HIGH MARKINGS FOR COMPANY A

Col. Gerlach Gives New Ulm Organization Best of Rating on Every Score.

When Lt. Col. Gerlach, a retired army officer, inspected Company A three weeks ago he took the trouble to compliment both officers and men on the showing made, but it is doubtful if any of them expected at the time that his official report would be as flattering as it really is.

He gives them the highest possible marking on every point, and this includes condition at inspection, condition of books and records and state property and condition of uniforms, arms and equipment.

He even goes further. In an added comment he says that "the appearance of the company and the general condition of its affairs was excellent." He found "strong evidence in every direction of hard and intelligent work by the company commander, ably supported by competent subalterns and zealous non-commissioned officers."

"Special credit is due the organization," he says, "for interest taken in rifle practice. Gallery practice has been diligently pursued with remarkably good results, Sergeant Klaus leading with a score of 148 out of a possible 150 and Captain Pfaender following with a record of 144."

The Colonel notes that out of the company's inspection allowance for 1907 the sum of \$431 was applied on a 1,000 yard rifle range two miles from town, but notwithstanding this large expenditure the company's treasury has a balance on hand of \$740.31.

A. R. Kelm of Sleepy Eye has sold his Eden farm, consisting of eighty acres, to Edward Nelson for \$8,000.

It is rumored that Attorney Jos. A. Eckstein will seek the republican nomination for representative this fall. Representative Peterson, it is understood, will not be a candidate.

Senator Depew, at a dinner recently given in his honor in Washington by Speaker Cannon, decried the after-dinner toast.

"Once, in England," said Senator Depew, "I attended a birthday dinner that a certain marquis gave his tenants.

"The marquis' bailiff was the toastmaster, a solid, ruddy old fellow with side whiskers brushed forward in the old style.

"After the cigars had come on, the toastmaster leaned towards the marquis and above the merriment I heard him say:

"Would you like to propose your toast now, my lord, or should we let 'em enjoy themselves a bit longer?"

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & Co. Toledo, O.
