New Ulm Captures It.

The State Christian Endeavor Convention
Will be Held Here in 1898.

The General Desire among the Delegates
to Come to New Ulm Threw All
Other Towns Out of the
Fight.

It Means a Convention of From Six Hun-
dred to One Thousand Delegates.

New Ulm gets the state Christian En-
deavor Convention in 1898.

She captured it almost without oppo-
sition. Fergus Falls and Austin had
some thought of entering the field, but
they weren't in it with New Ulm and
quietly withdrew. When the committee,
therefore, reported Saturday morning in
favor of New Ulm, the resolution was
greeted with general enthusiasm and
adopted without a dissenting vote.

It was brought about in this way.
The local committee had sent out New
Ulm badges to all of the societies in the
state, and the idea of coming to New
Ulm took among them like wildfire.
Everybody was enthusiastic. Sinclair
of Redwood Falls virtually tucked
himself out whooping it up for New
Ulm. The Owatonna people all wore
the badges, so did the president, and the
Minneapolis contingent to a man. Among
the latter was one of the most enthusi-
astic talkers for New Ulm in the entire
convention—Attorney Walter Carroll.
He happened to be on the committee
and never failed to put in a good word
for the city whose badge he wore.

The convention in Owatonna was at-
tended by over 600 delegates besides
others who kept coming and going. The
attendance in New Ulm next year, it is
safe to say, will be even larger. The
members of the different societies of the
state have all heard of New Ulm and all
want to see it.

Sleepy Eye Dispatch of Thursday:
John Krueger was in town yesterday
with the astonishing news that some one
had attempted his life at 6 a. m. Mr.
Krueger says he was in bed at the time
and that some one shot at him from the
road. The ball, evidently from a revol-
ver, crashed through the window and
into the wall not over eight inches from
Krueger's head.

Mrs. Jos. Brandel of West Newton,
upon returning to her home from work-
ing in a cornfield last Wednesday, fell
dead on the floor just as she had entered
the house. The deceased was yet a
young woman, only thirty-four years of
age, but was the mother of seven chil-
dren, all of whom survive. The funeral
occurred from the St. George Catholic
church Friday forenoon.

Prof. Luggar, the state entomologist,
has discovered a new insect in this state,
the San Jose scale, an insect of rapid
growth and especially destructive to
fruit trees. A single female, Prof. Luggar
says, will give to the world 2,010,-
000,000 of her kind in a single year, so
that it is of the utmost importance that
they be exterminated if we expect to
raise fruit or shade trees. Prof. Luggar
is making every investigation necessary
to destroy the insect and hopes to be suc-
cessful.

trial of these nine offenders will be the
first of the kind in New Ulm and prom-
ises to occasion considerable interest.

Steinhauer will superintend the prose-
cution. The accused parties will be per-
mitted to have legal counsel if they so

Chas. Blake, one of the men who are
putting in the new machinery in the Em-
pire mill, met with a most unfortunate
accident Monday morning. While in-
specting some of the work that was be-
ing done by others, a piece of heavy
timber fell from above him and struck
him with great force over the eye. He
was wearing glasses at the time and his
eye was badly cut in consequence. He
at once consulted Dr. Fritsche, who ad-
vised him to leave immediately for Min-
neapolis. The chances are that he will
lose the eye.

for the remodeling of all of the old
buildings.

Mrs. Marie Buder, one of the oldest
women in New Ulm, if not the oldest,
died Friday morning at the advanced
age of almost ninety-five years. Mrs.
Buder had lived in New Ulm for a good
many years, but had no relatives in this
vicinity that anyone knows of. The fu-
neral occurred on Sunday.

The Sleepy Eye Herald reports a
plague among the bovines of Evan town-
ship that is causing the cattle to die off
rapidly. Several of the farmers have re-
ported the loss of from five to ten head
in a few hours. The disease, it is said,
much resembles black-leg and the ani-
mals last only a short while after it at-
tacks them.

Hugo Fischer left for Quincy Sunday
afternoon, a goodly number of friends
being present at the depot to bid him
farewell. Prior to his departure, Mr.
Fischer was pleasantly remembered by
all of his classes with valuable tokens of
regard, and when he took his leave it
was with the well-wishes of all. Mrs.
Fischer will remain here until after the

King for alleged false imprisonment.

charged.

J. Adam Bede has this to say of John
Lind: John Lind, who was the silver
candidate for governor last year and is
likely to head the same ticket in '98, has
always been a Republican, is one of the
safest of the silver leaders, is less proli-
fic in promises than the thoughtless
shooters, is a good lawyer, and deserves
to be classed with Senator Teller rather
than with the florid-faced enthusiasts,
who toil not neither do they spin, and
yet live in one way or another off the
silver cause.

Mr. Buzzell will speak at Gebser's
Hall next Sunday morning on a topic of
great interest at the present time—"Hen-
ry George, the Apostle to the Common
People." The subject affords scope for
a masterly address and we feel free to
say that Mr. Buzzell will do it scholarly
justice. The death of no other private
citizen could have occasioned more gen-
eral regret than that of Mr. George and
his many admirers in New Ulm will be
glad of an opportunity to listen to an
able and thoughtful discussion of a man
who was the very soul of self-denial and
humanitarianism.

Frank Spoerhase died on Friday of
typhoid fever, after an illness of several
weeks. The fever itself was of a mild
form, but ever since Mr. Spoerhase's ter-
rible experience on Swan Lake a couple
of years ago he has hardly been in a con-
dition to stand a prolonged siege of ill-
ness. Hemorrhages accompanied the
fever and no doubt caused his death.
Mr. Spoerhase was born in New Ulm
on the 25th of November, thirty-one
years ago. He was a cigar-maker by
trade and was always known to be thrifty
and industrious. His habits were good,
his character such as to inspire confi-
dence. In 1890 he married and a wife
and four small children survive to mourn
his sudden taking away. To them the
loss will be severe and painful, the de-
ceased having always proved a faithful
husband and father. The funeral, which
was unusually well attended, was held
Monday afternoon, Albert Steinhauer
delivering the address.

Continuing from Nov. 1st.
