A lunch was served and a very pleasant social hour was enjoyed by all after the program and lunch.

Boy Scout Meeting The boy scouts of this village had a meeting on Monday evening in the town hall. The boys that belong to the organization and their fathers were entertained at this occasion. A program was rendered on Scouting, under the directorship of the scout-

master, F. E. Draeger. This meeting was the first of this kind ever held in the village. A lunch was served at the close of the program. The first meeting of this kind was held on Feb. 8, 1910, and it is requested that the scouts in each village hold these meetings during this week some time. The scouts of this village chose this evening as they could celebrate Lincoln's birthday at the same time.

Atwater School Notes The boys and girls basket ball teams journeyed to Cokato on Friday and played the basket ball teams of that place. Both the teams came out victorious and brought home the honors for Atwater High. This was the second game that they have had with Cokato. The games before were played on the local floor and the home teams were victorious at that time also. The boys game was a very slow affair as the boys did not show the speed that they have shown in games that have been played. Even Marvin Anderson playing guard shot three field baskets. The final score of the boys game was 18 to 31 in favor of Atwater. The girls game was fast and furious as the score was kept about the same the whole game. Sometimes the local girls were ahead and then again the Cokato girls would take the lead. The result of this game was a score of 16 to 17 in favor of the Atwater team. Both teams were royally entertained by the teams of Cokato, and were very much pleased with the trip.

The next basket ball game will be at the town hall in Atwater when the local teams will meet as their opponents the Grove City teams. These games will be played on Thursday evening in the local town hall. The local teams have played the Grove City teams once before this season, the local boys coming out with a victory while the girls met with a defeat.

The debating team consisting of Miss Irene Feig, Carl Peterson and Walter Jones left on Monday afternoon for Renville to debate the question on Tuesday evening with Renville: "Resolved, that the United States government should regulate by direct control, the price of coal, in peace times, constitutionality granted."

The team went by the way of Minneapolis when they went to Renville and returned by the way of Granite Falls and Willmar on Wednesday. The debating team lost against the Renville team, but in spite of this they have done very well in their debating this year. The team has been true sportsmen and has played a fair and square game with their opponents during the debating season. As we all know, the negative side which Atwater upheld is the most complicated side to debate in any question. We must congratulate the Atwater debating team on the good work in debating that they have done this year. Also to the teacher who has instructed them.

In the declamatory tryouts at school on Tuesday and Wednesday evenings, the girls who took first and second

places were Myrtle Kieberg and Ruth Halvorson. The boys were Carl Lindell and Clarence Johnson. Therefore in the sub-district declamatory contest to be held in Kerkhoven on Wednesday evening Miss Myrtle Kieberg will compete for interpretative honors and Carl Lindell for oratorical honors. We all hope that the debaters will win at this time also.
