New Ulm Review

Wednesday, April 20, 1903.

Perhaps no greater example of true manhood has been placed before the people of this state than that found in the life and character of the late Gov. Ramsey. Young men seeking for an example can look to no higher ideal of manhood than that set forth by the man whom Minnesotans have honored in public and private life for so many years. It is a rare occurrence when honor comes to a man so young as Mr. Ramsey was when elected to the governorship of this state, that a continuance in public service leaves him as uncontaminated with the evils of office holding. A life so crowned with the laurels of virtue and girt about with the love of such a host of friends as the ex-governor had is a heritage above the price of rubies and a legacy of more real value than the millions that more unscrupulous men have accumulated. The world would be better off with more Ramseys and honor rest with more fitting purpose on such as he. Ripe in years and in the service of his state, he is the architect of a name that will always be spoken in reverence and honored wherever it is spoken.

By referring to the law supplements that are now in the hands of the people of the state it will be seen that the bill creating a park commission for cities of less than 10,000 inhabitants, became a law and that it is now operative, so that it only remains for the city council to name the men who shall serve on the board to have the purpose for which the law was created carried out. This bill was introduced in the legislature by the wishes and solicitation of the people of this city and almost directly by the voice of the city council and it is hoped that the board will be created and the parks given systematic supervision. It is too much to expect that the city council has the time with all the other varied enterprises it has to look after, to devote the time necessary to the care of the beauty spots of the city and this board, if it is created, will relieve them to a great extent.

GOES TO COUNTY JAIL

John Kunz Bound Over to Grand Jury For Very Serious Offense.

John Kunz, a farm laborer employed by John H. Seifert, of Cottonwood, must answer to a very serious charge. He is accused of having taken indecent liberties with Angelica, the 7-year-old daughter of Mr. and Mrs. Seifert, and the case against him seems very plain. Two little tots, sisters of Angelica, witnessed the alleged assault and it is upon their testimony that the state will rely.

The crime of which Kunz is said to be guilty was committed Sunday afternoon, when he picked little Angelica up in his arms and carried her to his room. The other two babies, aged five and six, followed up the stairs and from the doorway saw all that transpired. Subsequently one of these informed her father and on Monday Mr. Seifert swore to a complaint. That evening Kunz was arrested at the Seifert home by Sheriff Julius and lodged in the county jail. Yesterday afternoon at 2 o'clock he was arraigned before Judge Henningsen and waived examination, being bound over to await the action of the grand jury at the June term of court. He was remanded to the custody of the sheriff without bail.

Kunz is about 23 years of age and a son of Jos. Kunz, of this city. He is said to have committed a similar assault upon the child some time ago, the parents not learning of it until after the exposure of Sunday. In neither instance, however, did he seriously injure the girl. If convicted of the charge of taking indecent liberties with a child under ten years of age he will be liable to a sentence of ten years in the penitentiary or a fine of \$1,000.

Representative S. D. Peterson, who has devoted the past three months to looking after the interests of the people of this vicinity and particularly this county, in the legislature, arrived home after the adjournment, and is glad to get back. He says that the bill changing the dates for holding court in this district became a law and that the dates are to be changed as published in the Review but the bill setting off Lincoln county failed to pass the house, being introduced too late and bitterly opposed by the members from the 12th district. As it stands now Judge Webber has just as much territory to cover as formerly. It is too much and the judge should be given an assistant if they are going to keep the district as large as it is.

Suicide Near Springfield.

Telegraph dispatches to the Minneapolis papers tell of the suicide of Mrs. Ziek, residing in the township of Willow Lake, Redwood county, a few miles from Springfield. Last Thursday in the absence of her husband the woman killed herself by jumping into a well. No reason is known for the deed other than that she had been acting strangely of late. It is now believed that her mind was unsettled by the birth of a child two weeks ago.

Monday's Minneapolis Journal contains a good writeup, with illustrations, of the New Ulm Commercial Union. The Minneapolis Journal contains all the important happenings in this neighborhood, and for readers who want a daily paper, is just the one they want.

DEFENDANT MUST MAKE GOOD

Referee Eckstein Decides In Favor of Warehouse Company.

Give Judgment Against James Montgomery For Sum of \$3,600.

Case Argued at Sleepy Eye in January Was Decided Saturday.

Referee W. T. Eckstein handed down a decision Saturday in the case of the Farmers' Warehouse association, of Sleepy Eye, vs. James Montgomery. His findings are against the defendant, he giving the corporation a judgment for \$3,600, or practically the sum asked. From the promiscuity of the parties concerned, this case has attracted considerable attention in the county. James Montgomery, the defendant, acted as wheat buyer for the association from Nov. 1, 1899, to Dec. 31, 1901. When he assumed charge of their elevator at Sleepy Eye the business was in poor condition but in a few years he succeeded in placing it upon a solid footing and had the elevator paying dividends.

He prospered, also, in handling machinery and other goods for the company but when, at the annual meeting in 1901, Montgomery asked for an increase in salary it was refused him. He at once turned in his resignation and asked for an immediate settlement but this was denied him. After waiting several months and examining their manager's books, said to have been a very inefficient system, the warehouse company charged him with being short \$4,000 in his accounts.

When he denied any indebtedness they retained Somerville & Olsen and brought suit to recover the amount, Montgomery securing the services of Attorneys John Lind, A. Ueland and Albert Steinhauer to fight the case. On Jan. 6, 1903, when the action came up before the district court, it was placed with a referee, W. T. Eckstein being named.

He heard the evidence at Sleepy Eye on January 15th and has just made public his decision, giving the plaintiffs nearly the full amount asked. It is not unlikely that Montgomery will appeal.

STORE ROBBERS FAIL

Make Two Attempts to Enter Postoffice at Hanska.

Two ineffectual attempts were made Sunday night to enter Carlson Bros.' store and postoffice at Hanska. Both were frustrated by Ed. Carlson, one of the proprietors, who displayed a light and frightened the burglars away.

Sunday evening Mr. Carlson went to his room in the upper story of his building, which is used as a boarding house, and remained up reading for some time. About 11 o'clock he turned down his light preparatory to retiring and shortly afterward heard a noise as of someone attempting to force the front door of the store. Going to the window, he looked out and saw five men grouped about the entrance.

Hoping to frighten them, he made a slight noise and showed his light. The ruse had the desired effect, for the men desisted in their efforts and walked away. Less than an hour later, however, they returned and again tried to pry open the doors, only to be repulsed in the same manner.

They did not appear again but at 2 o'clock a stranger who was occupying the room adjoining Mr. Carlson's, let himself out and quietly left the building. He is thought to have been a confederate of the thieves, placed in the next room to watch Mr. Carlson's actions.

The latter came to New Ulm on the early train Monday morning, Deputy Sheriff Chas. Brust returning with him to the scene of the attempted robbery. As we go to press he has not made any arrests but the authorities are still working upon the case.

Store Changes Hands.

Late yesterday afternoon a deal was consummated whereby Chas. Forster, jr., disposed of the New Ulm furniture store to Chas. Baltrusch. The latter will take possession today. Mr. Baltrusch, the new proprietor, was formerly in the general merchandise business in the city and has a wide acquaintance with the trading public.

A Congressman's Letter.
Hon. H. W. Ogden, Congressman from Louisiana, in a letter written at Washington, D. C., says the following of Peruna, the national catarrh remedy:

It has been commended to me by people who have used it, as a remedy particularly effective in the cure of catarrh. For those who need a good catarrh medicine I know of nothing better."

BRIDE BECOMES A WIDOW

Sad Death of Herman F. Mallman at Hibbing, This State.

Relatives in this city received word Monday of the death of Herman F. Mallman, of Hibbing, Minn. No details were obtainable that day but it has since been learned that he committed suicide by drinking poison.

Deceased was only 30 years of age and financial troubles are believed to have incited him to the rash deed. Less than six weeks ago he was united in marriage in this city to Miss Sophia Wellner and the sympathy of the entire community will go out to the widowed bride.

Her's has indeed been a life of sorrow. But a few years ago her brother, John Wellner, was cruelly murdered and now her young husband, whose acquaintance she formed while on a visit to a sister at Hibbing last winter, has brought her even greater sorrow by taking his own life.

High School Team Won.

A hotly contested game of base ball between the teams of the New Ulm high school and Dr. Martin Luther college was played Saturday afternoon at the grounds on College Heights. The score: High School 0 5 1 0 3 2 2 4 2—19 College 0 5 7 0 1 0 0 1 1—15

I can heartily recommend Peruna as a catarrh remedy."**—Mrs. Elmer Fleming.

Mrs. Elmer Fleming, Minneapolis, Minn.

Treat Catarrh in Spring.

The spring is the time to treat catarrh. Cold, wet winter weather often retards a cure of catarrh. If a course of Peruna is taken during the early spring months the cure will be prompt and permanent. There can be no failures if Peruna is taken intelligently during the favorable weather of spring.

As a systemic catarrh remedy Peruna eradicates catarrh from the system wherever it may be located. It cures catarrh of the stomach or bowels with the same certainty as catarrh of the head.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
