F. H. BEHNKE
LEADING GROCER.

The light in the window, after midnight but too frequently tells the old, old story of approaching motherhood for some ill-prepared women.

All too often death lurks on the doorstep. This is a story that would seldom be told if women would but properly prepare themselves for the duties of motherhood. If a woman will take the right care of the organs that make motherhood possible, approaching maternity will have no fears for her. Nature intended that all women should bear children, and did not mean that this duty should be a cruel torture. Woman's own ignorance and neglect have made it so.

All weakness and disease of woman's reproductive organism are cured by Doctor Pierce's Favorite Prescription. It acts directly upon these organs. It makes them strong and healthy. It prepares them for approaching maternity. It allays the discomforts of the expectant period. It makes baby's coming easy and comparatively painless, and insures the health of the child. All good druggists sell it.

"I have had three miscarriages," writes Mrs. J. L. Shaffer, of Ney, Sully Co., S. Dakota. "Last Spring I received your 'Favorite Prescription' recommended to prevent it. I took eleven bottles of it and had a bright boy and a girl, which I owe to God and your medicine."

What woman does not wish to make her family cares as light as possible, consistent with her family's well-being? The greatest care of all is the fear of sickness. It is a common saying amongst conscientious mothers: "As long as the children are well, I don't mind anything else." For these mothers Dr. Pierce's Common Sense Medical Adviser would prove the shadow of a great rock in a weary land. This book of 1,008 pages, profusely illustrated, gives plain talks and kindly sensible medical advice. It is peculiarly valuable for mothers of young daughters. More than a half a million copies of this book have been sold for \$1.50 each. Now there is an enormous edition to be given away. Send 21 one-cent stamps, to cover cost of mailing only, for a copy in paper cover. For cloth binding, send 31 one-cent stamps. World's Dispensary Medical Association, Buffalo, N. Y.

GOLDEN RULE

The Bargain DRY GOODS STORE.

In low prices we lead while others in a way try to follow.

One call will convince you that we sell the best goods for the least money. The pioneer stores admit that we are whipping them into line by means of our low prices. They acknowledge this by attacking us maliciously and by circulating false reports. They see their opportunities for satisfying their selfish greed slipping away; hence their slander. We allow no extortionist to dictate our price. Their loss in profit is your gain. You can draw your own conclusions as to the profit you would now be compelled to pay had we remained away from New Ulm.

The following quotations constitute a sample of the prices at which we are selling all our goods:

All wool dress goods, usual price \$1.00—our price, 55 cents.
All wool dress goods, usual price 50 cents—our price, 28 cents.
Dress goods, usual price 25 cents—our price, 15 cents.
