KNOW YOUR WHEAT MEETING JULY 27

Kandiyohi County Selected for Project. Federal Specialist is to Demonstrate

The U. S. Department of Agriculture is co-operating with ten selected counties in each of the three states: Minnesota, North Dakota and South Dakota, in an effort to make better known that constitutes quality in wheat. Kandiyohi County is one of the counties selected. Information regarding the present commercial methods of wheat grading will be disseminated to assist wheat producers in raising and placing on the market wheat that will best meet the demand of the market.

A series of one day county wheat grading meetings will be held in each of these counties for the purpose of presenting the object of this project and the method of wheat grading to farmers and elevator men. At each of these meetings the Federal Grain Specialist assigned to the state will be on hand to help conduct the meetings and demonstrate. We are fortunate in securing the services of Mr. Miller who has had several years of experience in grain grading work.

All elevator men in Kandiyohi County and as many farmers as are interested are invited to attend this one day meeting to be held in the courthouse at Willmar on Thursday, July 27th. Mr. Miller says that he will inspect and grade all samples of wheat that are brought in for that day as far as time will permit. A new and up to date set of equipment is being shipped for that purpose. In addition to the demonstration and grading questions will be taken up and discussed.

JUNIOR CIRCUS A SUCCESS

Harold Downs staged a successful junior circus in the Downs barn on East Becker avenue last Friday afternoon. The little folks enjoyed a good time. Among the acts for the afternoon performance were wrestling matches, dancing girls, wild man, strong man, and other acts. The parade was fine.

Mrs. Mary B. Ward left Saturday for a visit with her son Owen Ward in St. Paul.

The Story of Our States

By JONATHAN BRACE
XLVIII.—TERRITORIES

THE Story of our States would not be complete without a brief mention of the other territories of the United States, which is not included in the actual forty-eight states. The biggest of these territories is Alaska, with an area of 500,884 square miles. This huge region was under Russian domination until 1867 when the United States purchased it for \$7,200,000, or less than two cents an acre. There was some grumbling at the time by a few congressmen over "adding a refrigerator to the United States." But the refrigerator has been found to be well stocked with gold, coal, forests and fisheries, so that Alaska has proven a profitable investment.

Hawaii, like Alaska, is a regular territory. In 1898 there was a successful revolution against the Hawaiian queen, and a provisional government was formed under American protection. In 1898, at the request of the population, Hawaii was annexed to the United States.

Porto Rico, Guam and the Philippines were ceded to the United States in 1898 as a result of the Spanish-American war. Porto Rico and the Philippines are dependencies and not territories. Their local affairs are administered by a legislature of two houses and they are represented in the United States by resident commissioners elected by the legislatures. Guam is under the control of naval officers in command of naval stations. Under similar naval control are the Tutuila group and Samoa, which were ceded in 1899 by Great Britain and Germany.

Then there is the Panama Canal Zone, which was purchased from Panama in 1904 for \$10,000,000. This is governed by the Isthmian Canal Commission.

The year 1917 saw the purchase from Denmark of the Virgin Islands, for \$25,000,000. These aggregate only 150 square miles and are temporarily governed by a naval officer.

Finally, there is the District of Columbia, which was organized in 1791, as the seat of our federal government. The residents have no vote for either local or national officials, nor are they represented in congress.

Umbrella in History.

In most Oriental countries the umbrella is still associated with royalty. In Siam to this day the king's umbrella is formed of circles, one above the other, while that of his royal family have three, two or one circle, according to their rank. Even in Europe in medieval times the umbrella played a large role in civil and ecclesiastical matters. Alfred the Great is represented in an old wood cut attended by a guard bearing a huge umbrella. In all the basilican churches of Rome there hangs a large umbrella near the altar or in the vestry as a reminder of this ever-ready help. The cardinals, who took their title from these churches, had the privilege of having umbrellas carried over their heads in solemn procession.

DISABILITY CLAIM LIMIT IS AUG. 9TH

Certain Exceptions To Above Date Permitted Under Bill Amendment

Dr. John M. Rains has received a communication reading as follows, which because of the important information it contains for ex-service men, is given space here:

No doubt you have read statements current in the press that no man can file claim for compensation after Aug. 9, 1922. This information is inadequate and misleading, and we are, therefore, writing you so that you may have at hand a correct interpretation of the Sweet Bill Amendment covering this point.

Sections 306 and 309 of the bill are somewhat confusing, but it is still true that a man has five years from date of discharge in which to file his claim subject to the following conditions:

1. If his disability existed at the date of his discharge or developed within one year, he has five years in which to file his claim.
2. If his disability did not develop within one year of date of discharge, he must protect himself by securing a certificate of injury (the interpretation of this word includes disease). This he must secure before August 9, 1922, (the only exception is in the case of a man discharged after August 9, 1921, in which case the man has a year from the date of discharge to secure a certificate.) Having once obtained this certificate, a man may file his claim whenever his disability occurs. But if he fails to secure such certificate before August 9, 1922, he is simply "out of luck"; and according to the present wording of the law, ineligible for compensation.

There are fortunately the two special types of cases which have previously been called to your attention—neuro-psychiatric disabilities and pulmonary tuberculosis need be traced back only within a two year limit from the date of discharge.

We know, therefore, that you will see the urgent importance of having every man in your community who may have a service disability file his claim before August 9, of this year. Filing a claim is the simplest way of securing a certificate of injury; and if a man's disability is at the present time less than 10%, he is protected against future trouble by having secured his statement now.

TIME EXTENDED

The ex-service men's survey in this county is still on and should end on August 1st. The date for the return and filing of the blanks will however be extended it is believed. There are some 1000 ex-service men in Kandiyohi County. A large number of the blanks have not been returned but the committees in charge are working to have them returned within the next few weeks. A thirty day extension may be secured as the headquarters in the Cities are being kept sufficient busy with the blanks already in to allow an extension.

COULD NOT BE PRESENT

Mrs. L. M. Spencer received a telegram in care of the American Legion Auxiliary at Ortonville last Monday while at the convention from Edith Irwin Hobart, who is the National President, stating that she could not be present. The telegram read "Sincerely regret that I cannot attend your meeting; am attending August convention."

BACK FROM NORTH DAKOTA

Olaus Anderson and daughter Mrs. S. H. Johnson and son, Alma Lucken and Oswald Knutson of this city and Mary Johnson of Maynard, returned Saturday from a two weeks auto trip to Warner, N. D.

BACK FROM CANADA

Miss Martina Berg returned this afternoon from a couple of weeks trip to Spangler, Canada, where she visited her sister, Mrs. Barney.

Something impossible.
Reggie—Doubtless I shall marry, y' know, but I shall take jolly good care not to marry a woman who knows more than I do.
Miss Bright—You are very romantic.
Reggie—It seems to me I'm very practical.
Miss Bright—Not at all. You have your mind fixed upon an impossible ideal.

FROM HAWARDEN, IOWA

Mr. and Mrs. Edward Olson and daughter Mabel and son Walter of Hawarden, Iowa, are at the present time visiting at the home of Mr. and Mrs. Lawrence Anderson in Lake Lillian. They are making a tour through the country and are camping at different places. They are visiting relatives at different points of their tour. On Sunday they were guests at the home of Mr. and Mrs. Albert Rodelius. They will visit in this community for a few days before leaving for Glenwood and spending some time camping on the shore of Lake Minnewaska. They will also visit at the home of Mr. and Mrs. Victor Anderson at Glenwood, the latter being relatives of Mr. Olson. Mr. and Mrs. Olson and family are not certain just when they will return to their home in Iowa.

FOUR WEEKS VACATION

Rev. Nicolay Nilson of the Lutheran Free church left today for Lake Minnetonka and Duluth for a four weeks vacation. He was accompanied by his daughter Lucille. Mrs. Nilson and daughter Doris have been at Lake Minnetonka since Thursday. Rev. Nilson will stay at the lake for several days and then go to Duluth where he will visit at his parental home for several weeks.

The pulpit in the local congregation will be occupied by Knute Koster of Spicer, Peter Fostervold and K. T. Rykken. Mr. Rykken will deliver the sermon next Sunday.

ATTENDED FUNERAL

John McNelis of De Graff, father of Mrs. P. H. Kelly, of this city, passed away last Wednesday evening at 7 o'clock at his home. He was 72 years old. The deceased leaves to mourn his death his wife and six children. All the children were present at the death of their father. The funeral took place at the Catholic church at De Graff last Friday morning.

BACK FROM MOTOR TRIP

Joseph Broberg and family returned Tuesday afternoon from a couple of weeks motor trip to the southern part of the state. They visited Windom, St. James, Blue Earth and other cities including Minneapolis and St. Paul. Mr. Broberg reports fine roads and states that the crops are excellent.
