SCHOLARSHIP FUND TO HONOR McDONALD

Hollis G. McDonald Scholarship Fund to be Established by Local Church

The members of the Sabbath School Board of the First Presbyterian church unanimously decided at their last meeting to establish a scholarship at Macalester College as a memorial to the late superintendent, Hollis G. McDonald. There was a spontaneous desire in the hearts of all the friends of Mr. McDonald in the church and community that something be done to honor their friend and to perpetuate his memory. It was felt by all present at the meeting that no more fitting memorial could be established, in view of Mr. McDonald's interest in Macalester College, than a permanent scholarship in that institution to bear his name.

The plan is this: The Sabbath school has pledged itself to raise \$2000 for this scholarship with the aid of friends of Mr. McDonald. This sum is to be invested to bear interest amounting to \$120 per year. The principal is never to be touched, the interest to be granted annually to some deserving student of the church attending Macalester College, the amount being sufficient to pay the yearly tuition. The Hollis G. McDonald scholarship will thus be a permanent thing, and the memory of Mr. McDonald will be perpetuated from one generation to the next.

The scholarship will be dedicated to the virtue of faithfulness, a characteristic so evident in the life of Mr. McDonald. On Sunday next, Dr. Bess, president of Macalester College, will speak in the morning and two students will speak in the evening. The free-will offerings will go to this scholarship. Report will be made in the evening service of the total amount given. It is hoped that the friends of the late Mr. McDonald will be present in as large numbers as possible and that the plan will meet with their hearty approval and support. The public is cordially invited to attend these services next Sunday.

500 TREES PLANTED IN SIBLEY PARK

Black Walnut Trees Planted in Sibley State Park By Volunteer Workers

Five hundred young black walnut trees were planted in Sibley State Park on the north shore of Lake Andrew, on Tuesday afternoon, May 9th. The trees were secured from the Forestry Department of the University of Minnesota, thru the efforts of Senator P. A. Gandrud. Several cars brought men and spades. We have been given the following list of names of men who took part in the planting here:

P. Brober, Charley Geer, Sam Stauffer, Mike Batterberry, John Fremberg, Carl Johnson, Morris Skire, Wallace Lindahl, J. R. Minor, M. J. Van Vorst, E. L. Rodegeb, E. R. Olson, Peter Bonde.

Eighteen nice evergreens donated by Mr. Bonde were also planted in little groups, to please the eyes and gladden the hearts of future visitors of the park.

A drainage survey was made of the ball grounds and plans arranged for putting in tile. Levels were also taken on the spring which showed that the spring is plenty high, so that by using pipe, a drinking fountain can be installed at a convenient location.

Marked improvements have been made in the Park during the past year, this is especially noticeable by the spaces that have been cleared of underbrush and the system of roads thru the park. More and more each year wise selection of this place for a State Park is being appreciated.

The book for registering on top of Mt. Tom shows evidence of frequent visitors.

Considerable of the work has been done by people donating their services. A good share of the interest and the progress in the park is due to the efforts of Peter Brober. While everybody got up a good sweat planting trees, there was excellent spirit and plenty of good will. At parting time at the close of the afternoon, some of the men said that they would be on hand any time Mr. Brober wanted to issue the call for another bee for planting trees, picking stones or cutting brush. Some of the fellows volunteered to set up the feed for the crowd and one of the party cheerfully offered his services as cook.

SEASON TO OPEN AGAINST OLIVIA

City Baseball Team To Play First Game of Season Sunday at Park

The 1922 baseball season locally will open Sunday afternoon at the ball park with sport fans full of diamond dust interest and a capacity crowd sure to be on hand. Manager Gleason states that a good team will trot out on the field Sunday afternoon at three o'clock for the opening game of the summer. The opponent will be the Olivia team. It is known that Olivia has a fine team this season altho its exact strength has not been divulged in the press of that village. The game Sunday is certain to be interesting as both nines will endeavor to win the opening contest.

The city team has been at steady practice every evening during the past week. Manager Gleason is thinning down the possible selection for the team to play Sunday altho the usual changes may be made. He has a good list from which to choose his first line men but may find it necessary to make alterations after the impression is made on Sunday.

The game will begin promptly at 3 o'clock. The grounds will be in good shape unless the rain showers fail to cease coming.

The Willmar Municipal Band will furnish music during the game. This will aid materially in stirring up all the "pep" possible to put the first game across.

DISTRICT 39-68 PICNIC

Community Picnic Held Near Lake Wagonga on Friday Afternoon

Friday afternoon, May 5th, was the closing day of school at District 39 and 68 and instead of each school having a picnic by itself, the teachers, Miss Ethel M. Edgren of Dist. 39 and Miss May Bjornberg of Dist. 68 planned a community picnic held at the beautiful home of J. C. Bjornberg's on the south shores of Lake Wagonga. Between 100 and 125 people were present. The program for the afternoon began with a ball game between the two schools, Dist. 39 winning. Then came the races, a married men's race, three legged races, walking race for the girls, a cracker eating contest for the boys, and a running race for the first and second grade children. Prizes were won by Mr. Joe Bjornberg and Mr. Olof Mattson in the married men's race, Fredolph Magnuson and Edgew Mattson of Dist. 39 in the three legged race, Gladys Strandberg of Dist. 68 in the walking race, Maynard Lindblad of Dist. 68 in the cracker eating contest and Violet Magnuson of Dist. 39 in the small children's race.

A program of songs by the two schools completed the program. A bounteous lunch was served during the afternoon and after the races were over ice cream and cake was served. Miss Bjornberg and Miss Edgren were presented with remembrances from their respective schools.

We feel that a community picnic is of great value as it fosters a greater interest in the school, brings neighbors into stronger ties of friendship and creates a competitive spirit in the schools.

BEE-HIVE PUZZLE CONTEST NOW ON

Third Picture Letter Contest Opens in This Week's Paper. Try It

The Willmar Tribune this week presents a cleverly worked out word picture game for the edification of its readers, the third in the series drawn for us by Eben E. Lawson, also known as Uncle Silas Bluestem of Kandiyohi County. To add zest to the game, we are offering the cash prizes listed under the picture. All that will be necessary to qualify for the winning of the best prize of \$50.00 is that two years subscription accompany the answer, one of them to be a new subscriber.

There is no game of chance about this picture puzzle. It is a test of good eye and quick wits. And the beauty about it is that the fellow with a lot of book learning doesn't stand more show than the fellow with only a practical education in the school of hard knocks. The former may know, in an abstract way, the existence of many things; but the latter knows a "bullhead" when he sees it. So there you are.

At any rate, when they get thru with the puzzle they will both have increased their vocabulary and their knowledge of things "b." From an educational standpoint they will be ahead. From a financial standpoint they are not losers even if they should win no prize for the subscription to the Tribune are worth the price.

Now doesn't that bee-hive puzzle on page eleven look interesting? Just try it out for a few minutes and see how easy the words come to you.

The Society has labored strenuously during the past weeks. The oratorio "Joan of Arc" contains unusually close harmony with double soprano, alto, tenor and bass parts. Ladies choruses, duets and a variety of vocal combinations make the songs very enjoyable.
