Pfefferle, Frank Nennos, Anton Johnson and others.

The Interstate Accident & Relief Association which was organized in New Ulm the first of the year is now beautifully located in its offices over W. G. Alwin's drug store. The company has been very generously patronized by our home people, and rightfully should be. It is in the hands of old and reliable insurance men and under the direction of men of such business ability as those whose names are connected with the organization it is certainly growing rapidly to a successful issue.

A local paper gives voice to a protest against the raising of the rate for office telephones by the Southern Electric Telephone company from \$1.50 to \$3 per month. The Review is not in it for the purpose of fighting anyone else's battles but nevertheless fails to see why there is any kick coming, as a business house pays \$2.50 per month for its phone when it is not used one-half as much as the one in the office of the average doctor or lawyer. At the kind invitation of Commodore Eckstein and Skipper Alwin the writer joined Editor Green, of the News, and a half dozen other kindred spirits Tuesday afternoon in a voyage in the staunch little Alcaataas up the surging tide of Minnesota. About 12 miles of waterway was traversed when the discovery was made that we had penetrated into the wilds of Nicollet county some three miles and our gallant skipper ordered the pilot to 'bout ship and return to port. Brother Green avers that he missed all the sights on one side of the river, but we are willing to take oath that he sighted all the Misses on the other. For the trip referred to Herman Beussmann officiated as chief of motive power, Wes. Wooley, the only prohibitionist aboard, as bar boy, while Capt. Steinhauser was in charge of the commissary department.

Herman Gerhart, a young man who has been employed in Eibner's restaurant off and on for the past few years, was arrested yesterday upon complaint of the New Ulm Roller Mill company charged with having willfully and maliciously broken into the company's warehouse and destroyed property to the value of some \$70. Before Judge Henningsen Gerhart pleaded guilty and a fine of \$25 and costs was imposed with the option of 30 days in the county jail. After giving the young man a thorough lecture, sentence was suspended upon condition that he repair the damage so far as possible. In a statement to the court the prisoner implicated three other young men or boys but as no arrests have been made names will not be divulged for the present. Gerhart gave his age as 22 years, certainly old enough to know better, and it is to be hoped that this, his second appearance in police court will serve as a salutary warning both to himself and his associates.
