

THANKFULNESS.

It is not the richest family nor the most elaborate spread, Where you hear the shouts of children and the happiest are fed; But where the life of sorrow has mingled with its cares— The drop of sweet affection and the sunshine that it bears— Where the cloud is pushed asunder by some hand that tries the while Outside the path of duty to make misfortune smile.

It is not the heartiest eater that makes Thanksgiving day— It is not the largest turkey, nor the men who longest pray; It's the heart that beats in pity for those who, poorly fed, Surround misfortune's table, thanking God for simple bread. It's the common feast of plenty, by nature kindly spread. And the wine of human kinship that sweetens bitter bread.

It is not the longest sermon, nor those who heaviest pay, That clears the gloomy morning, or makes Thanksgiving day. It is not around the table that supports the largest bird That the smiles shine out the freest and the sweetest tones are heard; The plainest kind of eating makes the merriment no less— It's the people, not the turkey, that provide the thankfulness.

It is not the loud hosannas nor the words the preachers say That the tunes the heart to praises and makes Thanksgiving day. It is not the gilded chalice nor the robes of saintly priest, Nor the grace that he may offer o'er Thanksgiving's royal feast But it is that God has blessed us in his wise and gracious way And provided for our keeping once again Thanksgiving day.

Where they've only bread and butter, and no meat of any kind; Cold today and warm tomorrow, little sympathy to find, Still beside their meagre fire, with a less inviting spread, There are people just as thankful as are those with turkey fed— Simple poverty is riches, and it makes the joy no less When it casts no sullen shadow on Thanksgiving's thankfulness.

Beside mahogany and velvet, 'neath the glittering chandelier, Where both wit and humor sparkle, and the wine is bright and clear, They make joke and laugh at leisure, but there's little there to bless— It's the people, not the glitter, that provides the thankfulness. —A. P. B.
