

## NEW SCHOOL LAW

### Children Must Attend School.

Truant Law will be Strictly Enforced. Four Excuses for Non-Attendance may be given.

School Age Between 8 and 16.

As stated in last week's issue of the Review vacation time is almost over and a new school year is about to begin and we would like to call the attention of parents and guardians to the new compulsory education law passed by the last legislature.

The new law requires all children between eight and sixteen and in cities of 50,000 between eight and eighteen to attend school during the whole term. Only four excuses for non-attendance may be given: That the parent is unable to properly clothe the child; that the child's bodily or mental condition is such that he cannot attend school or apply himself to his duties; that he has completed the eight grade studies, or that there is no school within a reasonable walking distance.

To see that the new law is enforced where there are no truant officers, clerks of district schools are compelled to make out lists in triplicate of all children of school age in the district. One list is to be given to the county superintendent, one to the teacher and the third retained by the clerk. After the teacher has received this list and the list of excuses granted by the board, he must send the county superintendent a list of all the children who are absent.

The superintendent in turn shall give a list to the county attorney, who shall notify the parents, and if they neglect or refuse to send the child to school within ten days, criminal proceedings may be started and the parent or guardian fined \$50 or sent to jail for thirty days. The fines are to go to the school district where the offense is committed.

### Oak Leaf Diet Kills Cattle in Southwest.

The stockmen grazing their cattle on the National Forests in the Southwest, especially in Colorado and New Mexico, have suffered serious losses during the present summer through the cattle eating oak leaves.

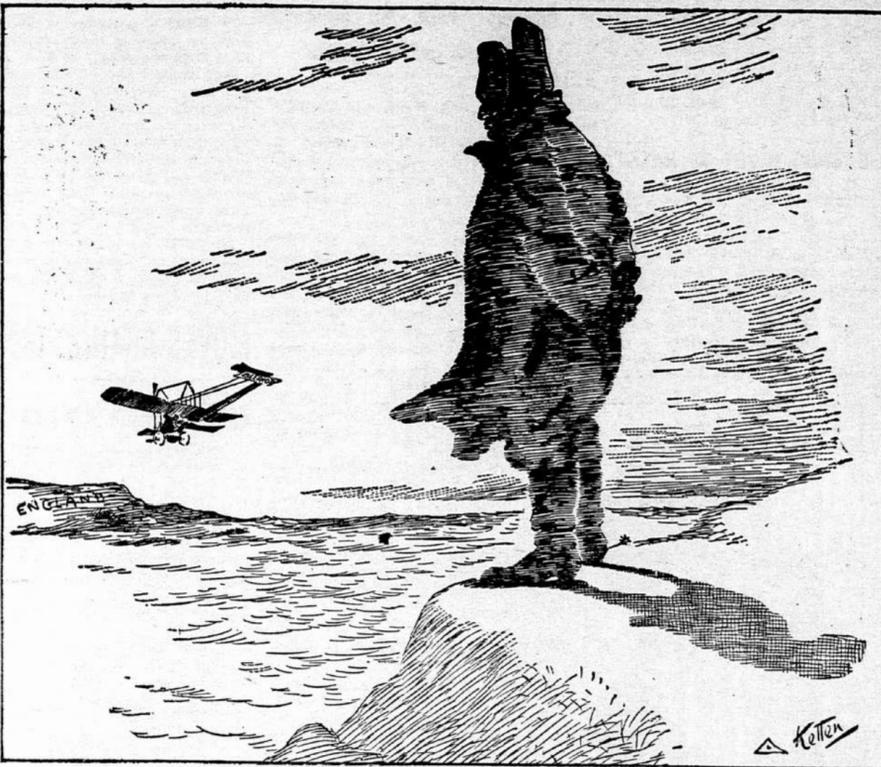

In that section of the country the season has been unusually dry and grass extremely scarce. To eke out the scanty forage supply, the cattle have browsed heavily on the scrub oak which covers large portions of the range. Ordinarily the stock does not browse much on the oak and the little they do get, taken with the other food, is not injurious, but when, as in the present season, the oak browse furnishes a large proportion of the daily food of the cattle, the results are serious.

The oak leaves and sprouts contain a large percentage of tannic acid. The action of this acid on the stomach is extremely injurious and the losses have been unusually severe. The symptoms of the disease are staring eyes, feverish and blistered lips and nose, the animal ceases to graze or seek for food, standing in one place for hours at a time. The coat becomes rough and the hair is all turned the wrong way, as in cases of loco poisoning. The animal does not chew its cud and in a comparatively short time it becomes too weak to remain on its feet and death rapidly follows.

So far as is known the only available remedy for this trouble is linseed oil given as a drench in amounts from one to two quarts. The oil appears to overcome the injurious effects of the tannic acid and if the disease is not advanced too far and the animal can be furnished sufficient food so it will not be forced to eat oak, it will generally recover. The best method, of course, in handling the trouble, is, if possible, to get the cattle away from the range where the oak is found and furnish them with plenty of fresh green feed to build up again.

\* One drop head Wheeler & Wilson No. 9 sewing machine, used only two years, at only \$14.00. New Ulm Music Store.

\* At the New Ulm Music Store you will find a complete line of school supplies, as tablets, pencils, copy books, drawing books, note books, slates, pencil boxes, water colors and the Modern Webster dictionary. We give a big tablet, all you can carry, for 5 cents. Give us a call. New Ulm Music Store.

### COMMANDANT MUST GO.

#### First Move of Housecleaning at Annapolis Will Hit Col. Doyen.

Col. Charles A. Doyen, commandant of the marine barracks at Annapolis, is to be relieved of duty at that post—the first step in the housecleaning, it is said, which is to be carried out in the marine corps as a result of the harsh criticism of that body by the assistant secretary of the navy and the Sutton court of inquiry.

Neither the navy or marine corps has any fault to find officially with Col. Doyen, who is regarded as capable and efficient, nor is reason given for his removal, but the fact that he was commandant at the time of the Sutton brawl is assumed to be the occasion for the change.

### NEWS ITEMS OF THE NORTHWEST

Fire destroyed the Finnish temperance hall at Bovey, Minn. Loss \$900.

Coleraine, Minnesota voted \$40,000 for a new village hall.

Thief River Falls, Minn.—Congressman Halvor Steenerson attended a meeting of the business interests of this city called for the purpose of taking steps to counteract the effects of the recent adverse report of the army engineers relative to the proposed improvement of the Red Lake river, which opposed the expenditure of the \$50,000 appropriation made by congress last winter for the deepening of the channel of the Red Lake river from Thief River Falls to the Red Lakes, a distance of some 100 miles.

Beloit, Wis.—Pathfinder, a famous boar, brought \$500 and a sow sold for \$450 at the sale of Normal Berkshires on the F. W. Morgan model farm on Thursday. Buyers were present from many states. The highest priced hog went to the Sheffield farm at Glendale, Ohio.

Mayville, Wis.—Charles Westphal, a farmer of the town of Herman sold his farm to the Northwestern Iron company for \$25,000. The farm contains about 112 acres and is said to have valuable mineral deposits.

St. Cloud, Minn.—Recently the home of Emil Lillquist was entered and two watches and four rings valued at \$200 were stolen. Entrance was gained through a dining room window. No trace of the thieves can be found.

Glencoe, Minn.—William Burke, an old resident of Bergen township, was killed by falling under his wagon, which passed over his body, causing instant death.

Deadwood, S. D.—A drink taken in a frolic proved fatal to Frank Kennedy, a young workman from Nahant. Kennedy sought to play a trick on a friend by drinking a bottle of liquor he found in the man's clothes, but in the dark he swallowed corrosive sublimate instead and lingered forty-eight hours in agony.

### Taft Orders Silence.

#### Ballinger—Pinchot Affair Will Not be Discussed in Congress.

There is no danger that the transmississippi congress will mix in the Pinchot-Ballinger controversy. Every action taken by the delegates shows plainly that this quarrel will not be allowed to creep into the official records of the organization.

The belief is stronger that this course was adopted at the instance of Pres. Taft, who is said to have made a personal appeal to Pres. Thomas Walsh, asking him to keep the controversy out of the congress.

### Mexican States Full of Revolt.

Much unrest is reported in the states of Coahuila and Nuevo Leon, in northern Mexico. Gen. Bernardo Reyes, governor of Nuevo Leon, who has been mentioned as the successor to President Diaz, has retired to a mountain retreat. El Imparcial, the government organ, says that \$75,000 was sent to him yesterday secretly.

A special train carrying 400 cavalrymen has left here under sealed orders. Its supposed destination is Sabinas, in the state of Coahuila, where anti-administration riots are reported to have occurred.

The papers here declare that Gen. Reyes has been forced to resign the governorship of Nuevo Leon, but this report cannot be confirmed. The friends of Reyes are preparing a demonstration in his honor the occasion being his birthday.

"Stranger things have happened than Theodore Roosevelt heading an independent ticket in 1912."

The above from Frank Day's democratic Fairmont Sentinel is a sample of a great deal of talk that is being heard in private conversation, from the platform and in the public press. But to this sentiment we cannot say, Amen. No man shouted more loudly in 1904 or voted "earlier and oftener" for Theodore Roosevelt than did the editor of the Reveille. But he deceived us in 1908 by dictating the nomination and election of Taft, saying to the American people, "Here is a man after my own heart. I know him as you have had no chance to know him. Choose him for your president and charge his official acts to me." The people took Roosevelt at his word and they have a right to hold him responsible, for he knew his man. He knew what was coming and wanted to be out of the way and that is why he lost himself in the wilds of Africa. Under these circumstances and because of these facts we have no more votes or plaudits for Theodore Roosevelt. We can give him full credit for all the great acts of the past, but there are many men for whom we would prefer to vote in the future.—Redwood Reveille.

### BIG MORTGAGE FILED.

#### Cudahy Packing Co. Encumbers Minnesota Property.

A supplementary mortgage securing Minnesota property, given as a portion of the security for a \$5,000,000 gold bond issue by the Cudahy Packing Co., Chicago, was filed with the Ramsey Co. register of deeds.

The Cudahy company recently commenced extensive improvements in Chicago and other cities and issued the bonds to obtain the money necessary to carry on the work.

The Illinois Trust & Savings bank is the trustee. The property in St. Paul includes that at 6th st. and Broadway, and other property in that vicinity. Property in Duluth and Minneapolis is also listed in the mortgage.

The mortgage is signed by Michael Cudahy, president, and A. F. Borchardt, secretary.

### Uniform Marriage Laws For All States Urged.

The commissioners of uniform state laws in session in Detroit, Mich. took up the question of a uniform marriage license law. W. O. Hart, member of the special committee appointed to consider the measure, said: "Not only do the commissioners aim at preventing improper marriages, but they will attempt to prevent common law marriages by bringing them under a special statute making such a marriage a felony. There will be no physical examinations proposed. We will stick purely to the legal side and will not ask for the inclusion of provisions that would cause a rejection of the law by the state legislatures."

It also was announced that the commissioners will consider a uniform law on wife desertion, to apply in cases where one deserts the other to facilitate divorce.

### Mill Closes Down.

After having been in operation for more than forty years, the Riverside mill closed down yesterday morning and will not reopen unless a sale of the property is concluded. After the death of Chas. Fay a few weeks ago, Major A. L. Sackett announced his intention of retiring from active business, and at once offered the mill for sale. Yesterday morning the machinery was shut down, but the mill will not close until the stock now on hand is disposed of. It is hardly likely that the plant will be allowed to lie idle. A number of local men have been considering the advisability of organizing a stock company and purchasing the property, and it is understood that outside parties are willing to purchase. No negotiations have yet been opened, however, and for the present the mill will not be operated.—St. Peter Herald.

### MORGAN BUYS GT. WESTERN

Perfunctory Sale Takes Place at St. Paul to the only Bidder.

Capital \$96,000,000.

The Chicago Great Western railroad was sold by Special Master Albert R. More, representing the United States court and the receiver, to a syndicate formed by J. Pierpont Morgan, for \$12,000,000.

Mr. Morgan was the only bidder. His certified check for \$500,000, as required by the court, was the only one deposited yesterday. Attorneys S. W. Stevens and G. H. Gardner of New York represented Mr. Morgan. The proceeding was a perfunctory transfer of the road by the receiver to the new company, headed by Samuel M. Felton as president. The capital stock of the reorganized company is \$96,000,000 and the incorporators and first board of directors are members of the Morgan law firm in Chicago and others who are dummies.

### LARGE WHEAT CROP.

#### Harvest in Canadian Northwest Will be Upwards of 100,000,000 Bu.

The grain of the Canadian Northwest is being rapidly harvested and indications are for one of the largest crops in the history of the territory.

It is estimated the wheat output will be upwards of 100,000,000 bushels, if frost and hail do not come before the cutting is completed.

### Baseball Notes.

For the second time this season the New Ulm Autos vanquished the Kasota team. New Ulm played better ball at all times and the final counting was 5 to 1. The home boys were aggressive in the first inning. Wicherski walked pilfered second and third and scored on a passed ball. Kasota evened things up in the next frame however. E. Swenson reached first on Dahms error and then Davies doubled over left. Lindemann caught Swenson at the plate but Davies took third on the throw-in. After Thompson struck out Grant banged out a safe one scoring Davies. Good pitching held Kasota safe for the rest of the game. In the 6th inning Dahms made a great running catch and then caught Taucett off first making a fast double play.

The Autos scored one in the 6th inning on errors and three in the 7th on 3 hits, an error and a sacrifice.

### Summary:

Kasota 0-1-0-0-0-0-0-0-0-1  
New Ulm 1-0-0-0-0-1-3-0-x-5  
Earned Runs—Kasota 1, New Ulm 2.  
Sacrifice hit, Alwin. Two base hits, Pfeiffer, Davies, Alms. Stolen bases, New Ulm 9. Left on bases New Ulm 3, Kasota 6. Bases on balls by Neumann 1, by Alms 1. Struck out by Neumann 6, by Alms 8, hit by pitcher by Neumann 2, double play Dahms to Huhn. Passed balls Alwin 1, Davies 1. First base on errors, New Ulm 4; Kasota 4. Time 1:40. Umpire Emmerich.

In the double-header on Sunday the Daniel Websters defeated the Pirates in both games by scores of 12 to 2 and 15 to 2.

Love, sunshine and common sense, thoroughly mixed in the proper proportion, beat all the patent medicines on the market as a cure-all for the ills of mind and body—and no alcohol is needed as a dissolvent or preservative. "Children cry for it."—Bede's Budget.

### THE STRIKE IN SWEDEN

Word is Given Out to the Effect that the General Strike is to Last Two Years if Necessary.

### Large Appropriations for Support.

As a result of the funds that are pouring into Sweden from all over the world to aid the strikers in carrying on their struggle, information now being received is to the effect that the fight may last from two to three years, if necessary.

The largest appropriation for the support of the Swedish workers voted by any union so far came from the Machinists' Union of Denmark, when it passed a resolution giving the wage earners \$5,000. In addition to this the other unions in Denmark are making large contributions, while subscriptions from the people at large are also making up a considerable sum.

In Norway the trade unions are assessing themselves \$20,000 a week for the support of their one-time fellow countrymen. Germany is doing almost as well, while proportionate sums are coming from Finland, Roumania, Bohemia, Italy, France, England and the other countries of Europe. According to the latest issues of the newspapers of Stockholm being received in this country the workingmen of Australia and South Africa are also raising funds for the struggling workers of Sweden.

The only cry that comes from Sweden at the present time is for enough bread to keep alive. If this is forthcoming the strikers claim they will starve out their opponents instead of themselves being starved out.

### LARGE "U" ATTENDANCE.

#### Prospects Are for Record-Breaking Registration.

The coming term of the state university will see the largest attendance in the history of that institution, according to the report of the registrar.

Registration week begins Sept. 7th, and the school year starts Tuesday, Sept. 14th.

A new ruling has been made regarding the value of high school certificates for admission to the university. In order to exempt holders of these certificates from the entrance examination it will be required that they bear a "passed with honor" statement.

Other changes made in the requirements, it is claimed, will tend to bring the university standard up to a higher plane than it has ever before known.

### Brown County Sunday School Convention.

Today (Wednesday) the Brown County Sunday School Association met in convention at the German Methodist church for a two days session with the following program:

Wednesday afternoon session—Devotional services, Rev. C. G. Roesti; reports of county officers, department of the superintendent and state field worker. Evening session—Addresses by Rev. A. J. Rinkel and A. M. Locker, secretary of state work; offering for county and state work.

Thursday morning session—Devotional services, Rev. G. T. Lawton; papers by Eva Patterson, Amanda Kiesner and F. H. Nichols; discussions on these topics; question box; addresses by Rev. C. F. Blume, Rev. John Rood and Mrs. John Schneider, state workers. Afternoon session—Song and praise service, Rev. M. Scully; election of officers for the ensuing year; addresses and papers by Mrs. H. L. Beecher, Rev. N. L. Hotchkiss and field and state worker; report of committee on resolutions. Evening session—Song and praise service, Rev. G. Hielscher; graduating exercises of the teachers' training class; address to the class by the state worker.

The present officers of the association are: Pres., H. Bendixen; sec., Mrs. Eleanor Fritze; treas., Dr. E. W. G. Mihleis.

Down east where there are some who spend \$25,000 on a supper for a dog, while others can't get what a dog would ordinarily be satisfied with, is a good breeding place for Socialism.—Bede's Budget.
