A couple of weeks ago we called attention to the new ads in our columns for the week, giving the pages where they could be found. The comments we have received on this show that the idea is a good one and we have decided to go a step farther and run an index of all our home advertisers weekly to show the reader who are the really progressive business men and to enable the busy person to know without a moment's loss of time just where he can find what specialties our merchants are offering each week. We will head the list each week with the newest ads. Here is the chance for the dealers to get into the lime light. Change your ad often and advertise every week and people will soon get to looking for what you have to say. There's nothing that succeeds better than tactful persistency and no place better for a display of that virtue than in your advertising policy in your home paper.

Autoing and Autoists.

Just to satisfy a curiosity as to how many automobiles New Ulm boasts we made a list of owners and the make of car each has supplied himself with. A hurried tabulation gives us a total of seventy-one owners and eighty cars. However, we are convinced this list is not complete and would be glad to be given accurate corrections on it. To that end we print herewith the names as we have them.

Should there be inaccuracies as to number or make of cars we hope the owners will notify us.
Eighty cars is a pretty good showing, isn't it? It means one car for every seventy-five inhabitants of our city. With so great a number of machines in our city to say nothing of the dozens owned by the farmers in the surrounding country the Good Roads Movement ought to get tremendous boosting in this vicinity.

Saves Leg of Boy.
"It seemed that my 14-year old boy would have to lose his leg, on account of an ugly ulcer, caused by a bad bruise," wrote D. F. Howard, Aquone, N. C. "All remedies and doctors' treatment failed till we tried Bucklen's Arnica Salve, and cured him with one box." Cures burns, boils, skin eruptions, piles. 25c at O. M. Olsen.

Your wife knows she cannot make a good dress out of poor material. She knows that it would not be economy.

It is just as poor business to buy poor paint. You cannot get any service or value out of it. If you only stop to realize the importance of this fact, you will investigate the paint question, and when you do you will buy your paint from us, for the paints we handle are made and sold on merit. This is the way we buy them and we sell them the same way.

We carry the well-known Harrison Bros. Town & Country Paints.
