Every pay day put some money in the bank

YOU can always afford something—no matter how small—put it in the bank. The most successful men in the world say, "Your expenses should never exceed your income."

Take that advice—and bank the surplus. It will make you independent—is a safeguard against sickness, accident and misfortune. Next pay day—don't forget—start it here—even a dollar will do it.

Robert Simmet is circulating a petition for getting a new school district established in the southern end of the present Dist. No. 43. The families in that locality have to go three miles to a school house. A number of farmers have already signed the petition and Mr. Simmet is certain of success. It is possible that the new school would be located not far from the L. & B. Creamery which would make it a central location for the new district.—Lafayette Ledger.
