Honest Medicines Versus Fakes
President Taft's recent message suggesting an amendment to the Pure Food and Drugs law in its relation to Prepared Medicines, does not refer to such standard medicines as Foley's Honey and Tar Compound and Foley Kidney Pills, both of which are true medicines carefully compounded of ingredients whose medicinal qualities are recognized by the medical profession itself as the best known remedial agents for the diseases they are intended to counteract. For over three decades Foley's Honey and Tar Compound has been a standard remedy for coughs, colds and affections of the throat, chest and lungs for children and for grown persons, and it retains today its pre-eminence above all other preparations of its kind. Foley Kidney Pills are equally effective and meritorious. O. M. Olsen.

So far in all history there has been found

ONLY ONE KIDNEY CURE

that absolutely can prove that it actually CURES Bright's Disease and Diabetes - This remedy which we obtain from far away California costs us more money than some other Kidney Remedies we might sell you, but it is only human and right that we should recommend and push the one remedy we know that has cured some of our very best friends and customers - the only remedy that will cure 88% of all Kidney Diseases. After taking some of these patent kidney remedies and you have found that you were not cured, have you ever written the manufacturer and told him so? If you have you evidently have never received a reply.

If you use

FULTON'S RENAL COMPOUND

the remedy that will cure all Kidney Troubles; and you should get no results, just write these people and they will turn your case over to an old school physician and kidney specialist who has treated nearly twenty thousand cases of Bright's Disease and Diabetes; and if a prescription as well as advice is needed to aid the COMPOUND it will be written and sent to you FREE of All Charge. - Call at our store for a Free Booklet and Diet List.
