## Scissors and Paste Pot.

Items of Interest gleaned from our exchanges,

Le Sueur Sentinel: Something that may be of interest to farmers, is advanced by Thos. Lusky of Tyrone. He says that in sections where hog cholers has prevailed, the progeny of those hoge that have been affected and have recovered, are immune, and will not have it. Where the dam has had the disease, he would only breed to a sire that has also had it. He also states that powdered copperas, placed in a box or other receptacle that cannot be everturned or spilled, that the swine can have free access to if disposed, will cure them if affected. Only those that begin to grow sick, will touch it, and they will only take such an amount as is necessary to cure them. Mr. Lusky says he has seen it used and proposes to try its efficacy himself should the disease again invade his drove.

Sleepy Bye Dispatch: The Burg cigar factory at New Ulm is one of the important manufacturing establishments at the county seat and we are told that the proprietors will be forced to increase their force of workmen this year. Much of the succes of this institution is due to the hustling proclivities of William Burg jr., who represents the house on the road and how knows that however good a product may be that it pays to advertise it. The Burg factory is a large patron of the newspapers and they say it pays them to keep their names before the public.

An unprovoked assault made las Thursday upon a citizen of this city was one of the most brutal affairs occurring here for years. Without cause or provocation he was "slugged" to use a slang term, in a merciless manner. We use no names, not because it is the desire to shield the men who did the scandalous act, but because it has been the custom to not mention quarrels of any kind. However, this case is so aggravated and uncalled for it is but a duty to the public to say the two aggressors paid about \$30 in fine and costs into the municipal court, and but for the prayer for clemency made by the man whom they wronged, might have found their fine much heavier. - Le Sueur News.

Sleepy Eye Herald: David Ingraham, brother of Oscar B. Ingraham of this place passed away on Monday at the age of 74 years. Deceased was for many years a resident of town Stark But of late years since his wife died has made his home with his brother in Sleepy Eye He was at 'the home of his niece Mrs. Harrington of Leavenworth on a visit when he took ill and died. Funeral took place Wednesday morning at 11 o'crock at the hall at Prairie Star, Rev. Russell conducting the services.

### DOES IT PAY TO BUY CHEAP?

A cheap remedy for cough and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung throubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you; then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrap." It not only heals and stimulates. the vissues to destroy the germ disease, bet dlays inflammation, causes essy experioration, gives a good night's rest. and erres the patient. Try one bottle.

Resummended many years by all druggests in the world. Sample bottles at A D. J. ECKSTSTEIN.

QUESTION ANSWERED

Yes, August Flower still has the large est sale of any medicine in the civilized world. Your mothers, and grandmothers, never thought of using anything else for Indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermenta-tion of undigested food regulate the ac-tion of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull not bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Sample bottles at
