OTHERS OPINION IN THE TRIBUNE

Tribune Will Welcome Brief Letters For Publication in Special Department

Sentiment in Willmar and the county are often strongly divided on questions of the day. That is to be expected. It is true that on any question you will find one body of citizens of one opinion, another group of an opposite view while even a third set place themselves between the first two. There are always at least two sides to a question. And these are the opinions the public desires to hear if they are given print. This fact has caused the Tribune to offer to its readers the use of a new department with the caption "Opinions of Others." This department will be found in this week's issue of the Tribune.

Last week the Tribune published an item of the nature mentioned. It was signed by a citizen and discussed some phase of a railroad question. A request of this kind made by a citizen that his opinion be given publication will not be denied him. Pro or con the opinion should and will be given publication. This is a courtesy that should be extended by a newspaper. The more the community feels that the newspaper is its mouthpiece, the more and better the newspaper serves that community.

This new department can be made a very interesting one. We would like to have our citizens make constant use of it. Opinions respectfully expressed whether for one side or the other are enjoyable to read and will be read by all. The only restriction is the length of the opinion. They should be written to the point, and not over 500 words if possible. Address all letters to the Editor, Willmar Tribune, Willmar, Minnesota. Care should be taken to write clearly so that no mistakes will be made in publication. Typewritten articles will be preferred. No anonymous letters will be published. Preferably the name or initial of the writer should be appended to the letter, but if requested, we will withhold name if signed to article as evidence of good faith to editor.

ANNUAL BAZAAR
The annual bazaar held at the Priam schoolhouse by the Priam Ladies Aid was a success in every way. \$130 was realized for the benefit of the Bethesda Orphans Home. The ladies give a bazaar every year for the home. Mrs. J. W. Larson, Mr. W. H. Chard and Mrs. Clarence Rambow were the winners of the quilts. Clarence Jenson also won a big box of candy.

Fast Travelers in Air.
The swallows are very graceful birds and are exceedingly swift fliers. They feed on insects which they catch on the wing. There are five native swallows which are common—the tree or cliff, the barn, the bank, the tree swallow and the purple martin.

Powdered Heroine.
From a Story—"A smile crept over her face." Probably the smile realized that if it went any faster it would kick up too much dust.

Acid-Proof Corks.
Corks steeped in vaseline are a fine substitute for glass stoppers. Neither acids nor anything else will affect them, and even chemical fumes do not eat them.
