

FARMERS AND LABOR MEET

Delegates of Farmers' Non-partisan League and Organized Labor Have Convention

Practically every township in the county was represented at the county convention held at the Central Labor body's hall at Willmar last Friday afternoon.

The first business was selection of delegates to the state convention to be held at Minneapolis March 31. C. O. Bergquist and C. J. Freeberg were elected as delegates and R. C. Sletten and Anton Peterson as alternates.

The armory question of the city of Willmar was broached and on motion a committee was appointed to draft resolutions to voice the opinion of the convention in the matter.

The committee on the armory question reported the following resolution which was unanimously adopted: "Be it Resolved, That we, representatives of farmers and laborers of Kandiyohi County, do condemn and oppose the idea of the erection of an armory in the City of Willmar or anywhere in Kandiyohi County, on the ground that we are opposed to militarism, and declare that we will not support any candidate for any elective office whom we believe to be in favor of such an armory.

It was moved that copies of these resolutions be sent to the Daily Star, the Willmar Tribune and the Renville County Journal for publication.

WILLMAR LOSES GAME TO BENSON

Out of Form Willmar Quint Falls Back in Second Half Battle With Benson

After keeping neck to neck with the fast Benson basket ball five at the Benson armory Saturday evening during the first half which closed with the score of 15 to 11 the Willmar team showed unmistakable signs of being out of form during the second period and lost the game by the score of 30 to 19.

They train constantly and have played some thirty or more games this season. They are bound for the state tournament so were in the pink of condition. The Willmar team on the contrary has played but seven games and these far between with only slight practice.

Consequently they were not in form to combat the Bensonites. Yet despite these handicaps the Willmar boys split the bill during the first quarter being only four points behind their opponents at the close of the first period.

During the second half the boys were outplayed due to their "winded" condition.

Willmar High School Declines to Play in Tournament at Benson

A representative of the Northwest Amateur & Independent Basketball Association was in the city today endeavoring to enter the Willmar High School team in a tournament to be played at Benson on Thursday, Friday and Saturday of this week.

This tournament at Benson will include some fifteen teams if all cities listed for the contest, send their fives. The tournament is one of three being held in the state the other two being at St. Paul and Duluth.

Following these tournaments the leaders in the three contests will contest for state and northwest honors at another series of games at St. Paul.

Due to the fact that Willmar had secured such very short notice and that the High School five has been disbanded for several weeks with some of its members ill, caused the school officials to decline the offer.

The Pneumonia Month March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ laden mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly.—Adv. Mar.
