The chair made vacant by death is always a sad reminder. It is especially sad when it is mother's chair. All over this broad land there are vacant chairs that would still be occupied by healthy, happy, radiant mothers if women would but realize the importance of keeping well in a womanly way. Women cannot too soon understand that it is little less than a crime to neglect the health of the organs to which are entrusted the perpetuation of a healthy, robust race of human beings. By neglect of these organs a woman ruins her own health, destroys the happiness of her home, and fails in the performance of the most sublime duty that she owes to the world.

The best medicine for women who are weak where Nature demands the most strength is Dr. Pierce's Favorite Prescription. It acts directly upon the organs that make motherhood possible. It cures all weakness and disease that exists there and stops all distressing, debilitating drains. It prepares a woman for motherhood and insures a healthy baby. It makes the coming of baby easy and almost painless. Druggists who offer something "just as good" are either ignorant or dishonest, and in either case are not to be trusted.

"I had been a great sufferer for years with female weakness," writes Mrs. John Downie, of No. 243 Lexington Avenue, Eddystone, Delaware Co., Pa. "Could not walk three squares without terrible suffering. I also had a pain in my left side for seven years—until I used Dr. Pierce's Golden Medical Discovery, Favorite Prescription and Pleasant Pellets. My pain has left me altogether. Have had no symptoms of it at all for two years. Can walk two or three miles at a time and it does not hurt me. I cannot recommend Dr. Pierce's medicines highly enough. My daughter also has used your medicines with great benefit. She was operated upon for appendicitis and had fainting spells from it. She took the 'Golden Medical Discovery,' Favorite Prescription, 'Extract of Smart-Weed' and the 'Pleasant Pellets' and has not had any fainting spells for one year. When she commenced to take it she weighed 95 pounds now she weighs 140 pounds."

Constipation! It is the fountain-head of many diseases. It causes impure blood and all manner of disorders are the result. Dr. Pierce's Pleasant Pellets cure constipation. Promptly. Surely. Permanently. They never gripe. Druggists sell them.

A correspondent from Linden says: Haying will be finished in the southern part of the county this week. Harvest has already commenced in some places and will be in full blast next Monday. Opinions differ as to the crop, but the more conservative hold to the view that the yield will be an average one.

The New Ulm Telephone Co. have received a new switch board, and in order to put this in place several changes will have to be made at the central office. All connections will therefore be cut off next Saturday night at nine o'clock. By Monday morning it is expected that the system will again be ready for use.

A tramp stole a harness from M. Juene-mann's place last Wednesday morning and during the day sold it to a farmer. The farmer reported the matter to the city marshal, but it was not until Friday that the harness was missed by the owner. It was then returned to him, but the thief by that time had made good his departure from the city.

The Columbia Bowling Club picnic at the Fish Pond on Sunday was attended by about forty people—all of whom enjoyed themselves immensely. Music was furnished by the Rattle Snake band and a mandolin and guitar club with five members. Everybody present was, for the time being, young again, and a jollier, happier crowd we do not expect to see in a long while.

G. A. Spelbrink, as deputy district organizer, went to Milford Saturday evening to organize a branch of the Home Forum Benefit Order. The following are the officers of the new society: President, Wm. Gottlieb Hoehne was taken to the courthouse on Thursday, and, fearing that he was to be committed to St. Peter, left the building and disappeared. Search was made for him during the day but without success. Friday afternoon Adam Reuter, who was chopping wood on the island in the Minnesota river, found him hiding in the woods and immediately notified Col. Pfander. Theo. Kobaarsch and Henry Frenzel were sent for the man at once and returned with him in the evening. At that time he was in a partially unconscious condition, having remained on the island all night at the mercy of whole armies of mosquitoes. It was explained to him that no evil was intended against him and he readily consented to return to his home. Col. Pfander has been appointed as his guardian.

"What we say we do, we do."
