stockholders is \$2,000.00.

GEO. C. SCHMIDT,

Contractor & Builder

Prompt attention paid
to all orders. Leave
same at postoffice in
New Ulm.

W. L. DOUGLAS \$3 SHOE

Because we are the largest manufacturers of
advertisements in the world, and guarantee
the value by stamping the name and price on
the bottom, which protects you against high
prices and the middleman's profits. Our shoes
equal custom work in style, easy fitting and
wearing qualities. We have them sold every-
where at lower prices for the value given than
any other make. Take no substitutes. If your
dealer cannot supply you, we can. Sold by

H. Lohayl Agent.

BLACKSMITHING HORSESHOEING

We guarantee to do both in a satisfac-
tory manner. If you have a lame or in-
terfering horse, give us a call. Experi-
enced workmanship at what we claim to be
able to give you.

everything made by this celebrated healer

YIELD OF WHEAT

The Crop of the Entire Country
Will Average 12.6 Bushels
Per Acre.

Estimate of the Orange Judd
Farmer--Total of 459,589,
000 Bushels.

Some of the Crop Too Poor for
Commercial Channels--Oat
Crop Phenomenal.

CHICAGO, Oct. 1.—The October crop
report of the Orange Judd Farmer, bas-
ing its estimate upon county returns
and threshing results, estimates the
rate of yield of wheat at 12.6 bushels,
and the total crop at 459,589,000 bushels,
divided into 260,000,000 winter and 199,
000,000 spring. Threshing shows the
winter wheat yields larger than were
expected, but the quality is poor, and a
considerable part of the crop will never
enter commercial channels. The yield
of oats is phenomenal, exceeding all ex-
pectations, and making new records in
Iowa and the Northwest. The measure
from the machine has been a constant
surprise since threshing began. The
crop is estimated at 904,000,000 bushels
or 210,000,000 bushels larger than last
year, with 80 bushels to the acre. Iowa alone
has over 300,000,000, with nearly 47
bushels to the acre. Quality is not in
keeping with the size of the crop, much
grain being stained. Condition of corn
Oct. 1, 92.5, a high average. It is ma-
tured, safe from frost, and drying rap-
idly. There is every indication of a rate
of yield larger than has been antici-
pated, necessitating a final upward re-
vision of all estimates of the crop.

BARN BURNERS AT WORK.

Three Stables and Twenty-one Horses
Destroyed at Mankato.

MANKATO, Minn., Oct. 1.—Three
barns were set on fire during the night,
in which 21 horses were burned. The
Washington House barn was first set.
A few blocks west a barn belonging to
the R. F. Jones estate, and further west
the Minneopa House barn, in which
were 18 horses, was fired. The Wash-
ington House barn burned nearly to the
ground, with three horses, two of which
were pacers belonging to J. J. Gould.
One thousand dollars insurance was on
this. The Minneopa House barn be-
longed to Dr. Warner and was recently
bought by him. Eighteen horses were
here burned, belonging mostly to farm-
ers. It is thought the barns were all
fired by the same person.

The fourth alarm was turned in about
midnight. The department responded
immediately to find a small blaze in a
pile of straw in the barn belonging to
Mrs. Addie Rice at 909 South Front
street. It was quickly put out by the
department. The people are very much
excited and will make it warm for the
firebug, if he can be discovered.

Many Cases of Typhoid.

SANDSTONE, Minn., Oct. 1.—Citi-
zens of Sandstone are anxiously wait-
ing for cold weather to put a check on the
spread of typhoid fever. There are at
present over 20 cases in the city limits.
A complaint was recently made to the
board of health about the impure water
and the authorities will shortly look
into the matter. The water company
will be compelled to live up to its con-
tract to furnish spring water instead of
the river water now being used.

No Porkers at the Fair.

WINNEBAGO CITY, Minn., Oct. 1.—
Dr. J. P. Humes, president of the Fari-
bault County Agricultural and Joint
Stock society, has issued notice that no
swine will be on exhibition at the fair
this week. The prevalence of hog chol-
era in the southern part of the county
makes this precaution advisable. Several
farmers have lost large herds, and the
plague is still spreading.

Game Not Plentiful.

MITCHELL, S. D., Oct. 1.—For the
first time in the history of this state
there is a scarcity of all kinds of game,
the jack excepted. The chicken season
was almost a total failure, and the
ducks and geese promise even less.
Sportsmen from the East, who generally
spend a week or two in this neighbor-
hood shooting every fall, will be disap-
pointed to learn this. The continued
drought is given as the cause.

State of New York Safe.

CLEVELAND, Oct. 1.—A telegram
was received at the office of the Cleve-
land and Buffalo Steamship company,
saying that the steamer State of New
York, for the safety of which much anxi-
ety was felt, is lying under Long Point.
She took refuge there to escape the big
storm prevailing.

The News Is Indignant.

LONDON, Oct. 1.—The Evening News
expresses itself editorially as being in-
dignant at the fact that Mr. Almeric
Hugh Paget, an attaché of the British
legation at Washington, has ordered a
two and a half rater, 27 feet long, and
having a fin of Tobin bronze, from the
Herreshoffs.

Killing Frosts Prevailed.

CHICAGO, Oct. 1.—Blighting frosts
swept over Wisconsin, Northern Illinois
and portions of Western Michigan dur-
ing the night. Fruit growers and cel-
ery pickers in these regions were warned
24 hours in advance, but it is impos-
sible that they were able fully to protect
themselves.

Shot in a Drunken Row.

CASTLEWOOD, S. D., Sept. 30.—James
Hutchinson was shot and seriously in-
jured by Jerry Nevenheim during a
drunken row here. The assassin has
not been apprehended yet, he having
departed for parts unknown.

THE MONROE DOCTRINE.

Talk of an Alliance Between South
American Republics.

WASHINGTON, Oct. 1.—A number of
diplomats resident in Washington are
talking with considerable interest on the
subject of an international agree-
ment between the republics of America
for mutual protection against the ag-
gressions of European nations.

The Monroe doctrine is no longer a
principle of the United States alone.
For all practical purposes relating solely
to the interests of this country within
her own territory, the Monroe doctrine
is of less importance than it is to every
other republic on the continent. Ser-
ious aggression on the territory of
the United States is hardly to be
contemplated as likely to come from
any European government, because
those nations realize that they would
have too formidable a people to deal
with. But among the republics of Cen-
tral and South America there is a con-
stant dread of unjust treatment and un-
fair seizure of their territory by nations
of Europe. For this reason the Monroe
doctrine appeals to public sentiment
south of Mexico to a far greater degree
than it does north of it, where the doc-
trine is looked upon as a principle sure
to bring trouble when its violation has
become general.

England Helping Along.

The Venezuelan question, in which
the encroachments of Great Britain are
being experienced to an alarming de-
gree, is perhaps the most important vi-
olation of the Monroe doctrine that is
now pending. The British occupation
of Trinidad has been considered by all
the nations of Central and South Amer-
ica as an instance of foreign aggression
likely to be experienced by any of them.
The question between Great Britain and
Brazil in the case of British Guiana is
adding fuel to the flames of popular
alarm, and British occupation of the
Falkland islands is pointed to as an in-
stance of how might makes right. The
Argentine government still chafes over
Great Britain's act in seizing the Falk-
land islands, and the little government
of Nicaragua feels injured by the man-
ner of Great Britain in collecting the
\$75,000 damages assessed.

No government has yet taken any
official action looking to the realization
of this alliance, but the people of all the
governments are ready to discuss such a
proposition and diplomats are quietly
talking about the form it should take,
and the best time to bring it about. It
may be that this question will have
reached the stage for public discussion
before the next session of congress ad-
journs. It is not likely that the United
States will take any leading part in the
movement, though the popularity of the
Monroe doctrine here and the necessity
for its immediate enforcement, would
assure the proposition of a serious hear-
ing.

CAUSED SOME EXCITEMENT.

Girl Said to Have Been Detained at the
House of the Good Shepherd at St. Paul.

ST. PAUL, Oct. 1.—Some excitement
was caused here by the fact that Abbie
Thompson, a 16-year-old girl, is de-
tained in the House of the Good Shep-
herd, having been arrested, it is alleged,
without a warrant. She is under the
guardianship of her uncle, William
Thompson, and is heir to considerable
property. She has lately refused to live
with her uncle and he claims she is in-
corrigible, but this her friends deny. A
writ of habeas corpus has been issued in
the case, returnable on Monday. The
girl is a Presbyterian.

FREE BAPTISTS.

The Triennial Conference in Session at
Winnebago City.

WINNEBAGO CITY, Minn., Oct. 1.—
The triennial conference of the Free
Baptist church of the United States is
in session here with many prominent
preachers of the order in attendance.
As this is the first meeting of the gen-
eral conference in the far West, the
Western missionary work will be made
one of the leading topics of discussion,
and plans will be proposed for extend-
ing and perfecting the organization of
that work.

ANOTHER ORIENTAL LINE.

Japanese Syndicate to Run Steamers on
the Pacific.

SEATTLE, Wash., Oct. 1.—A Jap-
anese syndicate is soon to put on a
steamship line between Japan and some
point on the North Pacific coast, and
Seattle is making a strong effort to have
the American terminus of the line lo-
cated here. The Japanese diet will in
October next consider a subsidy bill,
which has for its object the extension of
navigation to foreign countries.

Catholic Priest Excommunicated.

CHICAGO, Oct. 1.—An order from
Archbishop Feehan excommunicating
Rev. Anthony Kozlowski from the
Roman Catholic church was promul-
gated in all the Polish and Bohemian
churches in this archdiocese Sunday.
The order of excommunication recites
the offending priest's violation of church
discipline by contumacy and schism.

Weakened and Confessed.

ST. PAUL, Oct. 1.—John Mullen, the
19-year-old boy who was being held at
the Central station to await identifica-
tion as the person who assaulted and
robbed Farmer Paulson near Dazey, N.
D., 10 days ago, weakened and con-
fessed. He was taken to Valley City.

The St. Paul Afloat.

PHILADELPHIA, Oct. 1.—The big
American line steamer St. Paul of the
International Navigation company left
Cramps' shipyard during the morning
for her government trial off the New
England coast. As the vessel passed
down the river, everything afloat sa-
luted her.

Strike at Janesville.

JANESVILLE, Wis., Oct. 1.—About
100 employees of the shoe factory of
Marcel, Huff & Co. struck on ac-
count of the introduction of a new last
for which they expected to get extra
pay, which, however, was refused
them.

Battle AX PLUG

The largest piece
of GOOD TOBACCO
ever sold for
10 CENTS

D. W. Fuller, of Canajoharie, N. Y.,
says that he always keeps Dr. King's New
Discovery in the house and his family
has always found the very best results
from its use; that he would not be without
it, if procurable. G. A. Dykeman, Drug-
gist, Catskill, N. Y., says that Dr. King's
New Discovery is undoubtedly the best
Cough remedy; that he has used it in his
family for eight years, and it has never
failed to do all that is claimed for it.
Why not try a remedy so long tried and
tested. Trial bottles free at O. M. Olsen's
Drug Store. Regular size 50 c. and 1.00

THE CHICAGO DISPENSARIES

(ASSOCIATED.)
Organized with a complete staff of able
Specialists for the treatment of Chronic Diseases
and Surgical Cases. Offices, 189 West Madison
Street and 4401 State Street, Chicago.

Our representatives, Dr. N. DYKEMAN and
assistant consulting physician, are graduates
of leading colleges of the world and licen-
tiated in sixteen States. They have devoted their
years of practice to the treatment of Diseases
of the Eye and Ear, Surgical Diseases and De-
fects of the Throat, Chest and Lung, Bron-
chitis, Asthma, Stomach, Kidney and Heart Dis-
eases, Rheumatism, Neuralgia, Epilepsy, Pa-
ralysis, Flatula, Rupture (Hernia), etc.

They will visit this city monthly and give
free consultation in English or German to all
who call on them. Their date of arrival will
be announced in this paper at least one week
before their visit.

Piles cured by the new Medall method with-
out operation or detention from business.
Treatment sent to any part of United States.
Representatives—Trux, Green & Co., Fuller &
Fuller, and Morrison, Plummer & Co., whole-
sale druggists.

Address all communications to CHICAGO
DISPENSARY, 189 West Madison Street, Chi-
cago, or Minnesota branch office, care Dr. N.
DYKEMAN, Rinearth City, Minn.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., wa-
troubled with Neuralgia and Rheumatism
his Stomach was disordered, his Liver
was affected to an alarming degree, ap-
petite fell away, and was terribly reduced
in flesh and strength. Three bottles of
Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill.,
had a running sore on his leg of eight
years' standing. Used three bottles of
Electric Bitters and seven boxes of Buck-
len's Arnica Salve, and his leg is sound
and well. John Speaker, Catawba, O.,
had five large Fever sores on his leg,
doctors said he was incurable. One
bottle Electric Bitters and one box
Bucklen's Arnica Salve cured him entire-
ly. Sold by O. M. Olsen's Drug Store. 8
