A beautiful home wedding took place Monday evening, Aug. 16, at the home of Mr. and Mrs. George Marti, parents of the bride Miss Hertha A. Marti, who was married to Ernest A. Hagberg. The ceremony was performed by Justice N. Henningson and took place under a large wedding bell of white and red flowers which was suspended from a canopy. The bride was attended by her father and the groom was led by the officiating justice. A little girl and boy carried each a basket of flowers in the center of which were the rings which were exchanged during the ceremony. Miss Alma Marti played the Lohengrin wedding march. After the ceremony the guests to the number of 60 marched to a table artistically arranged and placed outdoors in the driveway adjoining Mrs. Aug. Schell's beautiful garden. Electric lights of various colors and numberless designs representing Cupid formed an artistic display of splendid illumination. A hand painted card with the name of each guest tied to a small piece of wedding cake was placed with each plate. A splendid repast was served during the progress of which a toast was proposed by Justice Henningson, who acted as toastmaster extending to the young couple the sincerest wishes for a long life, full of health, happiness and prosperity. After the toast poet Otto Schell read a poem having reference to the young couple, which was pleasing and much enjoyed. The justice recited a piece on the ups and downs of married life and after various other remarks the party proceeded to the merry-making in the shape of dancing, for which the 2nd Regiment band furnished excellent music.

New Northwestern Time Card.

Sunday a new time table on the Chicago & North Western railroad went into effect thereby partly restoring the services of some years ago. The local trains (Nos. 13 & 14) known as the Mankato-Tracy local is reinstated and arrives from Mankato via St. Peter (old line) west bound at 8:30 a. m. daily except Sunday, connecting at Sleepy Eye with the Redwood branch and Marshall line and at Sanborn with the Vesta branch and for the south. Returning (east bound) it arrives from Tracy at New Ulm at 6:55 p. m. reaching Mankato via the new line and connecting for points south on the C. St. P. M. & O.

By the new arrangement a local service between New Ulm and Mankato has been installed which will be greatly appreciated by the public. The east bound train leaves New Ulm at 5:10 a. m. connecting at Kasota with the C. St. P. M. & O. line for the north and at Mankato Junction with the through train for the east. On its return trip the train leaves Mankato 7 p. m. connecting at Mankato Junction with the train from the east and at Kasota with the train from St. Paul and Minneapolis, arriving at New Ulm at 8:40 p. m. The train from Tracy, due at 10:12 a. m. has been discontinued, also the train out of New Ulm at 9 p. m. going west. The through train service is not changed and the time of departure and arrival of these trains remains the same as heretofore. The change created a general satisfaction and the traveling public seems to greatly appreciate the new time card.

To the Public.

The Second Regiment Band desires to express to the City Council of the City of New Ulm, its thanks and appreciation of the courtesy extended to it in appropriating a certain sum of money for instrumental music in the public park and on the streets, for the benefit of the public, during the season of 1909.

The band has now fulfilled its agreement and furnished the required number of concerts, but owing to the great interest taken by the public, and the large attendance of our citizens at the concerts given, we take pride in meeting our generous citizens and lovers of music by giving an extra and free concert, in North German Park, on Sunday evening, August 22nd, 1909, at 8 p. m. Let all come and enjoy the evening with the best music we can furnish.

We also wish to thank all our patrons at the concerts given and trust that it has been of some pleasure to them as it certainly has been of great pleasure to us to meet such large and appreciative audiences.

The Overall Factory.

Sometime ago the representative citizens of New Ulm were instrumental in securing from the city council the old two story brick school house in German park for the free use of an overall factory to be established by a Mr. Atkinson of Oklahoma. The Commercial Club of this city now reports that Mr. Atkinson has given out the information that he can not profitably use the said building, but must have a more spacious and commodious factory. He asks that a one story building 40x125 feet with full basement be erected, strong enough to add one or two stories when needed, electric light and city water to be furnished free for five years with the building. At the end of that period it should become the property of the factory firm or company. It is now up to the citizens of New Ulm to interest themselves in a proposition which will, without a doubt, be of some industrial benefit to the community.

How to Cure Skin Diseases.

The germs and their poisons which cause the disease must be drawn to the surface of the skin and destroyed. Salves and greasy lotions may give temporary relief, but they have not the power to destroy the germ life. ZEMO, a clean liquid for external use will draw to the surface and destroy the germ life, leaving a clean healthy skin. ZEMO positively cures Eczema, Pimples, Blackheads, Dandruff and every form of skin or scalp disease. Mr. Eug. Pfeifferle the druggist, endorses and recommends ZEMO and will give you a sample bottle. 24
