Mr. Paddock had been ill for some time and his death which came Sunday was not unlooked for.

The basket-social given by Miss Eida Schrader and her pupils in Milford was a splendid success. The baskets netted the sum of nearly \$45 and the program which preceded the auction of the baskets was very well rendered. It is planned to use the proceeds of the affair for some improvements at the school house, possibly for putting in single seats in place of the old-style double ones. This is a very good idea for the single seats are certainly a great improvement and aid very much in securing good results from study.

Last week we mentioned the fact that the 2 cent stamps of the issue prepared for the San Francisco Exposition of 1915 had not been received at New Ulm altho the ones, fives and tens were here ready for sale. Mr. B. Juni tells us that the reason the twos were late was that in preparing the dies a mistake was made, a picture of the Panama Canal being labeled "Gatun Lock." This necessitated the destruction of the entire issue consisting of some two million stamps and of course the work had to be done all over.

Class honors have been awarded in the Senior Class of the High School, Miss Erna Holzinger will be Valedictorian and Erwin Baenze, Salutatorian. There is less than 1% difference in the standing of these two pupils so that the Salutatorian Honor ranks almost equally with the Valedictorian this year.

Ira Chapman of Cambria was the victim in a wood-sawing machine accident Tuesday morning. He was operating the machine on the Griffith Roberts farm when he got his right hand caught in the saw. Three fingers were badly lacerated but amputation was not found necessary and it is expected the wounds will heal nicely.

About 40 of the young men of the Lutheran Church met at the school-house Monday evening to discuss the matter of organizing a young men's club. The constitution and by-laws prepared by the committee appointed at a previous meeting were submitted and discussed at length, but nothing was done toward perfecting an organization. This will be accomplished at a subsequent meeting.

At a meeting of the state board of pardons, held at St. Paul, R. M. West was paroled and released from the Stillwater penitentiary, where he has served one year. It will be remembered that in August, 1911, Mr. West was arrested for using Cobden bank funds for his private use, and he was indicted and plead guilty to the charge, and the judge gave him a term in prison, the term to be left to the board of pardons.

Monday was the 10th wedding anniversary of the marriage of Mr. and Mrs. Otto Schneider and a group of twenty-five of their friends invaded their home on Second South Street Sunday evening to apprise them of the fact. The evening was spent playing Euchre and the prize winners were Mrs. George Ross, star, Wm. Fesenmaier, punch and Mrs. Caroline Vetter, low. The host and hostess were presented with a cut glass bowl as a token of the esteem in which they are held. Miss Norman pleased the company with two solos.

If New Ulm were like any other town we know of we should feel perfectly safe in prophesying that winter is over because for nearly two weeks past the "marble fever" has raged among the youngsters. That word "youngsters" means girls as well as boys for it is reported that the dainty work bags the young girls are carrying about with them contain each a store of the agate and glass beauties. We haven't seen any of the girls playing on the streets but every patch of ice or smooth ground has had its group of masculine devotees of the game.

Mrs. Fred Keute, Mrs. Oscar Dingler, Mrs. Chas. Helmann of Essig and Miss Ida Hauenstein went to Sleepy Eye last Thursday to attend a County School of Instruction for the Royal Neighbor Societies of Brown County. The affair is the first of its kind among those lodges of the county and was well attended, there being about a hundred delegates present. Two of the supreme officers attended to conduct the work. The meeting was held in McNeil Hall and a splendid banquet was served at 5 o'clock. The New Ulm delegates returned home by the evening train.

Robins, yes, they're here too. First ones we heard of were reported a week or more ago. Guess they must have stayed over. Authentic reports from R. Pfefferle, Sr., settle the question definitely. Robins are here.

George Krueger of Milford either hasn't sufficient mentality to realize that the horse he owned until the 11th of February has thru the operation of law ceased to be his property, or he deliberately committed larceny when he went to the Palace Livery barn last Friday evening, untied his erstwhile property after telling the new man in charge of the barn at that time that Dr. Graff had told him he could get the animal and took it home. He had been there the day before and wanted to get the horse and Dr. Graff told him then to keep his hands off, because the horse no longer belonged to him. A replevin suit was started Saturday by Dr. Graff and Sheriff Julius went out to Krueger's farm the same day and brought the horse back.

All the trouble was started by Krueger's refusing to pay Vincent Heck the amount he claimed was due him from Krueger, and which he could have settled at that time for \$15.00. Upon his absolute refusal to pay, suit was commenced and in the due course of time thru process of law the horse was sold to Dr. J. P. Graff. From the manner in which the young man has acted for some time, it is believed that he is not quite right mentally. Whether or not criminal steps will be taken depends upon a conference which will be had with County Attorney Frederickson next Friday when he will be here in attendance upon a special meeting of the board of County Commissioners.

Later: Since the above is in type we learn that Krueger has re-purchased the horse from Dr. Graff and has agreed to pay all the expenses. The total he will be called on to pay exceeds \$100 which is a trifle more than he could have settled the original claim for.

St. Peter is heading strongly for a commission form of government. At any rate our neighboring city is desirous of a Lew city charter and a petition has been prepared and is being circulated requesting Judge Olsen to appoint a special commission to draft a new charter. As only about 90 signatures are necessary, it is safe to assume at this writing that enough signatures will be secured.

It may interest our readers to learn that in the proposed Electric Short Line from Minneapolis to Watertown, S. D., New Ulm is on one of the connecting lines. This line is outlined to start from Winster on the main line and will pass thru Lester Prairie, Glencoe, New Auburn, Gaylord, Bernadotte, Brighton and end at New Ulm, according to the "Olivia Times" which published a map of the proposed route recently.

The home of Math. Eichten on South Broadway was the scene of a most happy family reunion last Sunday which was all arranged by the children without the knowledge of the parents. The surprise proved a complete success, all of the children being gathered under the parental roof on that day. John, M. J. and Wm. P. were here from Wanda, Val. J. and Jos. P. from Stillwater, and Miss Marie Eichten and P. J. and C. P. from here. Those from outside the city came Saturday and left again for their respective homes yesterday. This family reunion was arranged in honor of Mr. Eichten's 62nd birthday anniversary. He was presented with a beautiful all-leather Turkish rocker and Mrs. Eichten was the recipient of a fine complete 80 piece china dinner set.
