BOTH TEAMS WIN FROM KERKHOVEN

Boys Run Away With Kerkhoven Five By Score of 27 to 7 on Wednesday Evening

Willmar and Kerkhoven high schools sent two teams into contests in the local gymnasium last Wednesday evening which resulted in victories for both local quints. The boys five defeated Kerkhoven by the score of 27 to 7 and the home girls romped away with a win by the final count of 10 to 4. Both games showed local superiority and especially was this true in the boys team in which the locals had everything their own way. The Kerkhoven boys played a plucky and strenuous game and fought every inch of the floor. Willmar however in every phase of the game outclassed the visitors.

Clarence Sundeen for the visitors made the total points for Kerkhoven, he having made two field baskets and three free throws. He was by far the best Kerkhoven man on the floor.

Sandin for Willmar was the star cager of the evening with six baskets to his credit. The boys fed Sandin and he managed to slip them thru the hoop time after time. Grace succeeded in shooting but two field baskets and was somewhat off color in this respect. Holmberg succeeded in making his shooting eye felt by annexing two field baskets. Linn and Westgard played their usual good game at the guard positions.

The Girls Game

In the girls game both teams appeared quite evenly matched. Willmar however especially thru the work of Ethel Munson, the veteran girl star, was able to chalk down enough points to make her the winner. The game was partly played under boys rules and many fouls were called on this account. Steen and Nelson for the visiting girls made the four points scored by the Kerkhoven team.

800 MINNESOTANS IN U. S. GRAIN GROWERS

Work Suspended During Holidays—Over 34,000 Farmers Joined in 1921

St. Paul, Dec. 27—In the seven-weeks period ending with the holiday season, U. S. Grain Grower solicitors in Minnesota obtained 810 members, despite the fact that in some counties, the work had been in progress only a fortnight. Thus far, twenty elevators in the state have become affiliated with the movement. Solicitors now are on a 10-day vacation but will return to work January 3.

Nationally, the movement entered the holiday season with 34,229 members and 849 elevator and local grower association contracts. Illinois is first with 8,500, Nebraska second with 6,700 and North Dakota third with 4,800. This aggregate membership has been obtained during a period ranging from seven months in some states and seven weeks in others. Minnesota and Iowa were last to start.

In Minnesota, grower contracts have been circulated with marked success in Lyon, Kittson, Watonwan and Redwood counties. Some work has been done in Wright county. In Lyon county, where the first soliciting was done, more than 400 contracts have been obtained and in townships where the work has been completed, 85 per cent of the grain acreage has been signed up, solicitors report. In Kittson county, many of the leading wheat growers of the section have become members. In Redwood and Watonwan counties the work was well started when the holiday vacation interrupted.
