hours were conducted with their line Saturday and the current was turned on late Saturday afternoon. It is expected that the system will be completed and that the local system will go out of business within ten days or two weeks.

Our veteran hunter and sportsman, A. E. Olson "got the limit" in experience Sunday afternoon, while hunting alone in Bjork's Bay when he tipped out of his boat into the chilly water. He was gathering in his decoys and his dog unexpectedly lunged to the same part of the small boat thus causing the mishap. Mr. Olson managed to collect himself, boat, bag, game, and gun unaided and got home rather stiff with cold and exhausted with the exertion.

Mrs. S. H. Stauffer had news on Monday of the very serious illness of her mother, Mrs. Ellen Grimes at Hamilton, Mont.

Peter E. Rose has secured from the council a 10 months lease on the new auditorium for Tuesday and Friday nights' movies.

As this goes to the printer, word

is received from Norway Lake that Mr. E. O. Glesne died at his home there on Monday night, at the age of 83 years. The aged gentleman had had a stroke of paralysis two years ago, from which time he failed gradually until about two weeks ago when he became confined to his bed and the change was very marked. The surviving family have the sympathy of a very large circle of friends in their loss of their father, a sturdy pioneer of exemplary character.

WELL KNOWN WILLMAR LADY WEDS AT SEATTLE

Mrs. Alma Knock United in Happy Marriage On Tuesday, Oct. 4th

The marriage of H. Albin Hazelgreen of Seattle, Washington, to Alma Marie Knock of Willmar, Minn., was solemnized on Tuesday, October 4, 1921, at the Holy Trinity Evangelical Lutheran church, Seattle, at four o'clock in the afternoon. The Rev. F. S. Beistel officiated in the presence of intimate relatives and friends.

The bride was attired in a dress of dark fawn colored crepe de meteor with hat to match. She wore a corsage bouquet of Ophelia roses, hoveardia and maiden hair fern.

After the ceremony the bridal party motored to the home of the groom's sister, Miss Clara E. Hazelgreen, where a three course luncheon was given. The decorations were jardiniere of roses and chrysanthemums placed about the rooms. The centerpiece on the table was feverfew and snap dragon with maiden hair fern.

The next morning the newlyweds left by boat for a short visit to Victoria, British Columbia, after which they spent a week at Delaware Cottage, Bainbridge Island.

After November first Mr. and Mrs. Hazelgreen will be at home at 4213 Beach Drive, Seattle.

The groom is employed by the city in the Municipal Railway Department. He has been a resident of Seattle for the past sixteen years.

Mrs. Hazelgreen was employed with the Tribune during the past two years. During her residence at Willmar she won a large circle of friends who now unite in extending congratulations to her and the fortunate man of her choice.

The bride of last Tuesday left Willmar in company with her mother, Mrs. Carrie Swenson, Sept. 25th. They visited enroute at Langford, S. D. and at Omak, Washington. At the latter place Mrs. Swenson plans to spend the winter with her son and wife, Prof. and Mrs. Lawrence O. Swenson. At the last meeting of the Young Peoples Society of the Bethel church previous to her departure, Mrs. Knock was given a surprise when a purse of money was given her by friends in the church, where she had been an active member.

What the Telephone Company Does for You

People wire their own houses for electricity. And they furnish their own fixtures and lamps.

You pipe your house for gas and water at your own expense, and furnish the fixtures, too.

The gas, the electric and the water companies serve many residences and business houses from the same pipes or wires. But the telephone company must furnish individual wires for your use—all the way from its office.

When the water or gas pipes "spring a leak," or the electric wiring "goes bad" or a lamp burns out, you pay for the repairs.

But when your telephone is "in trouble" you send for the telephone man, and the telephone company pays the bill.

Why Your Next Car Should Be A PAN

Here are a few important advantages to be found in this low-priced, sturdily-built and exceedingly economical motor car:

- It embodies to a remarkable degree beauty, power economy, flexibility, durability, gracefulness, and easy riding qualities.
- It is made in Minnesota; there is no freight to pay, and you are assured of service.
- The Pan has a counter-balanced crank shaft, which assures flexibility and eliminates vibration.
- It has a combination gas, oil and water tank in addition to the main supply—comes in mighty handy if you are touring.
- It is equipped with a motor-metor, eight-day clock, ammeter-gasoline gauge, speedometer and 33x4 inch tires which is oversize for the weight of the car. Approximate weight 2550. Engine will develop 50 h. p.
- In addition to all these features it is the only car that gives you a comfortable sleeping compartment—you need no tent, it provides sleeping quarters in a minute's time.

Now, Mr. Buyer, has it occurred to you that Minnesota should be able to build just as good a car as any other state in America—sixty per cent of the ore that is used in manufacturing cars comes from the Iron Range in this state.

You can't say that we haven't one of the newest, most modern plants to be found anywhere—right in St. Cloud, Minn. In addition to the main plant we have what is conceded to be by all who are informed—a Drop Forge plant second to none. Now Mr. Buyer, residing in Minnesota, you owe a duty to yourself and the state to investigate every article produced here at home. Therefore get behind this company—
