Mr. and Mrs. Carl Olstad of the Town of Lake Hanaka mourn the death of their little daughter, Ida. The child was of a bright, happy disposition and will be much missed by all who loved her who she was not yet five years old. She was a delicate child but not sickly and her illness was not alarming in its effects until the past week. It was a valvular affection of the heart that caused her death. The Olstad family is one of the oldest in that section, having lived there for forty years and this is the first time that the Grim Reaper has visited them.

If any one had been of the impression that race suicide had struck New Ulm, he would have had his mind disabused of that idea Friday evening when the fire alarm was sent in from Box No. 52. The youngsters were much in evidence, coming from all directions, and a cheerful and hilarious lot they were. It did a fellow's eyes good to see them race along, happy-go-lucky, but there certainly were a heap o' them.

The Women's Federated Clubs of this district will meet in convention at Jackson, Minnesota, today and tomorrow. The Current News Club will be represented by Mrs. E. D. Beussmann and Miss Vera Strickler. Miss Strickler was chosen by the local Club to prepare and read a paper on "Civics and Suffrage" at the District meeting. The Woman's Literary Club is sending Mrs. M. A. Bingham as their delegate to the Jackson convention.

H. F. Rubey of Beaver Creek, Minn. spent Saturday in New Ulm looking after business matters. Mr. Rubey is the editor and proprietor of the Beaver Creek Banner and spent considerable time at the Review office. He agreed with us that New Ulm leads this part of the state in beauty of location and commented on the neatness and thrift everywhere evidenced. As Mr. Rubey does not dispute the fact that he is of Irish descent New Ulmites ought not to feel too highly elated over his praise; part of it may be "blarney" and there's still ample room for improvement here.

The campaign buttons for advertising "Home Coming Week" have arrived. They are neat-looking buttons of medium size in light colors, with a log cabin in the center field and bearing the inscription "New Ulm Home Coming—Aug. 19-25." These buttons will be sold at 25 cents each, the proceeds to go to the campaign fund. Every man, woman and child should buy and wear a button not only to help the celebration along financially, but also to let everyone know that the whole city is interested in making the "Golden Jubilee" the greatest event in the history of our city.

Eugene Koehler met with a most unpleasant misfortune Sunday. He was using an ax to split kindling and in some manner he struck the index finger of his left hand and nearly severed it from his hand. The blow fell between the middle knuckle of the finger and the hand and cut the bone nearly in two, crosswise, splitting it also lengthwise. The muscle on the inside of the finger was not injured however and Mr. Koehler has strong hopes that the finger can be saved and that it will not be stiffened. It will be some days before it is definitely known whether the severed parts will reunite successfully, but Mr. Koehler says the hand feels fairly comfortable.

Miss Helen Sunday, Miss Florence Neumann and Miss Meta Lindemann, teachers in Sigel and Cottonwood towns had planned to have an old-fashioned spelling school contest before the end of the school year. This plan had to be abandoned because Miss Neumann and Miss Lindemann found it impossible to carry it out at this time but it is hoped that the plan may be successfully followed at some future time as the idea is a good one and promotes a healthy interest in that much-neglected subject, spelling. Miss Sunday will have a spelling contest as one of the features of the closing exercises at her school early in June and prizes will be given to the best speller among her pupils.

Mr. and Mrs. Vincent Brunner celebrated their golden wedding yesterday in the Catholic Hall at St. George in the presence of a large number of friends.

Mrs. Emil Metsinger is entertaining her sister, Mrs. A. Barr of St. Paul, and her two little sons. Mrs. Barr arrived Saturday and will stay for at least a week's visit.

The Annual exhibit of the public schools will be held Thursday of this week in the various buildings and should prove very interesting to all friends of the pupils and patrons of the schools.

The attention of our readers is called to an alleged interview in which Col. Roosevelt is given credit for saying that he not only understands but believes in the doctrines of Socialism. This interview appears on an inside page of this issue.

A number of clam pickers have been very busy along the Minnesota the past week and have taken out vast quantities of clam shells to be used in the manufacture of pearl buttons. This may become an important industry here. Why not?

Rt. Rev. Bishop Jos. F. Busch of Lead, S. D. is conducting a series of lectures at the Catholic School Auditorium this week. It is reported to us that there will be nothing said in these lectures intended to reflect upon other churches. Rev. Busch is described as a splendid speaker and a man of imposing appearance.

Fire at Lamberton early Sunday morning destroyed the cement tile works and the ice house. Fortunately it rained which prevented the spread of the flames to the sheds of the lumber yard near by and from there to the business portion of the village. Very little insurance was carried and the destroyed property is consequently almost a total loss.

A week ago we published a notice of the supposed kidnapping of two little children in Cincinnati. The Indianapolis News of Friday gives the information that the little ones have been found. They had both fallen into the feed box in a stable near their home. They had probably been smothered in the feed and their bodies were not found for three weeks.

Mrs. M. Mullen purchased a Packard Car on a recent trip to the Cities and is having a garage erected. Mrs. Mullen who spent a part of the winter in Honolulu tells us that she found a great drawback there because mails were so delayed in transit. She says that only one letter arrived in time to be delivered to her while in Honolulu and all her other mail had to be forwarded to her on her return to the States.

Mr. A. S. Schneider, a nephew of Mrs. B. Follmann and Mrs. Al. Olson arrived from Billings, Montana, Sunday for a brief visit with his relatives. Mr. Schneider is Assistant Manager of the Russell-Miller Milling Company's plant at Billings and is combining a pleasure trip with a visit to the home office of the Company in Minneapolis. He will leave today with his sister, Mrs. L. A. Heiserer, who has been visiting here for a week and they will go to the cities where he will remain until his return to Billings about June 1st.

Only two persons, Mrs. Theresa Behmler and Mrs. John Kahut, called on J. G. Armon, the member of the State Tax Commission who held forth at the County Auditor's office last Wednesday to listen to complaints as to unjust taxation and to answer questions pertinent to the taxation problem. Chas. Grussendorf, the new assessor, held a long conference with Mr. Armon relative to his duties. Mr. Grussendorf is showing a commendable interest in his work and our citizens should assist him as much as possible in the performance of his arduous duties.

Anton J. Ochs, William Pfander, Jr. and Louis G. Vogel have been appointed a committee to prepare a list of former residents of New Ulm so that they can be circularized and kept informed as to our celebration. The committee will naturally have to depend upon the citizens at large to assist them in preparing as complete and authentic a list as possible. Do you want your friends and former neighbors to be with us during Home Coming Week? If so, hand their names and addresses to the committee. Do it now.

Another auto adventure of the week was experienced by Postmaster Liesch and family on their return from Sleepy Eye one evening. They had made the trip to Sleepy Eye without mishaps, but when coming back it was dark and in attempting to pass another car on a narrow strip of road the Liesch car turned out too far and went into the ditch. It took shovels and spades and the help of the other machine to drag the ditched car out, but no great damage was done. In all the auto mishaps that have occurred to New Ulmites this spring there is a surprising lack of serious injury. Does that indicate caution on the part of drivers? If so it is a point of merit for fatal auto accidents usually occur when there is speeding.
