People shudder when they think of the possibility of sudden death by violence or accident. There is a sentimental horror attached to such a death that makes people prefer the grim monster in almost any other guise.

Yet all the lives that are lost each year by violence and accident are but an insignificant fraction to the untold thousands that are slain by the grim destroyer, consumption. It is the most insidious and the deadliest of all known diseases. It knows neither rank nor wealth. It attacks people in all the walks of life. It makes no distinctions. It has for centuries been considered incurable. It is not.

An almost unfailing cure for consumption is found in Dr. Pierce's Golden Medical Discovery. It acts directly upon the lungs and also corrects the aggravating cause of the disease. It corrects all disorders of the digestion, invigorates the liver and makes the assimilation of the food perfect, thus nourishing and strengthening the system for its battle with its relentless foe. It fills the arteries with the rich, pure blood of health. It builds new, healthy tissue in the lungs and drives out all impurities and disease germs. It cures 98 per cent. of all cases of consumption. Thousands have testified to their cures. All druggists sell it.

"I was taken sick in February, 1897, with typhoid pneumonia," writes Mrs. Henrietta Hart, of Voorheesville, Albany Co., N. Y. "I then had a miscarriage. I did not leave my bed to sit in a chair till the first of June. I had medical care at that time. I was so weak I could not turn in bed alone. The doctor said he could do no more for me. I was coughing and raising and was almost dead with consumption. I gave up to die. I took seven bottles of Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' together (not seven each), and I was then able to do my own housework for my family of four. In less than three years from the time I began your medicine, I gave birth to a healthy baby girl that weighed eight pounds. I have had two children since, and an enjoying good health now."

Pretty eyes, bright, snappy and full of fire and life. Constipation makes the blood impure, and the eyes get dull and heavy, glazed and listless. Dr. Pierce's Pleasant Pellets cure constipation speedily and permanently. They never gripe. They are tiny, anti-bilious, sugar-coated granules. One is a gentle laxative, two a mild cathartic. Druggists sell them.
