DEADLOCK IS PROBABLE

House Not Likely to Concur in the Senate Recognition Resolutions.

Are Opposed by Speaker Reed and Republican Leaders on the Floor.

Considered by Some as a Direct "Assault" on the President.

WASHINGTON, April 19.—The difficult task of adjusting the differences between the two houses of congress on the Cuban resolution has begun. The rock upon which the two houses split is the recognition of the independence of the existing republic, which was incorporated in the senate resolutions. Were that clause of the senate resolutions eliminated nothing could have prevented immediate concurrence by the house, as the great majority of the Republicans of the lower branch of congress are eager for a conclusion. But the action of the senate declaring for the recognition of Cuba's independence against the direct and specific recommendation of the president has given the conservatives a rallying cry from the standpoint of party loyalty which is proving very effective. One of the most prominent Republican leaders on the floor of the house denominated that portion of

The Senate Resolutions a direct "assault" upon the president which no loyal Republican could endorse. Upon this theory Speaker Reed and his lieutenants have been proceeding in their campaign against concurrence in the senate resolutions and they are confident that the Republicans of the house can be marshalled against yielding to the senate on the main issue. Those who are in favor of concurrence in the senate amendment are not particularly active but some of them are showing determination. At one time during the day it was said that 33 Republicans had agreed to vote for concurrence but this could not be confirmed and the conservatives are confident that not half that number will break over the traces.

WORKING ON THE ST. PAUL. Will Be Transformed Into a Warship in Fifteen Days.

PHILADELPHIA, April 19.—The American line steamer St. Paul has arrived at Cramps' shipyard and the work of transforming her into an auxiliary cruiser will begin in a day or two. It is estimated that this work will require about 15 days, and will amount to an almost entire reconstruction of her interior. A large portion of her bulkheads will be removed as well as the superfluous deck structures, in order to place the batteries. Her armament will consist of two 6-inch guns and 10 12-inch rapid-fire guns for the main battery and 12 3-pounders for the secondary battery. From present indications there will be no more armor placed on the vessel, as she now has plates as heavy as the small cruisers in the navy.

FEEDING THE ARMY.

That Duty Will Soon Devolve Upon the Department of the Gulf.
ATLANTA, Ga., April 19.—The feeding of the Army soon to be brought to the South, will evidently devolve upon the Department of the Gulf. Major Dravo, chief commissary officer of the department, is already arranging for a purchasing station here, and Captain Traverse, his purchasing agent, began to provide provisions for the 20,000 troops. He visited 15 bakeries in Atlanta and arranged to get 100,000 loaves of bread per day, if that quantity should be needed. Colonel Simpson, quartermaster of the Department of the Gulf has arranged for the rent of a large tract of land near Fort McPherson for the use of all troops which may be stopped in Atlanta. The government will pay \$100 per month for the rent of this land.

HIS MISSION ENDED.

Archbishop Ireland Thinks He Can Do No More for Peace.
WASHINGTON, April 19.—Archbishop Ireland left on the midnight train for New York, accompanied by Professor Pace of the Catholic university.

Archbishop Ireland Thinks He Can Do No More for Peace.

WASHINGTON, April 19.—Archbishop Ireland left on the midnight train for New York, accompanied by Professor Pace of the Catholic university.

Mgr. Ireland will have several conferences with men in New York, who are in touch with affairs, but he is convinced that any further efforts to induce the United States to postpone action would be in vain.

BARCELONA BOUND WEST.

Another Spanish Warship Now Headed This Way.
LONDON, April 19.—The Spanish warship Barcelona passed Dover at 1:35 a. m. bound west.

Watching Spanish Movements.

LONDON, April 19.—Cable dispatches were received during the day directing all American diplomatic and consular officers to watch for movements of Spanish war craft in British waters and to report any such movement to Washington immediately.

Carried Guns and Ammunition.

LIVERPOOL, April 19.—The White Star liner Bovic, for New York, had on board a large consignment of Lee-Metford rifles, 10 Maxim guns, 50 Krupp quick-firing guns and 300 tons of ammunition.

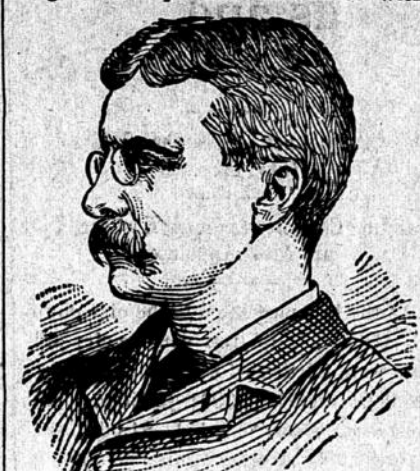

New York Sailed Under Urgent Orders.

SOUTHAMPTON, April 19.—The steamship New York has sailed for America under urgent orders from Washington, having been chartered by the government.

ROOSEVELT WOULD FIGHT.

Will Resign From the Navy Department for an Army Position.

WASHINGTON, April 19.—Hon. Theodore Roosevelt will probably resign his office as assistant secretary of the navy in case of hostilities with Spain, to accept a commission for active service in the army. Nothing definite has yet been decided upon as to what assignment he will accept, but it is believed he would prefer to serve with the New York state troops. From the beginning of the present difficulties with

THEODORE ROOSEVELT.

Spain Mr. Roosevelt has been prominent among those who believe that war is the only solution of the problem, and since the disaster to the Maine his advice to the president and the members of the cabinet has uniformly been for immediate action against the Spaniards with the full power of the army and navy.

MAJORITY FOR RECOGNITION

Insurgents Have Many Friends in the Senate.

FINAL VOTE WAS 67 TO 21

Nineteen Republicans and Two Democrats Opposed to the Resolutions as Adopted.

WASHINGTON, April 19.—By a vote of 67 to 21 the senate Saturday night adopted resolutions directing armed intervention in Cuba, recognizing the independence of the present insurgent government, and declaring that the United States had no intention of exercising any sovereignty in the island beyond that necessary for proper waging of the war.

It was a complex resolution, containing, as it did, the senate preamble, the house enactment clause, the senate majority resolutions with the incorporation of the Turpie amendment for recognition, and having added to it the Davis declaration of intentions. Thirty-one Democrats, 30 Republicans and 6 Populists voted for recognition, and 19 Republicans and 2 Democrats in opposition. The session began at 10 in the morning and from then until 8 at night the senators talked continuously, four hours being allotted to Messrs. White, Wellington and Caffery, representing the peace party.

SENATOR ALLEN PROTESTS.

Attention Directed to the Remarkable Scene in the White House April 7.

WASHINGTON, April 19.—Mr. Allen (Neb.) said he wanted to call attention to the remarkable scene that had occurred at the White House on April 7. He referred to the call of the representatives of six great powers upon the president and to the exchange of notes on the Hispano-American situation. He declared that no similar scene had ever been witnessed in this country.

"I want to register my protest," said Mr. Allen, "against the representatives of the so-called powers of Europe entering the White House and telling this country what it shall do. I cannot understand why the president did not inform them that this country would not tolerate any interference from them; yet here is the first step towards the breaking down of the Monroe doctrine, and the destruction of the nation. And it is understood that these same so-called powers are to go farther and make another assault upon the White House with more pressing demands. Within six months, these same powers will be urging the United States to agree to arbitration in order that our liability for Spanish-Cuban bonds may be determined."

Monitors in Commission.

PHILADELPHIA, April 19.—The old monitors Montauk and Lehigh, which have been assigned respectively to Portland, Me., and Boston, have gone into commission. The full crews for the Montauk and Lehigh have not yet reached League island, but skeleton crews of naval reserves are aboard.

Perfect Tranquillity Prevails.

MADRID, April 19.—An official dispatch from Havana says: "Perfect tranquillity prevails on the island. All political parties are more united than ever, and are rallying around the government and the flag. The newspapers are printing patriotic articles."

General Coppinger Leaves for Mobile.

OMAHA, April 19.—General Coppinger left Omaha during the afternoon for Mobile over the Missouri Pacific road. With him are his personal aides. There was a crowd at the depot to bid them Godspeed, including many representatives of Omaha.

Ex-Minister McLain Dead.

WASHINGTON, April 19.—A telegram received at the state department from Ambassador Porter states that Hon. Robert M. McLain, formerly minister to France, died at Paris at 8 a. m. He had been ill for some time and passed quietly away.

WOULD LET CUBA GO

Pope Leo Has Advised Spain to Recognize the Island's Independence.

May Be Very Painful to Yield but Cannot Be Called Dishonorable.

Said England and Austria Have Also Acted on the Same Lines.

LONDON, April 19.—The Rome correspondent of The Daily Mail telegraphing Sunday says: "According to news received at the Vatican the queen regent agrees with the pope as to the necessity of doing everything to avoid the risk of a war in which Spain has all to lose and nothing to gain. (Still it is very difficult to find a formula to allow Spain to renounce sovereignty over Cuba.

"The pope has renewed his efforts to convince the Madrid government that if it may be painful to abandon the island it is not dishonorable. Spain yielding to superior force, while with war Cuba would hardly be the only possession lost, and if others went also internal troubles would be inevitable. "At the Vatican it is asserted that Austria and England have acted on the same lines, encouraging Spain to submit to the inevitable and abandon Cuba. They cite the recent example of Greece, which rejected the disinterested advice of the powers."

MALAGA STILL RIOTOUS.

Another Hostile Demonstration Outside the American Consulate.

LONDON, April 19.—A special dispatch from Madrid says there was another hostile demonstration outside the American consulate at Malaga on Sunday afternoon. The civic guard dispersed the mob after repeated charges. Three people were injured. All the windows in the consulate were broken and other damage done in the riot of Saturday.

Deplores the Malaga Outrage.

MADRID, April 19.—The Imparcial, referring to the attack upon the American consulate at Malaga, deplores the outrage as necessarily calling for apologies and warns the Malaganos against provoking a war which Spain would avoid if possible.

SPANISH PRESS WARLIKE.

Senate Resolutions Further Proof of America's Scheme of Annexation.

MADRID, April 19.—The general tone of the press is firmly warlike. El Liberal welcomes the senate's decision, although it is more hostile, since it helps to disentangle the situation, which is becoming insupportable to the Spaniards, as shown by the outbreak at Malaga and elsewhere. The journals which comment on the senate resolutions consider them as further proof of America's scheme of annexation and point out that it comes on the very day on which the Havana delegates proposed starting to confer with the insurgents.

RELYING ON THE POWERS.

Spain Still Hoping They Will Find a Way Out of the Difficulty.

LONDON, April 19.—The Madrid correspondent of The Morning Post claims to know that if both houses of congress adopt the resolution which has passed the house of representatives, Senator Polo y Bernabe will not be recalled from Washington, the government believing that the powers will still find an issue out of the difficulties.

MANILA PANIC-STRICKEN.

Rebellion in the Philippines Spreading Rapidly.

LONDON, April 19.—A special dispatch from Singapore says that the steamship Leo XII from Manila has arrived there crowded with Spanish officials and well-to-do Spanish families who are escaping from the rebellion which is spreading rapidly in the Philippines. They report that Manila is panic-stricken.

Waiting for America to Act.

LONDON, April 19.—The Madrid correspondent of The Daily Mail telegraphing Sunday, says: The situation is identical with that of yesterday, the ministers preserving an awaiting attitude. They believe that by Wednesday or Thursday the two houses of congress will have definitely agreed as to their line of action and that the course of events will then depend upon President McKinley.

Alabama to Be Launched.

PHILADELPHIA, April 19.—May 18 has been fixed as the date for the launching of the United States battleship Alabama, in course of construction at Cramps' shipyard. Miss Morgan, daughter of Senator Morgan, will, it is stated, christen the ship named in honor of her native state.

Two More Vessels Secured.

PORTSMOUTH, N. H., April 19.—The steamer Shawmut, which has been discharging coal here, has been ordered to the Boston navyyard to be converted into an auxiliary cruiser. The steel tug Plymouth of the Reading line has been taken by the government.

The Steering Balloon.

LONDON, April 19.—The Bennett steering balloon was successfully tried at the Crystal palace last week. It is not intended to steer against the wind so much as to modify the course of a balloon when sailing with the wind, in the same manner as affected by the sails of a ship. It has propellers in the form of four sails, worked with a bicycle pedal movement.

A Woman's Work.

For thirteen years this woman suffered from a helpless infirmity which baffled skillful medical treatment. She was restored to health in a remarkable manner, and is now helpful to other sufferers.

For thirteen years Mrs. George L. Rogers, of West Main Street, Canton, N. Y., suffered from the indescribable tortures of inflammatory rheumatism. Only persons who have been afflicted with this disease know what such suffering is. Those who have never felt the pangs of this ailment have not the remotest idea of its tortures. For years this was an obstinate disease to cure. In recent years, however, there has been formulated a remedy which successfully cures it. The many cures effected by Dr. Williams' Pink Pills for Pale People attest to that fact. One of the striking examples is Mrs. Rogers' experience. In speaking of it to a reporter she said: "Thirteen years ago I was attacked with inflammatory rheumatism and a complication of diseases. "I cannot begin to describe my sufferings during that time. "You can judge somewhat of what I endured, when you look at these hands." They were distorted, twisted and swollen. "My foot, too, is so much out of shape that the big toe lays across the others, the end touching the little toe. "Notwithstanding I am sixty-five years old, have a pleasant home and other comforts, life to me was far from enjoyable, for all other things pale into insignificance when you are without good health. "I tried different doctors and many proprietary remedies, but no permanent benefit was obtained. "Last March I was induced to try Dr. Williams' Pink Pills for Pale People. "Before I had finished the first box I began to feel that they were doing me good. "I continued using them and steadily grew better. "I have used thirteen boxes of the pills and to-day feel better than for the past fifteen years. "My appetite is good; I feel bright, cheerful and have a desire to live and enjoy society. "I have been a member of the Methodist church for many years, but for six years was unable to attend. "Now I am able to attend the church services regularly and certainly appreciate that privilege. "I consider Dr. Williams' Pink Pills for Pale People a wonderful medicine and am confident no other remedy could have effected the wonderful cure they have in my case. "I am glad to state this, hoping that some sufferer may profit by it and obtain relief." It was nature's own remedy that accomplished this cure caused by impure blood, for Dr. Williams' Pink Pills for Pale People are composed of vegetable remedies that exert a powerful influence in purifying and enriching the blood. Many diseases long supposed by the medical profession to be incurable have succumbed to the potent influence of these pills. This universal remedy is sold by all druggists.

New Goods

We have now located in our new stand and are prepared to show the people an entirely new stock of goods, including

Tinware, Hardware, Stoves,

COOKING UTENSILS, etc.

We now handle the RED CROSS Cooking Stove.

It is undoubtedly the best in the market.
