### TANK FALLS NINE STORIES

Attempted Murder and Suicide at  
Minneapolis Draws Away Men  
Working in Danger Zone.

Charles Anderson, a policeman of  
Minneapolis, was shot through the  
abdomen and probably mortally  
wounded when James Russell, a ne-  
gro, fired three shots at the officer and  
then committed suicide by shooting  
himself through the head.  
Crashing nine stories to the street,  
plunging through the top of a freight  
shed, wrecking one freight car filled  
with agricultural implements, damag-  
ing two more and sending hundreds of  
gallons of water through the windows  
of adjoining buildings, the big 100,000  
gallon tank on the roof of the new  
building of the Great Northern Imple-  
ment company toppled over and creat-  
ed an almost unparalleled scene of  
spectacular debris.  
Almost by a miracle eighteen men  
escaped injury and perhaps death.  
Some were working on the tank it-  
self; others were at work under the  
freight canopy. The shooting of Pa-  
trolman Anderson by a negro across  
the street attracted their attention.  
All the men ran out from the freight  
shed and those on the tank climbed  
down to see the excitement.

### GAINS BY ARMY CHANGE

Fort Snelling to Be Made Larger  
Military Post.

July 1 steps will be taken by the  
war department, it is reported,  
looking to the development of Fort  
Snelling into one of the biggest mili-  
tary posts in the United States. Snell-  
ing will then become a brigade head-  
quarters and as such will be enlarged  
along lines now under consideration  
by General Wood, chief of staff, and  
by Representative Stevens of St. Paul,  
who, as a member of the house com-  
mittee on military affairs, has kept in  
close touch for years with the general  
and department officers of the army  
service. The enlargement of Snelling  
and the location there of the head-  
quarters of the department of the  
Lakes will be a good thing for the  
Twin Cities commercially.

### ONE DEAD; ANOTHER DYING

Locomotive Boiler on the St. Paul  
Road Blows Up.

U. P. Carroll, engineer, and H. An-  
derson, fireman, of a locomotive on the  
St. Paul road, both residents of Min-  
neapolis, were blown from the cab of  
the engine when the boiler of the lo-  
comotive blew up three miles west of  
Lake City. Carroll was instantly  
killed and Anderson was probably fat-  
ally injured.

Anderson was blown into a field a  
distance of 100 feet and Carroll was  
thrown against a fence at the edge of  
the right of way. Both men were ter-  
ribly scalded.

The engine was hauling a train of  
seventy-five freight cars. The cause  
of the explosion is supposed to have  
been a defect in the boiler. The train  
was westbound from the Mill City.

### MINNESOTA WINS TAX CASE

Supreme Court Decides Against Uni-  
ted States Express Company.

Judgment in favor of the state of  
Minnesota was rendered in the state  
supreme court in the suit brought by  
Attorney General George T. Simpson  
to collect \$9,719.66 disputed taxes from  
the United States Express company.  
Taxes were claimed on earnings from  
business originating in one place in  
the state crossing the state line and  
ending at another place in the state  
and also on money order business  
originating in the state. All this is  
held by the supreme court to be tax-  
able, except that portion of the mil-  
age outside the state.

The case will be appealed to the  
supreme court of the United States on  
the issue of interference with inter-  
state commerce.

### IOWAN SLAIN IN HOBO CAMP

Choked to Death by Alleged Robbers  
Near Sherburn, Minn.

A. Case, Estherville, Ia., was mur-  
dered in a hobo camp on the bank of  
a lake near Sherburn. He had been  
choked to death. The victim was six-  
ty-six years old and is survived by a  
family. Robbery is supposed to have  
been the motive of the crime. Sheriff  
Ward has a dragnet out for the mur-  
derers, but there is no tangible clue.

#### Deaf Iowan Killed by Train.

William Banks, Sr., was struck by a  
passenger train at Marshall and in-  
stantly killed. He came down on the  
Great Northern train from Lynd,  
where he has a son living, and trans-  
ferred to the Northwestern. When  
near the Marshall depot he was walking  
on the ends of the ties and being deaf  
he did not hear the approaching en-  
gine. He was about seventy years  
old. His home is at Algona, Ia.

## IT MAY TAKE HAND IN RATE CASE

Federal Commission Interested in  
Sanborn Ruling.

That the interstate commerce com-  
mission may appear before the federal  
supreme court as an intervenor in  
connection with the rate case ap-  
pealed by the state of Minnesota is  
the belief of Edward T. Young, for-  
mer attorney general, who has been  
retained as special counsel for the  
state. Mr. Young has been in confer-  
ence with members of the commission  
at Washington.

He finds them greatly interested in  
the Minnesota cases and especially in  
that feature of the Sanborn opinion  
relating to the valuation of railroads,  
in which the court held that the cost  
of reproduction was the proper basis  
for the valuation of such property.

The commission has held that in  
valuing such property the original  
cost shall be taken into consideration.  
If the interstate commerce com-  
mission intervenes in the Minnesota cases  
Mr. Young believes it will be as a  
means of obtaining, through opinion  
by the supreme court, judicial recog-  
nition of the commission's contention as  
to the proper method of ascertaining  
railroad values. This point bears as  
strongly on interstate commerce as it  
does on intrastate commerce.

### ASKS REMOVAL OF AGENT

Chippewa Files Charges Against White  
Earth Superintendent.

An arraignment of conditions on the  
White Earth agency in Minnesota and  
of the men whom he alleges to be re-  
sponsible, is contained in a letter sub-  
mitted to Representative Stephens of  
Texas, chairman of the house com-  
mittee on Indian affairs, by Gus Beau-  
lieu, the well known Chippewa.

Mr. Beau lieu criticises the admin-  
istration of Agent John R. Howard and  
demands his removal from office. Mr.  
Beau lieu announced that he intends  
to follow up his letter by a demand  
for a thorough investigation of Indian  
affairs at White Earth.

## SIX MORE ROADS ENJOIN LOW RATES

All Minnesota Lines Get Bene-  
fit of Sanborn Decision.

Stockholders of six railroads—the  
remaining common carriers operating  
in the state of Minnesota not af-  
fected by the recent decision of the  
United States circuit court of appeals  
in the Minnesota rate cases—have  
been granted temporary injunctions  
by the United States circuit court  
against the operation of the 2-cent  
passenger law of 1907. Of these six  
roads stockholders of five were granted  
temporary injunctions against the  
operation of both the 2-cent law and  
the commodity rates.

The roads affected by the latest or-  
der are the St. Paul, Northwestern,  
Omaha, Great Western, Rock Island,  
and Minnesota and International. The  
last named is a new case, instituted  
only a week ago. An original bill was  
introduced in its behalf and the in-  
junction prayed for and obtained is  
only against the passenger rate.  
The defendants, restrained from en-  
forcing the law of the legislature and  
the order of the railroad and ware-  
house commission, offered opposition  
only to the original findings of Judge  
Otis, master in chancery, and the af-  
firmation by Judge Sanborn. They  
agreed that if the court held to these  
findings and the affirmation, sufficient  
grounds had been shown by the at-  
torneys for the stockholders for the in-  
clusion of the railroads involved in  
the benefits of the Sanborn decision.

#### Killed Under Car Wheels.

Chris Hanson, twenty-five years  
of age, a driver for Gaudolfo Fair-  
nell, a St. Paul ice cream manufac-  
turer, was struck and instantly killed  
by an eastbound Snelling-Minnehaha  
street car at West Seventh street and  
Otto avenue. Hanson's horse became  
unmanageable when a steam roller  
frightened it and dashed in front of  
the car, which struck the wagon  
broadside, throwing Hanson beneath  
the wreckage.

#### Death Due to Storm.

Eggert Nagle, sixty-nine years of  
age, a pioneer florist of Minneap-  
olis, was killed by a Selby-Lake  
car during a severe storm which  
visited the Mill City. He attempted to  
cross the tracks. His vision obscured  
by the wind and rain he did not see  
an automobile approaching until it  
was almost upon him. He was struck  
while attempting to cross ahead of the  
car to escape the automobile.

#### Baby Drowns in Boiler.

Viola Wunderlich, the one-year-old  
daughter of Mr. and Mrs. Frank Wun-  
derlich of St. Paul, was drowned in  
a wash boiler which was under the  
eave spout of the family residence.  
Her mother had finished the washing  
and set the boiler out of doors. The  
child evidently tried to get a handker-  
chief out of the bottom and fell in.

#### Burglars Carry Off Safe.

Burglars broke into William Kopp's  
saloon at Kasota and stole a 300-pound  
safe. Neither burglars nor safe have  
been found. The robbers also took  
\$3 from the money drawer and ran-  
sacked the place for other valuables.

#### Warning to Railroad Men

E. S. Bacon, 11 East St., Bath, Me.,  
sends out this warning to railroaders:  
"A conductor on the railroad, my  
work caused a chronic inflammation  
of the kidneys, and I was miserable  
and all played out. A friend advised  
Foley Kidney Pills and from the day  
I commenced taking them, I began to  
regain my strength. The inflammation  
cleared and I am far better than I  
have been for twenty years. The  
weakness and dizzy spells are a thing  
of the past and I highly recommend  
Foley Kidney Pills." O. M. Olsen.
