Antipar, who lived two centuries before Christ, wrote in his guide-book for travelers a list of the "Seven Wonders of the World." A thousand scientists have recently named the great wonders of the modern world. A study of the origin and development of 56 great modern discoveries and mechanical inventions impresses us with the truth that they all have been brought to light since the human mind has gained its liberty to think, to explore, to investigate, to study scientifically, and follow the path of truth wherever it may lead. Next Sunday evening the pastor will dwell upon this theme in his sermon on: "The Greatest Educational Force in Life." You are invited.
Sunday, 9:30 a. m. Church Bible school. A growing school. Classes for all ages.
10:45 a. m. Divine worship in the American language. Theme for sermon: "The World's Choicest Literature."

Thursday, 8 p. m. Mid week devotional service. "The Parable of the Talents. Matt. 25: 14-30."
Friday, 8 p. m. Young Peoples church night.

EX-SERVICE MEN'S PICNIC
Plans are now well under way for the big picnic to be held on Sunday, July 9th. This day is one that is sure to go down in local history as one long to be remembered, as the object of this picnic is solely for the purpose of a get-acquainted gathering and it is hoped that every ex-service man through the county try and be present and it is also urged that they bring their relatives and friends as well. Refreshments will be sold on the grounds but everyone should bring their own lunch basket with them for no meals will be served. Don't miss this, boys, as you will surely regret it if you do. The exact location has not been fully decided upon as yet but publication of same will be made at a later date, so be sure to watch for it. Complete details of all arrangements will be given ample publicity, so plan now to be there. Come on, buddies, Let's go.

FARM POWER COSTS
Farmers who are concerned about reducing expenses ought to look into the costs of farm motive power.
The U. S. Dept. of Agriculture gives the following comparative costs, under 1921 conditions:

	Horses	Tractor
Plowing	\$1.57	\$1.72 per acre
Disking	.34	.55 per acre
Harrowing	.18	.30 per acre
Drawing hay loader	.52	.91 per acre

Census reports show that there is a great shortage of young horses all over the country. Why not be far-sighted enough to raise a few good horses in time to anticipate the big demand which is sure to come when the old horses die off.
Horses will always be indispensable on the farm as they furnish the cheapest and most flexible power.

Announcement
The New Savoy Cafe :: ::
Has installed five positive high-speed fans in its dining room. These fans draw the air sweet and fresh from the north and delivers it to the large negative or suction fan in south end of room. This equipment makes the air in our kitchen as pure as in our dining room and the air in our dining room is as pure as the air out doors. We invite your most sceptical inspection.
We have made sharp reductions in prices of our meals but we will in the future as in the past, maintain the highest quality and service.
We invite you.
