Philadelphia Fire
Fanned by a Strong Breeze
Flames Leap From Build-
ing to Building.
FIREMEN OVERCOME BY HEAT
Loss in Two Hours Was
About Half a Million
Dollars.

PHILADELPHIA, Aug. 13.—One of the
fiercest fires that has visited this city
for some time originated at 8:30 a. m.
in the rear of the paper box factory of
Brown, Bailey & Brown, at 412
Franklin street. The building was five
stories in height and extended through
to Eighth street. It is a complete loss.
The factory was completely surrounded
by small dwellings. The flames leaped
across Willow street to the dwellings
on the south side of that thoroughfare
and rapidly ate its way through to Cal-
low Hill street, one block south. The
dwellings, 410, 414, 416, 418, 420, 422
and 424 Franklin street, were quickly
destroyed. A strong breeze from the
northwest is fanning the flames.
It is reported that three employees
were burned to death in the box fac-
tory, but this cannot be verified. In the
rear of Brown's factory and facing
on Eighth street, was Buck & Co.'s
big gas fixture and chandelier factory.
This firm carried a big stock and the
loss will be heavy. Yeager & Davis'
big coal yard on the southeast corner
of Eighth and Willow streets is also
burning. Several firemen, who were
overcome by the heat, were removed to
the hospital. The loss at the end of
two hours was about \$500,000.

STATISTICS OF CLAY WORKING.
Some Interesting Figures Given Out by
the Geological Survey.
WASHINGTON, Aug. 13.—The statis-
tics of the clay working industries of
the United States are reviewed in the
report of the geological survey. It is
the first time that this subject has been
considered in an annual survey report.
A list of over 14,000 has been procured
and information obtained from nearly
all of them.
The total value of the clay products of
the United States in 1894, excluding
pottery, was over \$65,000,000. The
only comparison that can be made is
with the census of 1890, which placed
the value at \$67,000,000.
Ohio stands at the head of the states
in clay manufacture, its products be-
ing valued at \$10,668,000, or over 16
percent of the product of the whole
country. The other states follow
in this order: Illinois, 13 per
cent; Pennsylvania, 11 per cent;
New York, 8 per cent; New Jersey, 6
per cent; Indiana, 5 per cent; Missouri
and Iowa, 4 per cent; Massachusetts
and Michigan, 3 1/2 per cent; Maryland,
Wisconsin and Minnesota, 2 per cent.

Discussing asphaltum, the review
says that the largest deposits are found
in California, Oklahoma, Texas and
Montana. It is also found in Ken-
tucky and Ohio. That from Okla-
homa is the purest in the world, the
total product of 1894 being valued at
\$353,000.

Kick on Cutting Up Their Comrade.
CHICAGO, Aug. 13.—All Chinatown
is worked up over the death of Gee
Seng at the county hospital, and the
announcement that it will be neces-
sary for the coroner to hold a post mor-
tem examination before the body can
be buried. Prominent Chinamen say
that if the post mortem is held it will
forever debar the dead man from asso-
ciating with his fellow men in the next
world, and they propose to invoke the
aid of the Chinese consul at San Fran-
cisco to stop the operation.

Around the World on Bikes.
OAKLAND, Cal., Aug. 13.—George T.
Lohrer and T. F. Cornell have left for
a trip around the world on their
wheels. They will go direct to Port-
land, Or., and thence by way of Min-
neapolis to New York, where they be-
gin their journey across the European
continent. They expect to be absent
about two years, and to return to Oak-
land from the West.

Embezzler Sued in Jail.
CLEVELAND, Aug. 13.—George W.
Leehner, for several years bookkeeper
at the city workhouse, was arrested
Sunday morning on the charge of em-
bezzlement of the city money. At 7
in the evening he was found dead in his
cell at the central police station under
circumstances which indicated suicide.
The shortage was about \$4,000.

Morris Will Have Races.
MORRIS, Minn., Aug. 13.—At a meet-
ing of the Morris Driving Park asso-
ciation it was decided to hold the fall
race meeting on Sept. 26-28. Two
thousand dollars will be offered in
purses, and entries will close on Sept.
11.

Jumped From the Window.
WASHINGTON, Aug. 13.—Alice Jew-
ell, 25 years old, who was stopping
with her father and mother at the
Windsor hotel, committed suicide by
throwing herself from a third-story
window in the courtyard of the hotel.
She was instantly killed. Miss Jewell
had been insane for some time.

An Episode of the Past.
WASHINGTON, Aug. 13.—At the war
department the Bannock Indian scare
is considered an episode of the past.
General Vincent said that nothing fur-
ther was expected from General Cop-
pinger until the final report was re-
ceived.

Fur Factory Burned.
ST. PAUL, Aug. 13.—A passing loco-
motive on the Great Western road, it
is thought, set fire to the roof of A. T.
Rosen's fur factory at South Park, the
building burning to the ground with
all its contents, making a total loss of
\$30,000.

THE DEAL DROPPED.
Said the Hill-Adams Combine Will Soon
Be Officially Declared Off.
MINNEAPOLIS, Aug. 13.—A Tacoma
special to the Tribune says: It is stat-
ed here in Northern Pacific circles that
the Hill-Adams plan to reorganize the
Northern Pacific is positively off, and
that an authoritative statement to that
effect will be made in New York very
soon. High officials say the present
earnings are sufficient to meet the in-
terest on the first, second and third
mortgage bonds, and that if the earn-
ings continue to increase at the present
rate they will be sufficient within a
year to pay the interest on the entire
present bonded indebtedness. This fact,
they say, has been fully explained to
J. Pierpont Morgan and Mr. Adams,
with the result that their views have
undergone a change. It is understood
that Morgan approved the first plan,
which had to be dropped. He has
since expressed a willingness to join in
a similar plan if it could be devised,
but has not committed himself to the
"third company" project as it stands.
It is believed that within two weeks
Hill's plan will be finally rejected and
steps taken to form an independent re-
organization.

The road is now earning money at
the rate of \$8,000,000 net per year,
while between \$8,000,000 and \$9,000,000
would pay the interest on the entire
bonded debt.
Northern Pacific men claim to be-
lieve that Hill's chief object is to get
possession of the Northern Pacific's
splendid coast terminal system, which
he could not duplicate, they say, for
less than \$8,000,000 to \$10,000,000.

THE COLUMBIA'S RECORD.
Said the Navy Department Will Try to
Break It with the Olympia.
SAN FRANCISCO, Aug. 13.—The navy
department has evidently determined
to ascertain if the Columbia is the
fastest of American warships and has
assigned the honor of competition to
the cruiser Olympia. The Olympia
will soon go to join the Asiatic squad-
ron and the department has ordered
that she shall try to make an ocean
record as far as Honolulu, at least, and
possibly across the Pacific. Local na-
val officers interpret the order to mean
that the government wishes to break
the world's record made by the Colum-
bia recently, with an average speed of
over 18 knots an hour, which was made
from Southampton to New York.
"We believe sincerely that we shall
beat the record of the Columbia," said
one of the officers of the Olympia.
"The distance is 1,200 miles, and we
ought to make it in four and one-half
days."

Will Be No Race.
WASHINGTON, Aug. 13.—The Olympia
will leave San Francisco about the mid-
dle of this week, by way of Honolulu,
to the Asiatic squadron to relieve the
Baltimore as flagship of the station. It
is stated at the department that there
have been no orders given to the Olym-
pia to make a rapid trip across the Pa-
cific or even a part of the way, and it
is probable that the report originated
in the talk of the officers who assert
that the Olympia is as fast as the Co-
lumbia. At the navy department it is
stated that the Olympia is to remain on
the Asiatic station for three years and
that the department would not risk an
injury to her by sending her at full
speed across the Pacific.

MAKE THE DESERT BLOOM.
Scheme to Turn the Colorado River Into
the Salton Basin.
SAN FRANCISCO, Aug. 13.—A local
paper says a number of Eastern cap-
italists are in the city at work on a
scheme to reclaim the Colorado desert
by turning the waters of the Colorado
river over the territory. As outlined,
the plan comprehends the development
of the greatest irrigating system in the
western hemisphere. As an indication
of the good faith of the promoters, they
are said to have handed the Southern
Pacific a check for \$1,500,000 in return
for its title to the alternate sections of
land in the Salton basin. The land
turned over amounted to about 600,000
acres. Principally Eastern capitalists
are behind the scheme. John C. Beaty
is the general manager of the com-
pany. Interested with Mr. Beatty in
the enterprise are such men as James
Linton and Henry A. Pierce of Prov-
idence, R. I., and P. J. McLean of
New York.

Carried a Red Flag.
PITTSBURGH, Aug. 13.—One hundred
Italian laborers, formerly employed by
Booth and Flynn on street improve-
ments, but who are now on a strike
for an advance of 15 cents per day, at-
tacked a party of workmen on Squirrel
Hill. The workmen made a strong re-
sistance, and several were injured in
both crowds, but none fatally. The
police charged the mob, and captured
21 of the rioters, who had marched into
the melee under a red flag.

Trying to Get Bergman Out.
PITTSBURGH, Aug. 13.—Emma Des-
mond of New York, an anarchist of
international notoriety, is in this local-
ity. The main object of her visit, as
far as could be learned, was to help a
movement to secure the pardon of
Alexander Bergman, now serving a
term in the Western penitentiary for
the attempted murder of H. C. Frick.

Mobilizing Spain's Reserve.
MADRID, Aug. 13.—The mobilizing of
the army reserve continues, in some
cases against the will of the reservists.
At Matara near Barcelona, for instance,
the reservists refused to march when
called upon to do so, until the gen-
darmes fired in the air and thus en-
forced discipline.

Ezeta's Latest Proclamation.
SAN FRANCISCO, Aug. 13.—General
Antonio Ezeta has issued another pro-
clamation to the citizens of San Sal-
vador in which he says he will soon re-
turn to the country to lead a revolt
against the government. The army is
discontented, he says, and will wel-
come him back as its leader.

The Discovery Saved His Life.
Mr. G. Caillouette, Druggist, Beavers-
ville, Ill., says: "To Dr. King's New Dis-
covery I owe my life. Was taken with
La Grippe and tried all the physicians
for miles about, but of no avail and was
given up and told I could not live. Hav-
ing Dr. King's New Discovery in my
store I sent for a bottle and began its
use and from the first dose began to get
better, and after using three bottles was
up and about again. It is worth its
weight in gold. I will keep house or
store without it." Get a free trial at O.
M. Olson's Drug Store. 2

NEEDED NO LAWYER.
Because He Did Not Want to Take Ad-
vantage of the State.
Judge Jim Griggs was reminded of a
story by the passing of an electric car
and began:
"One of the funniest things that ever
happened during my connection with
the Georgia judiciary was when I was
first elected solicitor.
"The demands of my position fre-
quently put me in the attitude of prose-
cuting a friend. It was hard, but I did
it.
"An ex-sheriff of a county in my cir-
cuit—a fellow that I had known and
liked for a long while—was prosecuted
for making away with some money. It
was an ugly charge. The evidence was
conclusive against him.
"When I went down to court, he came
staggering into my room about two-
thirds drunk. 'Jim,' he said, 'these in-
fernal soundtracks are trying to prosecute
me—perfect outrage. I told 'em just
wait till I saw Jim Griggs, and we'd
fix it—I told 'em we'd let 'em know
who to prosecute. And we will. Won't
we, Jim?'

"I looked at him very gravely, and
said: 'Tom, I've got a dead case against
you, I'm going to prosecute you, convict
you and send you to the penitentiary.
You are guilty. You got the money, and
I've got the evidence to prove it.'
"He looked at me in perfect amaze-
ment. He was dumfounded. He said I
didn't mean it. I told him I did. He
straightened himself up and marched
out without a word.
"His case was the first one called af-
ter dinner. The judge asked him if he
had any counsel. He said no and didn't
want any. He spoke in a half drunken
fashion. 'But,' said the judge, 'you are
charged here with a serious offense, and
if you have no money to employ a law-
yer I'll appoint one for you.'
"The defendant didn't like it. He
arose with difficulty. He steadied him-
self against a table, and speaking in a
maudlin fashion said:
" 'Yer honor, I said I don't want no
counsel, and I don't want none. I meant
what I said. I don't want—hic—take
no 'vantage of ze state. State ain't got
no counsel—what der I want know
any?'—Atlanta Constitution.

Choosing a Wife.
The plainest features become hand-
some unawares when associated only
with kind feelings, and the loveliest
face disagreeable when linked with ill
humor or caprice. People should re-
member this when they are selecting a
face which they are to see every morn-
ing across the breakfast table for the
remainder of their lives.—N. P. Willis.

Sergeant O'Keefe, who spent five years
in the observatory on Pike's peak, says
that the lowest temperature observed
was 50 degrees below zero, the highest
62 degrees above.

Some men do as much begrudge oth-
ers a good name as they want one them-
selves, and perhaps that is the reason of
it.—Penn.

Cure for Headache.
As a remedy for all forms of headache
Electric Bitters has proved to be the very
best. It effects a permanent cure and
the most dreaded habitual sick headache
yields to its influence. We urge all who
are afflicted to procure a bottle, and give
this remedy a fair trial. In cases of hab-
itual constipation Electric Bitters cures
by giving the needed tone to the bowels,
and few cases long resist the use of this
medicine. Try it once. Large bottles
only Fifty cents at O. M. Olson's Drug
Store. 2

Klauser's
SURE
PILE CURE.
