

### A Bold Step.

To overcome the well-grounded and reasonable objections of the more intelligent to the use of secret, medicinal compounds, Dr. E. V. Pierce, of Buffalo, N. Y., some time ago, decided to make a bold departure from the usual course pursued by the makers of put-up medicines for domestic use, and so has published broad-cast and open to the whole world, a full and complete list of all the ingredients entering into the composition of his widely celebrated remedies. Thus he has taken his numerous patrons and patients into his full confidence. Thus too he has removed his medicines from among secret nostrums of doubtful merits, and made them **Remedies of Known Composition.**

By this bold step Dr. Pierce has shown that his formulas are of such excellence that he is not afraid to subject them to the closest scrutiny.

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. E. V. Pierce, Buffalo, N. Y., and requesting the same. From this book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisonous or injurious agents, and that they are made from native medicinal roots of great value; also that some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for women, nervous, over-worked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed." Our knowledge of the uses of not a few of our most valuable native medicinal plants was gained from the Indians. As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

### Shall We Tan Your Hide?

The average Stock Raiser hardly realizes the value of cow, steer and horse hides when converted into fur coats, robes and rugs. Get the new illustrated catalog of the Crosby Fur Co., Rochester, N. Y. It will be a revelation to you. And "Crosby pays the freight."

Hundreds of thousands of people use Hollister's Rocky Mountain Tonic as a family tonic. If taken this month it will keep the family well all spring. If it fails get your money back. 35 cents. Pioneer Drug Co.

### Ask for Allen's Foot-Ease.

A powder for swollen, tired, hot, smarting feet. Sample sent free. Also Free Sample of the Foot-Ease Sanitary Corn-Pad, a new invention. Address, Allen S. Olmsted, Le Roy, N. Y.

### WEAK MAN RECEIPT Free

Any man who suffers with nervous debility, loss of natural power, weak back, failing memory or deficient manhood, brought on by excesses, dissipation, unnatural drains or the follies of youth, may cure himself at home with a simple prescription that I will gladly send free, in a plain sealed envelope, to any man who will write for it. Dr. A. E. Robinson, 624 Luck Building, Detroit, Michigan.

### DR. ADDISON - JONES

The Regular and Reliable Chicago Specialist will be at DAKOTA HOUSE, New Ulm, Minn., Wednesday, May, 26th. HOURS: 9 a. m. to 3 p. m. One day only and return each 28 days

### Piles, Fissure, Fistula, Hydrocele

Guaranteed Cured Without the Knife or Detention from Business. Chronic diseases of eye, ear, nose, throat, liver, stomach, kidneys treated. Glasses fitted and guaranteed. READ WHAT PLEASED PATIENTS SAY.

I had hemorrhoids (piles) severely for fifteen years. Dr. Addison Jones, the Chicago specialist, said he could cure me without operation and he has done so, and with very little pain. Have now been well of them for almost a year and feel in better health than I have been in last twenty years.

MARGARET MCGINN, Owatonna, Minn. For seven years I suffered with piles. Dr. Addison Jones, the Chicago specialist, has now cured them without operation and with very little pain. I can recommend him cheerfully.

A. B. COWAN, Fairbault, Minn. Dr. Addison Jones treated and cured me of long standing stomach troubles and nervousness. I have been free of the trouble for the last six months and feel the best this summer I have for years. I can heartily recommend Dr. Jones.

SAM AMUNDSON, Blue Earth, Minn. I suffered for years with bronchitis and liver trouble. Had taken treatment with only poor results until I had consulted Dr. Addison Jones. He has treated me with excellent results and I now feel well and like a new man. Write to me and I will tell you how much I was benefited. I heartily recommend him to others.

E. E. BOUWEN, La. Kasota, Minn. This is to certify that I suffered with piles for many years and at times they were so severe I had to quit my work. I used salves which did little or no good. I consulted Dr. Addison Jones, who said he could cure me. He has now done so and my piles are well. Consult him and he will treat you right.

C. McALLISTER, Mankato, Minn. NOTICE. These testimonials are genuine. I pleased them, they are all thankful and if your case can be cured I can cure you. If I treat you I will do my best to please and cure you as my pleased patients are my best advertisements. Call and consult me. You are welcome even though you do not take the treatment.

### WONDERFUL CURES

Perfectured in old cases which have been neglected or unskillfully treated. No experiments or failures. We do not undertake incurable cases, but cure thousands given up as lost.

Consultation Free and Confidential. Reference, Drexel State Bank. Address DR. ADDISON-JONES 145 Oakwood Blvd. Chicago

### WILL RETURN TO MINNESOTA

Special Assistant Attorney General Kellogg to Retire.

Frank B. Kellogg, the special assistant attorney general in charge of trust prosecutions, was in Washington and informed President Taft and Attorney General Wickersham that he would close his relations with the government when he has completed the work he now has in hand in connection with the effort to have the Standard Oil company declared a combination in restraint of trade and the fight to have the Harriman lines declared a combination of competing roads in violation of law. It probably will be a year or more, before these two important cases can be closed up. Mr. Kellogg said he was anxious to return to Minnesota to devote himself to his personal law practice.

### ORE NEEDS NO PROTECTION

Senator Nelson Opposes Duty on Output of Iron Mines.

Declaring that the iron and steel industry of Minnesota needs no protection, and that the supply of ore has passed into the hands of the steel trust, Senator Knute Nelson attacked that item of the tariff bill which proposes a duty of 25 cents per ton on iron ore, and which passed the senate.

"The greatest body of iron ore in the country is in Minnesota," he said. "One half of the ore produced in the United States in 1908 came from the Superior region. This ore needs no protection. It is practically owned by the steel trust, and is mined by that organization operating under other names in different places."

### JOHNSON AT WASHINGTON

Minnesota Governor Has Poor Opinion of Tariff Bill.

Governor John A. Johnson called at the White House at Washington and made an appointment to see the president with a party of friends from Minnesota. Governor Johnson was asked if he had any views to express on the tariff situation.

"I have not read the papers closely for the past two weeks," he replied, "and don't exactly know the situation."

When told that the situation was the same as it was two weeks ago he smilingly said: "Then I don't think much of the tariff bill."

### STOPS RED KEROSENE SALE

Attorney General Renders Opinion on Law Recently Passed.

There will be no more red kerosene sold in the state after this, according to a ruling made by the attorney general in reply to a query from E. J. Lynch, state oil inspector. The new law, which goes into effect July 2 and provides for a gravity test for all kerosene and gasoline, has a paragraph which says that "The sale of adulterated illuminating oils or gasoline is hereby prohibited and any oils that present a yellowish or dark color or dirty appearance to the eye may be rejected and disapproved for illuminating purposes by the chief inspector without further test."

### NO OPPOSITION TO WILLARD

Newly Appointed Federal Judge to Be Confirmed by Senate.

It may now be stated upon authority that there will be no opposition in the senate to the confirmation of Charles A. Willard, who was nominated by President Taft to be federal judge in Minnesota. The subcommittee, of which Senator Nelson is chairman, will make a favorable report on the nomination to the full committee.

The nomination will be reported to the senate in a few days and promptly confirmed without a dissenting voice.

### Mill Elevators Are Exempt.

Receiving elevators at the mills will not have to pay the so called bushel tax, according to an opinion rendered by Attorney General George T. Simpson to the state tax commission. The tax is one-fourth mill per bushel of wheat and flax and one-eighth mill on other grains handled by elevators. The law was passed by the last legislature.

### Baby Strangled to Death.

Wrapped in some old papers and an apron the dead body of a female infant was found by workmen in an ash heap in an alley at Minneapolis with a cord tied around its neck. The baby had been dead for about two days and the police have no doubt that it had been choked to death by means of the string, which was deeply imbedded in its flesh.

### Minneapolis Man a Suicide.

Robert Caine of Minneapolis, forty-eight years of age, cut his throat with a razor after telling his two daughters that he intended to commit suicide and showing them just how he had sharpened the razor with which he intended to end his life.

### Ends Life in Bathroom.

John P. Bernik of St. Cloud, this state, ex-sheriff of Stearns county, shot and killed himself in the bathroom of the Deebach Bros.' barber shop at St. Paul. No cause has been assigned for the suicide. Mr. Bernik was forty-five years of age.

### BIG TENPIN CONTEST

Women Bowlers to Compete For World's Championship.

NEED NOT BE CLUB MEMBERS.

Tourney to Be Held in New York Will Be Conducted Under Rules of Eastern Ladies' Bowling Contest—Figures For National Bowling Tournament Reach Huge Proportions.

Every woman bowler in America is invited to enter the individual competition for the world's championship to be held in Madison Square Garden, in New York, on May 24 to June 12, during the three weeks given to the national championships for men by the National Bowling association. Final arrangements for the tournament have been perfected with the United Tournament company, which has been organized to handle the National Bowling association events.

This is the only tournament for women that will be held in the big garden. There will be no entry or other fees of any kind, and every competitor will have free admission to the garden during the tournament. Club membership is unnecessary, as the entries are all made by individual registration. In recognition of the eastern ladies' bowling congress, an organization of 300 or more members, that has done so much for bowling among women in the east, the garden event will be conducted under its rules, which are the same as those of the New York Bowling association.

The first prize will be a valuable diamond emblem, probably in the form of a brooch or locket suitably engraved. This trophy will be recognized as emblematic of the world's championship. Other medals of gold, silver and bronze are for second, third and fourth prizes. Each woman will roll three games, total pins to count, as in the individual competition for the men and boys. Games will be rolled only in the afternoon.

Quite as much interest has been awakened among the women in the west over this tournament as among those in the east and in Greater New York. Miss Gertrude Hull of Chicago, who won the Olympic championship at St. Louis; Miss Birdie Kern, daughter of Martin Kern of St. Louis, the former national champion; Miss Herrmann, daughter of Garry Herrmann of Cincinnati, chairman of the national baseball commission; Miss Bergman of Philadelphia and many women bowlers of note will all be competitors for the diamond medal.

In the garden they will meet for the first time the best of the east, among them Mrs. P. J. Riddell, who defeated Mrs. Hull at Rochester last year, and all the stars of the eastern ladies' bowling congress.

In this competition, as in that for the men and boys, where tournament conditions make the result extremely open, every woman bowler will have an equal chance to win the diamond trophy and the world's championship.

Rather remarkable are the results when a person with an inclination for mathematics delves into figures pertaining to the national bowling championship tournament.

On the basis that 500 five man teams will compete, there will be 30,000 games rolled—300,000 frames. Figuring on eighteen balls to a game, 540,000 deliveries will be made.

With each ball traveling eighty-five feet and back, or 170 feet to each delivery, means that 91,800,000 feet, or about 17,386 miles, will be the distance covered by bowling balls in the garden. This is six times the distance between New York and San Francisco.

Each ball weighing sixteen pounds, a total weight of 8,640,000 pounds will be lifted, or about 4,320 tons, the weight of an ocean steamship. Each bowler will lift and handle nearly half a ton.

Approximately 5,400,000 pins will be knocked down, a weight of 17,550,000 pounds, or 8,775 tons. The combined weight of the balls delivered and the pins knocked down will be greater than the weight of the steamship St. Louis.

The time for bowling will extend over eighteen days. There will be \$50,000 in prizes, \$1,000 of which will be given to the winning five man team.

There will be three distinct titular competitions—five man, two man and individual.

Eighty-five per cent of all the entrance fees are returned to the bowlers in prizes. Thirty thousand score sheets will be necessary to record the games, each sheet having room for three games and being issued in triplicate. The aerial scoring system, by which every person in the garden may follow the progress of each ball rolled, will cost \$1,500 to install.

One team will enter from Germany and one or more teams from the Pacific coast. The tournament will be the largest bowling event ever held, both in point of entries and spectators. Of course a mathematical person, fond of research to an exhaustive degree, might attempt to ascertain the amount of skin worn off the fingers of the bowlers or the amount of nervous energy wasted in expressing the feeling of a man who has just missed a spare in the tournament or encountered an impossible split.

### German Prizes For Operas.

Publisher Curt of Berlin, Germany, offers two prizes of \$2,500 and two consolation prizes of \$500 for the best operas and librettos, which must be in German and sent in by May 15, 1910. The winning works will be performed at the Municipal theater, Hamburg.

### MONUMENT TO ADAM.

Builder Says First Man Should Have Homage Paid to Other Pioneers.

Believing that it is better late than never, John P. Brady of Baltimore, contractor and builder, has had erected at his country house, Hickory Grounds, near Gardenville, Md., a monument to the memory of Adam, the first man.

After spending much thought upon designs for the monument Mr. Brady came to the conclusion that nothing could be more fitting than a plain square shaft of concrete surmounted by a sundial.

Without saying that women will not be admitted, Mr. Brady wishes the occasion of the dedication to be distinctly masculine. He has no intention at any time to erect a memorial to Eve. The monument bears two opposite panels, which read:

THIS THE FIRST SHAFT IN AMERICA IS DEDICATED TO ADAM, THE FIRST MAN.

In the circular form surrounding the sundial is the Latin quotation:

"Sic transit gloria mundi" (So passes the glory of the world).

"After all, there is no serious reason why there should not have been thousands of memorials to Adam," said Mr. Brady the other day. "Some of us may blame him for the misfortunes which we get in this world, but few of us wish that he had not been brought here. It was kind of Adam to come first. He paved the way and should receive the homage which we pay to pioneers in all fields. There seems to be glory enough to go around for every one who ever did anything, and many monuments and other tributes have honored men who never did anything."

"If it is so easy to get one's name graven in stone I thought it was high time Adam had something to show for having been here. Adam had a pretty hard time of it. He was something of a hero, after all. Just think of it, to be here on this big earth, not a soul until Eve came, and then!"

### FAMOUS BRITISH STATESMAN.

Incidents in the Career of Joseph E. Chamberlain, Great Unionist Leader.

Joseph E. Chamberlain was until his retirement a great Unionist leader in British politics. He early became known for his radical opinions and was in turn councilman and mayor of Birmingham and on the return of the Liberals in 1886 was made president of the board of trade, with a seat in the cabinet.

Mr. Chamberlain achieved great prominence by his schemes for the regeneration of the masses, which included the "restitution" of land and the "ransom" of property. He succeeded in passing the bankruptcy bill; he advocated the readjustment of taxation, free schools and creation of allotments by compulsory purchase.

He resigned from the office of president of the government board in March, 1886, one month after he had taken the office, as outcome of his opposition to the Gladstone party and particularly the Gladstone home rule policy for Ireland.

Lord Salisbury, as prime minister, sent him to the United States as commissioner in the Canadian fisheries disputes, and later he was made colonial minister. His chief ambition during the period he held this office was to bind closer, if possible, the colonies to England. He succeeded in many instances.

In 1888 he married Mary Endicott, daughter of William G. Endicott, secretary of war in Cleveland's first term. He resigned as secretary of state for the colonies in 1903 because of his pro-tariff views.

### GARAGE FOR AERIAL CRAFT.

Philadelphia Hotel Makes Ready For Influx of Aeronautic Guests.

An attache of the Bellevue-Stratford hotel in Philadelphia recently announced that when the additions to the hotel are completed, giving an immense amount of roof space, an aerial garage will be established so that airships of all kinds may gently alight from the clouds and be anchored while their occupants get out and partake of refreshments in the roof garden or stretch their legs on the broad promenade which will be provided.

According to the press agent, there will also be installed on the roof all the necessary apparatus for replenishing the power, both fluid and electric, of the air craft, while expert airship mechanics will be in attendance to give such aid as may be necessary to disabled aeroplanes.

### A Quincentenary.

Among the many seats of learning which will shortly be celebrating centenaries is the University of Leipzig, in Germany. This foundation will celebrate its five hundredth anniversary toward the end of July next and its one thousandth session. The program will include a service in the university church, the Pauline Pauliner kirche; a meeting in the new theater, with an address by Prince Frederick August of Saxony; a fete champetre at the Palmengarten, a historic procession, gala performances in all the theaters and a "commerz" in a specially constructed hall, at which 10,000 will be present. The arrangements are in the hands of the rector and professors.

### High Price For Church Pew.

Mrs. Frank B. Vrooman, daughter of General John C. Black of the civil service commission, has paid \$3,000 for the pew next to that occupied by Mrs. William H. Taft in St. John's Episcopal church at Washington. The church officers say this is the highest price ever paid for a pew in that edifice.
