## THE WONDERFUL ASTONISHING KEROGAS OIL BURNER

## FOR COOKING, HEATING AND BAKING

A marvelous New Invention that takes the place of coal or wood. Fits into any cooking or heating stove in five minutes. Burns with a terrific hydro-carbon heat. Uses common kerosene, or coal oil, the cheapest fuel known. Can be installed and operated by any one. Requires no plumbing or pipe-fitting. No holes to bore in stove.

## SAFE, SURE AND ECONOMICAL

No more lugging in coal and wood. No more sweeping up and carrying out ashes—no more dirty kitchens and living rooms, smoky walls and gritty carpets. Think what a blessing the Kero Gas oil burner will be to the thousands upon thousands of people all over this country who are slaves to coal and wood, helpless against the high price of coal and hard work.

We have tried this device in our home for a month, had no trouble with it, and consider it the best fire we ever had in the range. Will be glad to demonstrate it to anyone. We invite you to call and see it in operation. Will place one on trial for any reasonable length of time.
