NUMBER 31

AMATEUR YEGGMEN

Unsuccessful Attempt Made to Rob Post Office at Nicollet Saturday Night. Two Arrested One Escaped.

Thorough Search Made For Third Man.

The postoffice building at Nicollet was broken into Saturday night about 12:30 o'clock, but luckily Postmaster E. H. Olson heard the thieves at work and immediately called up Marshal Emil Burg with the result that two of the robbers are now landed in the Nicollet county jail at St. Peter, while a third made his getaway.

Postmaster Olson had been in bed a short time when he heard a noise on the floor below that sounded like someone sawing. Marshal Burg was standing across the street at the time and Postmaster Olson told him that burglars were in the store. Mr. Olson then woke up his brother and the two men, heavily armed, descended to the first floor.

When the brothers reached the room in which the postoffice is situated they saw that the lower panel of a door leading to the cellar had been removed. Marshal Burg deputized a number of men and a search was started.

Mr. Olson had one of the robbers, left outside to stand guard, covered with a shot gun, but thinking that it might be one of the men deputized, he hesitated to shoot, and the man made his get-away in the darkness.

In passing through a narrow private alley between the postoffice building and an adjoining one it was noticed that an iron grate had been removed from an area way.

Marshal Burg covered this up with a box and headed a posse which had formed by that time and went down into the cellar. The search was about to be abandoned when the marshal happened to see a pile of duck clothing in one corner of the cellar, and started to pick up some of it. In doing so he uncovered the two thieves who were commanded to throw up their hands. Neither offered any resistance and were not armed.

Sheriff Olson accompanied by Postmaster E. H. Olson and Marshal Burg of Nicollet came to this city yesterday, thinking that they could perhaps locate the man that got away. He is described as wearing a light gray hat, is about five feet ten inches tall and would weigh about 180 pounds.

The sportsmen of Nicollet formed a shot gun brigade soon after the robbery and made a thorough search for the escaped robber as the darkness would permit.—Mankato Daily Review.

Pugilistic Encounter at Social Gathering.

At a social gathering at John Seifert's farm house Sunday evening a pugilistic affair was pulled off that put the celebrated Kentucky feuds in the shade.

Louis Meyer, hired hand on Peter Manderfeld's farm became involved in an argument started with one of the party and during the encounter the friends of the latter came to his assistance, throwing Meyer to the ground five of them gave him a massage treatment which could do credit to any Johnson and Jeffries excepting for the unfairness of the attack.

With blood streaming down his face Meyer ran to his home across the road in an almost insensible state and procured his shot-gun with the intention of perforating his enemies with No 2's to the same extent that he himself had been damaged by them. Returning to the Seifert place he found the enemy to have retreated into the house. After he had emptied his shells at the gable of the house, he went back to the Manderfeld home where it was found that he was in need of medical assistance and a doctor was called to attend him.

Early Monday morning Sheriff Julious was called out; no arrests were made however, as Meyer's physical condition did not permit of his removal and complaints against the other parties had not been made. Although there is no immediate danger for Meyer, he is so badly done up that it will take some time for him to recover.

Two on one is nigger fun; what about five?

BREWERS FINISH STRONG

Beat Kasota in Final Innings 8-4.

By working hard in the last few frames and finally driving Wilders to cover, New Ulm defeated Kasota last Sunday by an 8-3 score. Both pitchers were in hot water almost all of the time but managed to evade disaster by working hard in the pitches. The strain was too much for Wilders and he was compelled to retire in the 8th.

The fans were worried in the first when Bill walked the first man and Richards singled but the runner was nipped off third and the next two were easy. New Ulm filled the bases with none down but Puhlmann forced Wicherski at the plate and a double play ended the chance.

Kasota took the bad in the 4th when Engesser opened with a single Farrell was hit, and Quertiz pounded a hit off Pfeiffer's shins. A passed ball gave them another tally. Altho New Ulm secured a hit in every inning except the second they failed to shove a man across the pan until the 5th when with 1 gone Pfeiffer nailed one to deep left for 3 bags and scored when Dahms reached first on an error. Alwin's hit scored Dahms with the tying run.

In the 7th Lindemann secured his 3rd hit, Limmy reached first on an error and Pfeiffer tripled to right. In the 8th Kasota gained another on Rewlings double and Watermans single.

Believing that it was time to place the game on ice the Brewers managed to slip over a quartette of scores in the 8th. Alwin was safe on an error, Long singled to right, Mayer beat out a bunt and the bags were choked. Wicherski hit to Swenson and both Alwin and Amann scored when Rewlings fooled the throw. Mayer scored on a passed ball and George punched the register for the final score on an error. Wilders retired and Richards went in to toss them over. Limmy beat out a slow one but could not get around.

Not discouraged by New Ulm's lead, Kasota began a rally in the 9th that was interesting if not successful. Fancett opened with a single, Richards secured a lucky hit and Swenson's single filled the corners. Engesser lined a hit to left and one run was counted but Richards was cut off at the plate. Farrell's single made the bags drunk again but the next two were easy outs.

Altho Kasota gathered 12 hits off Bill, several of them were of the horseshoe variety and with men on the bags Bill tightened up. The two Bills were the stars at the bat, Pfeiffer getting 2 triples and a single and Lindemann getting three legitimate singles.

The score:

HERMAN CIRKLER IS CALLED

Old German Pioneer Passes Away Suddenly—New Ulm Settler.

Herman Cirkler, one of the best known German residents of Minneapolis, and a pioneer of long standing, expired suddenly Friday at his home, in Minneapolis. Mr. Cirkler had gone to the basement to turn on an electric light. The maid heard him fall, and on going to him found him dead. It is believed death was due principally to old age.

Mr. Cirkler was born in Silesia May 26, 1832. He came to America about 1860 with some of the liberal German societies which formerly came in colonies to the United States. He was one of the early settlers of New Ulm, the men with whom he came giving to that city its strong German characteristics. Mr. Cirkler was in New Ulm at the time of the Sioux outbreak in 1862, and his was the first house to be attacked by the Indians. Happily, the Indians were repulsed before any member of his family had suffered.

After the massacre Mr. Cirkler moved to St. Paul, where he lived a year, and then came to Minneapolis, which has since been his home. He became prominent from the start, and was identified with many of the early movements for the upbuilding of the city. He was particularly prominent in all matters pertaining to his own nationality, and took an active part in everything that had to do with German or the Germans. It has been said of him that more than any other man in Minneapolis he was a type of the liberal, energetic, broad-minded German-American citizen.

For 10 years Mr. Cirkler was grand secretary of the Sons of Hermann, retiring from office about six years ago. In his official capacity he had a wide acquaintance among the German citizens of the state.

Mr. Cirkler is survived by four children: Charles H. and Dr. A. A. Cirkler, and Mrs. Aurness, wife of Dr. P. A. Aurness, live in Minneapolis, and Mrs. Stentf, wife of Professor R. Stentf, lives in St. Louis. A sister resides in Connecticut.

Will Re-Assess.

Among other business transacted at the adjourned meeting of the county commissioners this week the board passed a resolution to re-assess the townships of Lambertton and Redwood Falls and the villages of Lucon and Morgan, because there were no monies or credits listed in these places.

The board also passed a resolution to investigate the assessment of the villages of Lambertton and Sanborn and the city of Redwood Falls, as being too low.

The error is doubtless partly with the assessors, and also with the people who do not seem to understand the new law. The law should be enforced and if it is a good one all should be treated alike and if it is found to be wrong it should be abolished.

For instance there are several places in the county as stated above, where there are no money credits listed, and some of the larger villages listed a much smaller amount than smaller villages.

Lambertton only listed \$12,000 while Walnut Grove listed over \$35,000.

The commissioners have acted upon the recommendation of the state tax commission.

In Redwood county there was \$384,000 returned by the assessors on money and credits while over in Renville there was over \$600,000.

At Marshall there was not a dollars worth returned and in this city there was over \$95,000—Redwood Falls Sun.

Suspect Will not be Brought to Redwood Co.

Sheriff Schueller will not go to San Francisco to bring back the man arrested there accused of being the Seaforth bank robber.

The sheriff says he is sure the western police have the right man but he is helpless. It was at first expected the bankers association would pay for the trip. For some reason this arrangement fell through.

Yesterday morning County Attorney Emerson telephoned Mr. Schueller that the requisition papers had not been granted and probably will not be asked for. San Francisco authorities will be obliged to release the suspect.—Redwood Falls Gazette.

SEVERE STORM

Swept Over Southern Minnesota. Two Killed by Lightning in Brown County. Houses and Barns Struck.

Generous Rainfall.

This section was visited by a storm Thursday afternoon and evening which had no precedent in the calendar of this year's weather conditions. A heavy rain fell accompanied by violent demonstrations of nature in the way of thunder and lightning. The section covered included Brown, Nicollet, Blue Earth and Sibley Counties. Reports came in from Sleepy Eye, Lafayette, New Ulm, Mankato and other places that the storm had swept this region. Casualties were numerous and considerable damage was done to property in the affected sections. Telephone service was crippled on the New Ulm Rural and Minnesota Central lines. Two stacks of wheat were struck by lightning and burned on the farm of Ernst Grussendorf of Lafayette Township.

Lightning struck the dwelling house of Geo. Martinka in Sleepy Eye causing slight damage.

The chimney on the residence of Ralph Yates was struck by lightning, shattering the chimney but doing no material damage to the house.

A barn on the old Ortwein place in Stark was struck burning the structure to the ground.

A wheat stack on the farm of Wm. Lang in the town of Home was set on fire and totally burned by lightning.

A summer kitchen on the farm of John Liebl in the Town of Ridgely, Nicollet county, was struck by lightning and completely demolished.

Two deaths occurred in Brown county as a result of the storm. Leo Rubey, 17 year old son of Anton Rubey, residing in the town of Stark, was killed by lightning within ten rods of his home. A tree had been blown down by a previous storm and lay across the road near the Rubey home. Leo, accompanied by his father, sister and brother went to take a look at the tree. The telephone line runs along one side of the road and it is believed that the bolt struck the wire, overcharging the line and jumped to the body of young Rubey to complete the electrical circuit. He was stunned by the shock and was carried into the house where he died a few minutes later. When the physician arrived he was already beyond help, the current having left no mark on his body as is usual.

Jos. Rambaecher, a farmer residing in the town of Stately was struck and instantly killed by lightning during the same storm.

The precipitation for Thursday was 1.14 inches, making a total of 2.60 inches for the twenty-four hours. Besides the casualties the storm no doubt did a great deal of good, no hail having been reported from the affected section. The pasture lands were sadly in need of the water and the farmers of that section will be glad to see their meadows grow green and fresh again for their cattle.

Migration of Hoppers.

Great clouds of grasshoppers passed over the city last week on their journey to other climes. The air seemed to be alive with them as they hovered in the rays of the sun, but not thick enough to obscure it, and old settlers were reminded of the ravages of former times. Reports from the other points indicate that this is not the only region infested with the pests, as advices from Lake Crystal, Worthington, Madelia and other places inform us of the same appearances of these unwelcome visitors. Most of the grain harvest is cut already and it is not probable that they can do much damage here. The general direction taken by the "hoppers" seemed to be a northwesterly one, which would bring them into western Canada if the flight is continued for a sufficient length of time.

Omaha railroad officials said that they received no advices that any of the grasshoppers alighted in their territory. They were still "going" from what they learn.

Most of the cutting of grain has been finished along the Omaha in southern Minnesota, so the grasshoppers cannot do much harm.

Reception For the Militia.

The city turned out to welcome home her soldier boys Wednesday evening. Fireworks were displayed along the line of march and the boys were accompanied by the band composed of local citizens and business men, which did its best to demonstrate the pride that the people of the city take in their local company.

The band was composed of thirty-one pieces under the leadership of C. G. Reim and showed a great deal of talent for an organization with such little preparation and rehearsal as this one had, which could be seen by the military precision with which they played. The members of the band were as follows:

Drum major, F. W. Elbner; leader, J. G. Reim; clarinets—Ed. Stueber, Henry Meyer, Henry Leitschuh (Sleepy Eye), Fred Oswald and Alfred Ruenke; cornets—Fred. Pfander, F. J. Backer, John Backer, Alb. D. Flor, Nic. Bank, Henry Classen, Albert Gag, Alfred Marti and Ed. Baer, Jr.; altos—Ed. Cordes, Geo. Marti and Herm. Albrecht; tenors—Christ. Ruenke, Gerhard Spaeth, Otto Seiter, Anton Groebner, Fremont Schmidt, and Werner Baer; baritone—Paul Hackbarth; tubas—Adam J. Peters, Geo. Henle, Oscar Baer and C. G. Reim; drums—Emil Garbrecht, Frank P. Zschunke and Chas. Lindemann, Jr.

The militia boys were highly pleased with the reception accorded them and we hope that the appreciation of the citizens will be manifested hereafter in the way of helping them to recruit their strength to the full number.

Remarks that were made this year at the encampment go to show that the second Regiment Band is appreciated more each year and the New Ulm organization is believed to be the best of its kind in the state. This is a plausible opinion and it doesn't take the most astute sort of person to see that when we consider the excellent musical treats in German Park on Sunday evenings.

Company A received many compliments from the superior officers on the appearance and order of the company. Through the efforts of its officers and the assistance of the local citizens Company A was able to muster the largest number of men of any company in camp and had the highest percentage of present members of any company. Our company also led in the number of orderlies chosen from its ranks.

The boys did excellent work on the rifle range this year and the officers were delighted with the splendid results achieved by the New Ulm organization. It has been the aim of the company officers not only to qualify several men of the company for experts, but to keep up the shooting standard of the entire company, and they have not failed their purpose as can be seen by the results. Thirty-one of the company qualified as marksmen during the encampment, six of these qualifying as sharpshooters and four as experts.

J. L. D. In Camp.

The members of the J. L. D. Club pitched their tents this week on the Mueller Farm across the river and are now enjoying a vacation in Camp Pleasant, one of the beauty spots of New Ulm. On Friday evening, weather permitting, the Club will hold a dance to which their friends are cordially invited. Should weather conditions be unfavorable, the dance will be held, Monday Aug. 7th.

Monson—Hauenstein.

Miss Irma Hauenstein, daughter of Mr. and Mrs. Chas. Hauenstein and Irving A. Monson of Peever, S. D. were quietly married at the home of the bride's parents last Thursday at high noon, only the immediate relatives being present. City Justice Brandt officiated and the couple had no attendants. After the ceremony a splendid dinner was served after which Mr. and Mrs. Monson left for the Twin Cities and their home in Peever, S. D. The bride is one of the most winning young ladies of our city and always a great favorite among both the older and younger set. Her many friends regret to lose her from their circle but they throw the horseshoe for good luck after her and wish her a happy married life.

Mr. Monson is a prosperous hardware dealer in Peever, S. D. and a respected citizen in that community. The Review joins the many friends in wishing the young couple happiness.
