No woman has the right to be a helpless, sick, nervous, fretful burden to her husband. If she is, it is due to her own ignorance or neglect. If she will take proper care of herself and look after the health of the delicate organs that are the most important parts of her physical make-up, she will soon be a healthy, amiable helpmate, instead of a burden to the partner of her joys and sorrows. No woman who suffers from weakness and disease of the distinctly womanly organism can be a good, helpful wife to an ambitious man. It is easy to keep these organs healthy and vigorous. The most wonderful medicine for women is Dr. Pierce's Favorite Prescription. It acts directly on the organs that make her a woman. It cures all weakness and disease. It allays inflammation, soothes pain, and permits the tortured nerves to resume their natural condition. It stops all weakening drains and the woman who has hitherto been nervous, weak and fretful becomes robust, helpful and happy. Thousands of happy women, who were once pain-tortured and miserable, testify to its virtues. All good druggists sell it.

"I write you these few lines to let you know the good your 'Favorite Prescription' did my wife," writes Dennis H. Connelly, Esq., of Clear Water, Wright Co., Minn. "Previous to motherhood she was very sick. She could not do her own work until she took two bottles of 'Favorite Prescription.' She took her Doctor's medicine but it did her no good. Your medicine is the best my wife ever had."

Have you a good reliable medical book in the house? There ought to be one in every family in the world. Of all the medical books published there is not one so comprehensive and reliable as Dr. Pierce's Common Sense Medical Adviser. In all its 1,000 pages there is not one sentence that may not be readily understood. No physician in the world has been a greater benefactor than has Dr. Pierce. The best he knows is in this book. It is illustrated with over 300 plates and drawings. It talks about hundreds of ailments and tells you how to cure them. You may have this book for the cost of mailing it. If you want the book in paper covers send 21 one-cent stamps, to cover the cost of mailing only. For cloth covers send 31 stamps. World's Dispensary Medical Association, Buffalo, N. Y.

If the Spanish Premier had been provided with a pair of our ordinary Spectacles he could have seen that "quitting-time" was sometime ago. With a pair of our BEST glasses he could have seen that "quitting-time" was a minute before BEGINNING time.
