COMMITTEE HAS A SURPLUS

Out of \$1447.13 Collected, Only \$1336.73 Was Expended.

Balance Will be Disposed of at a Meeting to be Held Soon.

The committee in charge of the Fourth of July celebration has a surplus on hand of a trifle over \$100. This appears from a report issued by a committee composed of Gen. Bobleter, Wm. A. Pfefferle, Ben Amann, Chris. Filzen Jr. and Andrew J. Eckstein.

The total funds in the hands of the general committee amounted to \$1,447.13 derived from the following sources: City council appropriation... \$ 200.00 Popular subscription... 1,081.50 Sporting events... 136.70 Souvenir buttons... 28.93

The gate receipts at the ball game were \$271.95. Of this amount the Brown County Agricultural Society received as its share \$78.00, and \$57.25 went towards paying the prizes offered for races and other incidental expenses. This left a balance of \$136.70 which the committee on sports turned into the general treasury.

The general committee expended \$1,336.73, the more important items being as follows:

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
