AN EMERGENCY MEETING.

Cape Colony Cabinet Is Convened to Consider the Threatening Situation.

KITCHENER REPORTS BOERS ON MOVE.

Are Scattering and Covering a Wide Extent of Territory—Members of Liverpool Regiment Captured at Helvetia Liberated by Boers—Earl Roberts Hard at Work.

Cape Town, Jan. 7.—An emergency meeting of the cabinet was convened at noon Saturday, after a long consultation between the British high commissioner, Sir Alfred Milner, and the premier, Sir J. Gordon Sprigg. An important pronouncement is expected.

Boers Pushing Ahead. London, Jan. 7.—Lord Kitchener reports to the war office, under date of Pretoria, January 4, as follows:

"The Boers have reappeared along the railway in the neighborhood of Rhenoster, but it is doubtful if De Wet is with them. With regard to the situation in Cape Colony, the western command seems to be making toward Calvin and the eastern party appears to have broken up into small parties. Another small

BEGIN WORK EARLY.

Congressional Committee Listen to Physicians' Testimony in the Booz Case.

Bristol, Pa., Jan. 7.—The congressional committee investigating the death of Cadet Booz, which sat until midnight in Philadelphia, was up early Saturday and was in Bristol before nine o'clock, ready for work. In fact, the committee was ready to go ahead before the witnesses had arrived.

Dr. William H. Martin, the Bristol physician who examined Oscar Booz as to his physical condition previous to his entrance into West Point, was the first witness. He was merely asked to identify the report he made to Congressman Wanger, who appointed Booz to the military academy. He was followed by Dr. Willis P. Weaver, of Bristol, the Booz family physician, who did not complete his testimony Friday.

Dr. Evan J. Groom, of Bristol, who attended Oscar, said he treated him last year for acute tubercular laryngitis. The witness thought tobacco sauce would affect a throat which had been treated for laryngitis, but did not believe that it made him less able to resist the lodgment of tubercular germs. Dr. Groom corroborated Dr. Weaver, who had preceded him, in every detail as to the personal characteristics of Booz. He did

GANG CAUGHT AT LAST.

Eight Italian Counterfeiters Arrested by United States Detectives at New York.

DIES, PRESSES AND COINS CAPTURED.

All-Silver Counterfeits Were Being Turned Out and Made the Work of Detection Much More Difficult—Slender Claw That Resulted in the Final Arrest.

Washington, Jan. 7.—The officials of the secret service of the treasury department, under the direction of Chief Wilkie, made a number of highly important arrests in New York Friday night and Saturday morning. For at least two months the secret service people have been at work to discover the makers of a large number of all silver counterfeit coins, mostly quarters and halves, which were being freely circulated in New York city. The result has been that Pio Paris and seven companions, all Italians, were arrested and are now in jail awaiting the action of the United States commissioner. The fact that large numbers of these all-silver counterfeit coins were being freely circulated in New York during the last two years has given Chief Wilkie a great deal of trouble. The coins being of almost pure silver, 900 fine, and fairly well made, they readily passed wherever presented, and rendered extremely difficult the task of locating the makers and passers. The arrests came about in this way:

Important Clue Discovered. Some time ago two Italians called on Messrs. Platt & Co., of Gold street, New York, large dealers in sheet silver and gold, and purchased 1,000 ounces of sheet silver. One of the men was observed at the time of the purchase to compare one of the sheets with a coin which he took from his pocket, probably with a view of determining whether the sheet was of the same thickness as the coin he had in his possession. This circumstance was made known to the secret service officials by Messrs. Platt & Co., and a force was immediately set to work upon this new lead. From the fact that the men took away with them only a small part of the purchase it was assumed that they would shortly return for the rest. After a time, the two men again appeared and took away another small quantity to 111 Mangin street, on the East side of New York. From there they were shadowed to 95 Watt street, on the West side.

Well-Equipped Plant. The Mangin street house, as well as the house on Watt street, was fully equipped with modern machinery for rolling silver, punching blanks, etc. In one of the places a new screw press, weighing five tons, was in operation. About a hundred ounces of silver and quite a large basket full of steel dies were secured. Many of the dies, however, had been so mutilated as to be beyond use. It seemed that as soon as the policemen had given the alarm, the counterfeiters began to file away the faces of their dies to prevent them from being used as evidence. Two of the men lived at 112 Mulberry street, New York, and others were scattered about the neighborhood.

Chief Wilkie said Saturday that the gang probably was responsible for at least 80 per cent. of all the silver counterfeits which have been put in circulation in New York during the last two years.

CAPTURED BY FILIPINOS.

Two Americans, Five Scouts and Two Native Police Forced to Surrender.

Manila, Jan. 7.—Private George H. Ray, of the engineer corps, his assistant, Private Lyons, of company K, Fifth infantry, five scouts and two native policemen have been captured, while on their way to Batac, by insurgents. On the receipt of the news an American column was dispatched against the Filipinos, but failed to overtake the party.

Center of Population. Washington, Jan. 7.—The census bureau Saturday issued the following: The center of population is in the following position: Latitude, 39 degrees 9 hours 36 minutes; longitude, 85 degrees 48 hours 54 minutes. In ten years the center of population has moved westward 16 hours 1 minute, about 14 miles, and southward 2 hours 20 minutes, or about 3 miles. It now rests in southern Indiana, at a point about seven miles southeast of the city of Columbus.

Speaker Henderson Improved. Washington, Jan. 7.—Speaker Henderson was much improved Saturday, although still confined to bed with a severe cold. He felt well enough to sit up during the morning and attend to his most important correspondence, but it was not deemed advisable for him to go to the capitol. The attending physician is satisfied with the progress of the patient and the attack has not been of a character to give any alarm.

Report Confirmed. New York, Jan. 7.—J. P. Morgan & Co., of New York, confirmed the report that they had acquired control of the Jersey Central railroad and that they had sold this control to the Reading railroad.

Newspaper Sold. Asheville, N. C., Jan. 7.—Frank Carter has sold the controlling interest in the Evening Citizen newspaper to R. S. Howland, of Providence, R. I., owner of the Providence Journal.

DROPPING IN ON KITCHENER.

body crossed the Orange river west of Allwal North yesterday." Captured Britishers Released. London, Jan. 7.—The Boers have released the members of the Liverpool regiment captured at Helvetia December 20.

Earl Roberts Hard at Work. New York, Jan. 7.—A dispatch to the Tribune from London says Earl Roberts has settled down to work in the war office with a businesslike air. His influence is so great that any measures which he may recommend for the defense of Cape Colony and for bringing the campaign to an end will be adopted by Mr. Brodrick. Probably he has not waited for special reports before advising the secretary for war respecting the conduct of the campaign. His presence at headquarters is a source of strength to the government. There is already a more buoyant feeling respecting the military operations.

Nobody can understand what is going on in the Great Karoo region, where the bands of marauding Boers are crossing a barren and desolate district and looting the farms of the "poor white trash," or in Bechuanaland, where a mysterious westward trek is in progress. The dispatches from Cape Town describing the landing of marines and guns and the enrollment of a new colonial defensive force are read with amazement, especially when the invaders are reported to be without guns and only a few hundreds in strength. While the situation is perplexing, there is no feeling of anxiety here, for Earl Roberts, who knows what is wanted, is where he can strengthen Lord Kitchener's hands and wind up the campaign.

Offers to Raise Company. Vancouver, B. C., Jan. 7.—Maj. C. C. Bennett, adjutant of the duke of Connaught's Own Rifles, has applied for a commission in Gen. Baden-Powell's force of South Africa mounted police and offers to raise 100 men for this service here.

Greetings from Helen Gould. San Francisco, Jan. 7.—A letter of holiday greetings from Helen Gould to the sick soldiers at the Presidio has been received at the general hospital and printed copies of the missive will be distributed to the men.

not think, however, that the young man was suited for a soldier. He did not think he could stand the rigor of such a life.

Colored People Arriving. St. Louis, Jan. 7.—A special to the Republic from Poplar Bluff, Mo., says it is reported that the negroes in the southeast part of the county who have been subjected to white cap outrages during the last week are organizing and procuring all the available arms in order to protect their homes. Law-abiding citizens of the county are endeavoring to quiet the apprehensions of the negroes, for they fear that if the colored people show fight serious trouble will ensue. It is not believed there will be a repetition of the outrages and that the negroes will be left alone in the future.

Fatal Collision. Montgomery, Ala., Jan. 7.—A head-on collision occurred in a rock cut near Helena, on the Louisville & Nashville road. Engineer Chase was killed. Engineer Morton was fatally and two firemen badly injured. Both engines were demolished and the cars smashed into kindling wood.

Two Killed at Crossing. Meadville, Pa., Jan. 7.—Wells-Fargo express No. 14 on the Erie railroad struck a wagon at the Mercer street crossing Saturday, killing the occupants, A. J. Holland and Charles Seeley. The horses were also killed and the wagon demolished.

Philadelphia Dead. Philadelphia, Jan. 7.—John Bardsley, former city treasurer of Philadelphia, is dead of heart disease at his home here, after an illness of ten days. Mr. Bardsley was born in England September 5, 1836, and came to this country with his parents in 1847.

Reach La Guayra. Caracas, Venezuela, Jan. 7.—The United States training ship Buffalo and the Scorpion have arrived at La Guayra.

Secretary Hay Again Ill. Washington, Jan. 7.—Secretary Hay is again confined to his home by a severe cold.

Nervous Debility

is often one of the most distressing after effects of the Grip. It may also be caused by overwork, worry, mental strain or excesses of almost any nature. Whatever the cause, a debilitated nervous system means that the nerves lack nutrition. Feed the nerves, and life will renew its joys for you.

The best nerve food, and the most valuable tonic (because it both builds up the blood and strengthens the nerves) is Dr. Williams' Pink Pills for Pale People. Hundreds of worn-out, depressed men and women have been made strong-nerved, ambitious, energetic and healthful by this remedy.

Among the well-known men of the newspaper profession is F. J. Lawrence, of 445 Fourth Avenue, Detroit, Mich., who for the past eleven years has been at his desk every day. He says: "At one time I was in such a condition that my physician said I would have nervous prostration; that I would have to stop newspaper work or I would go to pieces if I persisted in doing it, as I was destroying what nerve force I had left. I lost flesh and had a complication of ailments which baffled skillful physicians. An associate recommended Dr. Williams' Pink Pills for Pale People and I gave them a trial. I can't say that I received any benefit from the first box, but derived very good results from the second. They gave me strength and helped my shattered nerves so that I could get a full night's rest."

"A great deal of pain in the small of the back I attributed to a derangement of the kidneys. For this complaint Dr. Williams' Pink Pills for Pale People worked wonders. Soon after I began taking them regularly, the pain ceased, and I felt like a new man. I am greatly encouraged from the results of using a few boxes and am confident that the pills will work a complete restoration of my former condition."—From Evening News, Detroit, Mich.

Sold by all druggists or sent, postpaid, by the Dr. Williams Medicine Co., Schenectady, N. Y., on receipt of price, 50 cents per box, 6 boxes, \$2.50

New Goods

We have now located in our new stand and are prepared to show the people an entirely new stock of goods, including

Tinware, Hardware, Stoves,

COOKING UTENSILS, etc.

We now handle the RED CROSS Cooking Stove.

It is undoubtedly the best in the market.

Nerves Wear Out

And grow weak and exhausted when not properly nourished, just as an engine loses its power when the fuel runs low. The loss of nervous power is seen in the failing health and the wasting form. It is felt in the aching head, the throbbing heart, the irritability, indigestion, restlessness and loss of sleep. Rebuild the worn-out nerves, rest the tired brain and add new fuel to the vital fires with the best of all tonics, Dr. Miles' Nervine.

"I suffered from nervousness and nervous prostration for a long time. I became thin and wasted, lost control of part of my nerves and muscles, and finally became so bad that I could not sleep at all. Three doses of Dr. Miles' Nervine brought the first sleep in nearly three weeks. I was on the brink of insanity, but that great nerve restorer brought me back to health." Mrs. M. B. Reed, Delta, Iowa.

Dr. Miles' Nervine

is food for the worn-out nerves and the weary brain. It is a food for the over-taxed and weak digestion. It nourishes, fortifies and refreshes the whole system.

Sold by druggists on guarantee. DR. MILES MEDICAL CO., Elkhart, Ind.
