Many women have good reason to dread the approach of the hour of maternity. All too frequently it is a time of almost unbearable pain and suffering and extreme danger. Women who are wise know that this is unnecessary. They know that the woman who takes proper care of her womanly self, who looks after the health of the organs that make motherhood possible, need have no fear of approaching maternity. They know that there is a sure and safe cure for all weakness and disease of these organs. Over 90,000 of these women have testified in writing to the virtues of Dr. Pierce's Favorite Prescription.

It is the discovery of Dr. R. V. Pierce, a regularly graduated physician and an eminent and skillful specialist, who is and for thirty years has been chief consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y. The "Favorite Prescription" makes the organs of womanhood strong and healthy. It cures all weakness and disease. It prepares for approaching maternity. It does away with the discomforts of the expectant period. It alleviates the pains of parturition and makes baby's advent easy and safe. Druggists sell more of it than of all other remedies for these troubles combined.

Woman should know herself. She should not be dependent in every emergency, great and small, upon a physician. She should be familiar with her own physical make-up. Dr. Pierce's Common Sense Medical Adviser will reveal a world of important truths to the woman who is ignorant upon these points. It contains many chapters and illustrations devoted to the reproductive physiology of women. It is written in plain, straightforward language. The book contains over 1,000 pages. A paper-covered copy will be mailed absolutely free to any one who sends twenty-one one-cent stamps, to cover the cost of mailing only, to the World's Dispensary Medical Association, No. 665 Main Street, Buffalo, N. Y. If cloth binding is desired, send ten cents extra, thirty-one cents in all.

The Redwood Gazette in discussing the senatorial situation in this district remarks: The senatorial committee has not held a meeting yet, but from a talk with several members it appears that the apportionment will be one whereby Redwood and Brown counties will have the same vote in the senatorial convention. A hot fight will probably occur in Brown county, as a result, provided Sam Peterson decides to stand as a candidate. If he secures the Brown county delegation he will be able to have a no-nomination convention, giving him a chance for a place on the ticket. Peterson is making a fight for Redwood county, and the contest in both counties will probably be warm.

The school election at Union Hall Saturday afternoon resulted in the election of Reim and Henle. Fischer and Klossner had not been talked of prior to Wednesday and very little work was done in their behalf. After a legal contest covering nearly three years, in which the bondsmen were finally beaten, the county commissioners of Redwood county have decided to reduce the amount, required to be paid by the bondsmen of the insolvent Citizens' Bank to satisfy the county's loss, from \$4,400 to \$3,000. The reason for this reduction is to be found in the fact that out of all the bondsmen of the bank there are now only two, Mead and Bissell, from whom the county can recover, and the commissioners felt it a hardship upon these two to compel them to pay the full amount. The \$3,000 will be paid over to the county by Mead and Bissell this week.
