MINERS ASK FOR HELP

Indianapolis Convention Issues Appeal to the Public.

SALIENT POINTS OF THE ADDRESS.

Expresses Loyalty to Contracts and Pleads Cause of the Workers.
—Mitchell's Recommendations Adopted.

Indianapolis, Ind., July 21.—Having declared against a general strike, adopted a report calling on the American people to contribute \$1,000,000 a month to aid the striking anthracite miners, provided for a maintenance fund and issued a stirring appeal to public opinion, the United Mine Workers' convention sang "America" at one o'clock Saturday afternoon and adjourned.

The Appeal.

The appeal to the public recited at length the hardships and low wages of the miners, declared that they had lived up to the letter and spirit of their contracts and still refused to violate them, intimated that the purpose of the operators was to destroy the miners' union and then urged the people at large to bring all possible pressure to bear on the officers of the anthracite coal interests to induce them to treat considerately the appeal of the miners for arbitration. It continues:

"The miners believe that the best interests of the country are opposed to a general strike of the coal miners, and while they feel that in the present fight their union may be destroyed, nothing can compel them to break their agreements. The miners request the American people to bring such pressure to bear upon the anthracite operators and anthracite railroads as will compel them to submit to arbitration.

The expenses of the miners call for a contribution of \$1,000,000 per month from sources outside the union, and with this amount the miners are confident that they can win the anthracite strike."

Text of Recommendations.

The recommendations brought in by the special committee appointed in the executive session Friday, which were practically identical with those suggested by President Mitchell in his address on the first day of the convention and which were adopted unanimously by the convention, were as follows:

First, that the national secretary-treasurer of the United Mine Workers be authorized to appropriate \$30,000 from the funds of the national treasury for the benefit of the districts 1, 7 and 8. (These are the anthracite districts.)

"Second, that all districts and sub-districts and local unions be asked to donate whatever they can afford for the support of the strike.

"Third, that an assessment of ten per cent. be levied on the earnings of members of the unions 6, 8, 12, 13, 19, 23 and 25, and that an assessment of one per cent. per week be made on the members of districts 2, 5, 11, 14, 15, 16, 20 and 21. This assessment is not to be made against members of unions now on strike, but in such cases the assessments are to commence when the strikes are over, the manner of this being arranged by the unions.

"Fourth, the assessments to be paid direct by the local unions to Secretary-Treasurer Wilson.

"Fifth, that 25 per cent. be deducted from the salaries of all national district officers and organizers.

"Sixth, that the assessments begin from July 15.

"Seventh, that all contributions be made by the national organization be distributed pro rata to the anthracite district pro rata as shown by the last Coal Reports.

"Eighth, that each local union be requested to aid as far as possible in securing work for men now on strike. In this connection the good offices of the American Federation of Labor will be requested.

"Ninth, that an address be submitted to the American people.

The reading of the report of the committee and the appeal to the public was listened to in absolute silence, but as the voice of Secretary Wilson ceased there came a tremendous cheer from the delegates that foreshadowed their unanimous adoption which followed a few minutes later.

One of the features of the session was an address by "Mother Jones," which was received enthusiastically by the convention. She urged the delegates to oppose at the congressional elections this fall every man who was favorable to "government by injunction."

Cost of Maintaining the Strike.

President Mitchell has made an estimate of the number of strikers and dependents in each district, and the weekly revenues to be derived from each district under the decision of the convention, together with amounts of weekly assessments by districts. He fixes the total number of strikers at 183,000; total dependents, 825,000; estimated weekly expense, \$500,000. Total estimated weekly contributions from districts, subdistricts, locals and the general public, \$494,000.

The Anti-Trust Bill.

Washington, July 21.—President Roosevelt has delegated the task of framing the anti-trust bill to Congressman Littlefield, of Maine. It will be introduced in congress on the first day of the next session and made an administrative measure.

Michigan Girl Drowned.

Jackson, Miss., July 21.—Miss Lotta Miller, of Holland, Mich., was drowned in Pearl river while fishing with a party of friends. She was visiting the family of her sister, Mrs. Frank Vogel. The remains will be taken to Muskegon for interment.

Death of an Insane Miner.

Seattle, Wash., July 21.—Driven insane by illness Samuel H. Lake, a miner, shot and killed his brother-in-law, David Thomas, mortally wounded his sister, Mrs. Mary J. Thomas, and then blew out his own brains.

Deadly Typhoon.

Hong-Kong, July 21.—A typhoon of unusual severity has caused considerable damage here and in the vicinity. It is estimated that there are 20 fatalities.

SHORT SPECIALS.

Eugene Hill, aged 25, of Waukegan, was drowned at Mason, Ill., while bathing. A strike movement involving 50,000 clothing workers has been inaugurated in New York.

An unknown man, who appeared to be intoxicated, fell into the river at Havana, Ill., and was drowned.

David Lundgren, 16 years old, of Chicago, was drowned at the Desplaines river camp meeting grounds, where his mother was attending services.

An order has been prepared at the war department relating Maj. Gen. John L. Brooke, who will reach the age limit of 64 years to-day (Monday).

Friends of Gov. La Follette, of Wisconsin, are booming him as a candidate for the presidency, believing that he will prove a powerful figure in national politics.

Rejuvenation of the Roman Catholic catechism is now going on. The holy see is interested in the plan of one book for the entire church, but adaptability probably will prevent it.

The United States saved the king of Italy from probable assassination by furnishing information on Tonetti, arrested at Brissago, Italy, (Saturday N. Y.) anarchists had sent him to kill the king.

Canadians are stirred up over the attempted British dictation of Dominion affairs. They want the British ambassador at Washington to take instructions from Canadian interests from Ottawa.

The steamer Beigenland, bound from Philadelphia for Queenstown, with 123 cabin passengers aboard, was towed into Halifax after drifting four days in the north Atlantic with a broken propeller shaft.

Fatal Collision.

Rochester, N. Y., July 21.—A fatal head-on collision occurred between two passenger trains on the Lehigh Valley railroad near Hope hospital, this city, Sunday evening, in which one person was almost instantly killed and 15 others more or less seriously injured. Both trains were running at a high rate of speed when they came together. An engine and one passenger coach in one of the trains was thrown from the track down an embankment and into the Erie canal feeder and was completely wrecked. The other engine was demolished, but remained on the roadbed.

Exposition Buildings Burned.

Dallas, Tex., July 21.—Fire broke out shortly after three o'clock Sunday morning in the exposition grounds, located in the suburbs of East Dallas, and in 30 minutes the main exposition building, one of the largest buildings in the country; music hall annex, the poultry building, the private buildings of the J. I. Case Plow company, Southern Rock Island Plow company and that of the Parlin Orendorff company were destroyed. The loss will reach \$100,000, with insurance of probably \$30,000.

Hunt for Tracy Abandoned.

Tacoma, Wash., July 21.—After 40 days of continual pursuit by men and bloodhounds, all organized effort to capture Harry Tracy, the escaped Oregon convict, has ended. No more posses will start after him. The pursuit of Tracy through Clark, Cowlitz, Lewis, Thurston, Pierce, Snohomish and King counties has cost these counties \$10,000. The fact that Oregon declines to pay Mrs. Waggoner, of Chehalis, the reward for Merrill's body has done much toward the flat drop of the Tracy hunt.

McKinley Memorial Assured.

Cleveland, O., July 21.—It is believed the entire sum necessary to erect the memorial to President McKinley is about completed and the next important step is the raising of an endowment fund of \$200,000, the interest of which will be used to care for the memorial. It is hoped to raise this money from the personal friends of the late president. The souvenir which is to be sent to each contributor is being printed and will in time reach individuals entitled to it.

Drowned in Lake Calumet.

Chicago, July 21.—Charles and Duffy Kubicek were drowned in the Calumet river at One Hundred and Fourteenth street Sunday. Charles Kubicek, who lived at 7434 Langley avenue, was 28 years old and leaves a widow and son three years old. Duffy Kubicek lived at 7344 Champlain avenue and was 24 years old. He leaves a widow and daughter.

Died of His Injuries.

Denver, Col., July 21.—Patrick J. Enright, of Syracuse, N. Y., who was a delegate to the Hibernian convention last week and who became suddenly insane last Thursday and jumped from a second story, died at St. Joseph's hospital Sunday. His heart was weak, and although his only injury from the fall was a broken leg, he failed to rally from the shock.

Sentenced.

Salt Lake City, July 21.—Harry T. Duke and Alexander A. Robertson, formerly cashier and paying teller, respectively, of the Wells, Fargo bank in this city, appeared before Judge Morse in the district court and pleaded guilty to the charge of embezzling \$80,000 from the bank and were each sentenced to four years' imprisonment in the penitentiary.

Has Resigned.

Boston, July 21.—John Willis Baer, secretary of the United Society of Christian Endeavor, has tendered his resignation, to take effect on October 1, and has accepted a position as assistant secretary of the Presbyterian board of home missions. Mr. Baer begins his new work in New York October 1.

New Sultan of Zanzibar.

Zanzibar, East Africa, July 21.—Seyyid Aeli has been proclaimed sultan of Zanzibar in succession to Hamoud Bin Mahomed Bin Said, who died Friday morning from paralysis. Mr. Rodgers, the present prime minister, has been appointed to serve as regent until the sultan shall have attained his majority.

MINNESOTA NEWS.

Crop Bulletin.

Spring wheat, oats, barley and flax are generally in splendid condition, though in parts of the Red River valley which were flooded in the spring, the wheat is about two weeks later than usual; in southern counties there are scattered reports of rust in wheat and oats, and on rich soils wheat, oats and some rye are lodged in small areas. Wheat and oats are heading in the extreme north; rye and winter wheat are being harvested, or they are ready to harvest, and early barley cutting is begun in central and southern portions. Flax is in all stages of growth, the earliest sown beginning to turn color in places. Corn is still rather small, but the favorable weather is making it grow rapidly. The potato crop is a good one; and early potatoes are being marketed. A great deal of clover and timothy hay has been secured in the southern half of the state, and wild hay is being cut. The rains have spoiled considerable hay in parts of the southeast. The destructive winds on the 5th lessened the apple crop materially in southern counties.

Grasshoppers.

F. L. Washburn, state entomologist, has been visiting localities in Norman county reported infested with grasshoppers and is now studying the conditions near the Hill river district. He reports only slight damage to oats in one locality in Norman county, considerable injury to flax, barley and oats near Gentilly, Polk county, but the rest restricted to one place.

He says that the condition at Hill river is most serious and discouraging to the farmers.

Grasshoppers are now for the most part winged and feeding on the softer kernels in heads of grain not touched by them when they were younger; that is, they are spreading over a larger district, and the outlook for next year in that locality is so discouraging that some farmers declare they will leave the country unless something is done to reach the cause of the trouble, which is an unplowed stubble land.

As far as one can distinguish objects of that size, grasshoppers can be seen on almost every head of wheat in some of the fields.

Water Supply Survey.

The state board of health will next year push to completion its scheme for a survey of the water supplies of the state, and in the meantime will require every city, village and public institution in the state putting in water or sewer systems, or extending present ones, to submit plans of the same to the state board, also state the source of supply and methods of water purification, before beginning work. The board has heretofore only given advice on these matters when requested to, or when complaint was made of the flagrant disregard of sanitary rules. The board has already made a pretty thorough survey of the sources of water supply of the southern half of the state. Next year it will take up the work in the northern half.

Found Dead.

William Milleau, a prisoner at the Hennepin county jail awaiting the action of the grand jury, was found dead in the jail bathroom under circumstances that would seem to indicate that he had committed suicide. He was found lying on the floor while the hot water was running at its full capacity over his head and face which were badly scalded. He died a few minutes after being found by Jailer Fox.

An autopsy held by Coroner Williams revealed the fact that death was due primarily to the shock of the burns and secondarily to alcoholism. The man was suffering from delirium tremens and it is believed that he may have committed the act while delirious. No inquest will be held.

He Reported.

While Colonel William Colville, the hero of the First Minnesota, was reading in front of his residence in Red Wing he looked up and saw a stranger standing in the position of "attention" before him, saying, "Sir, have come to report for duty." The stranger was Captain Fred E. Miller of Tacoma, Wash. Forty-two years ago, while a member of Colville's command at Bull Run, Miller was ordered to care for a wounded comrade, was captured and sent to Libby prison. This was his first opportunity to report to his commanding officer.

News in Brief.

Insurance Commissioner Dearth has issued an order to the officers of the Benefit League of Minneapolis requiring them to give bonds for the money entrusted to their care, and to do away with the proxy system, under which policy holders assign their votes to the secretary as part of the contract.

J. C. Spence, the alleged defaulter of funds belonging to the United States Installment Realty association, and until recently Duluth manager for that firm, was brought back from Sacramento, Cal.

The Cleveland Cliffs Iron company of Ishpeming, the largest independent mining concern in the world, has taken an exploring lease on all the lands of the Kinney-Hawkins-Crosby syndicate here and will explore them thoroughly.

Burglars effected an entrance to the Hayes-Lucas Lumber company's office at Stewartville by prying open a window. The safe and money drawer were opened, but fortunately there was no money in either. Indications are that the job was done by amateurs who were acquainted with the building.
