

## Interior Views of New Loretto Hospital

### Rag Chewing Ends in a Tie.

Before the largest crowd of the season the locals and the fast Springfield base ball club crossed bats on the association diamond Sunday afternoon. During the early innings of the game the fans were treated to some real base ball, but towards the end of the game it developed in a rag chewing match. The fans were disgusted with the conduct of some of the players. The sooner the players realize that true base ball fans come down to the ball park to see a ball game and not to listen to an argument with the umpire the better it will be for the entire base ball team and base ball in this city in general.

"Big Bill" Pfeiffer started to do the twirling for the locals, but in the fourth inning the Springfield boys went after him with hammer and tongs and bombarded him with a fusillade of hits. Before the smoke had cleared away four runs had crossed the plate. Huhn was called in to take Pfeiffer's place in the pitcher's box and pitched a good game. Huhn is a good pitcher and should be given an opportunity to work oftener than he is. The fielding of both teams was ragged at times. Limmy Puhmann was in the box for the visitors and pitched good ball. The feature of the game was Huhn's home run drive in the tenth inning. This was one of the longest hits ever seen on the local diamond. By agreement the game was called at the end of the tenth inning with the score a tie. Final score 10 to 10.

**Batteries**  
New Ulm: Pfeiffer, Huhn and Kleinschmidt.  
Springfield: Puhmann and Johnson.

#### Notes.

A return game with Springfield will be played with Springfield on Sunday June 22nd.

A new member has been added to the local team. R. A. Dahms, formerly with Mankato has secured work in this city and will play with the locals the balance of the season. Dahms played field last Sunday.

Sunday the locals will meet the fast Sleepy Eye team on the Association Grounds. A good game is guaranteed. Sleepy Eye defeated the locals at Sleepy Eye two weeks ago by the close score of 5 to 7. Bozowski, the big Indian pitcher, will no doubt be in the box for the Sleepy Eye boys. This will be the biggest game of the season.

The second team of the Association Club journeyed over to Lafayette Sunday where they met defeat at the hands of the Lafayette team by the score of 9 to 10. Huevelmann and Berg constituted the battery for the locals, the former striking out seventeen men, but errors by his teammates lost the game for him. A return game will be played in New Ulm on June 22nd on the Association Grounds.

### Weather Report for May.

According to the weather report for the month of May just made public by voluntary observer Alex L. Henle, the prevailing wind during the month was from the south and we had two thunderstorms, one on the 11th and the other on the 14th of May. The weather on 8 days was bright and clear, cloudy on 22 days and partly cloudy on one day. The mean temperature was 55.53 degrees as compared with 59.15 degrees for the previous year. The hottest day was on May 29th when the thermometer registered 92 degrees while on May 28th of 1912 it registered 86 degrees. On May 10th the thermometer dropped to 32 degrees which was 3 degrees colder than last year. The total precipitations amounted to 4.18 inches which is .40 greater than last year.

On Sunday Mr. and Mrs. Hage, Ole Serungard and Thor Scallsberg attended the silver wedding of Mr. and Mrs. Nels T. Olsen who live one mile east of Hanska. From there they drove to Madelia and had supper at Silver Hage's, returning the same evening.

### June Settlement

Of the \$212,951.13 tax levy for 1912, a total of \$131,604.30 was collected between the March settlement and June 1st. This is \$2,651.29 more than was collected in the same period of time last year. Immediately after the last day for paying taxes had expired, Co. Auditor Vogel and Co. Treasurer Berg set to work on the June settlement and managed to have this ready for submission to the State Auditor by Wednesday of last week.

The mortgage registry tax amounted to \$832.14, the delinquent taxes and penalties to \$492.48 and the balance was received for current taxes.

It may be of interest to note that of the taxes thus collected, less than twice as much was apportioned to the various school districts for educational purposes as was apportioned to the State for all purposes. Another noteworthy fact is that as much was raised in taxes to run the County as was apportioned all told to the cities, villages and towns of the County.

New Ulm receives \$9,011.34 which is almost one-third of the total taxes levied for town and municipal purposes. Of the \$31,653.79 raised for this purpose, the County receives only \$1.45. In the matter of the apportionment for school purposes New Ulm is also in the lead, receiving within \$1000 as much as Sleepy Eye and Springfield combined.

The taxes collected as shown by the June settlement were apportioned among the various funds as follows:

STATE	
State revenue	\$14,984.94
State school	6,953.74
Total	\$22,750.00

COUNTY	
County revenue	\$15,935.04
County poor	5,683.30
County road and bridge	6,953.74
County ditch	3,281.22
Penalty	94.19
Total	\$31,947.49

### CITIES, VILLAGES AND TOWNS.

New Ulm	\$9,011.34
Sleepy Eye	5,431.30
Springfield	2,484.20
Comfrey	217.27
Hanska	797.44
Evan	187.17
Cobden	1.45
Bashaw	583.01
Linden	649.90
Burnstown	1,192.15
Cottonwood	556.17
Eden	617.92
Home	1,135.87
Lake Hanska	775.56
Leavenworth	1,073.72
Mulligan	687.36
North Star	496.02
Prairieville	1,408.80
Sigel	442.96
Stark	1,711.38
Stately	643.75
Total	\$31,653.79

43	145.54		
Total	\$45,253.02		

### Corrections to List of Alumni.

Last week's History of New Ulm High School Alumni excited considerable interest and a great many of those belonging to the classes have commented favorably on it and some have volunteered information about a few of the missing ones or corrections of errors resulting from misinformation. In the class of 1907 the name of Alice Mueller was omitted by an error of the typesetter and proof reader. Miss Mueller taught music after her graduation and now is Mrs. Elmer Haerberle. We regret exceedingly that her name should have been omitted from the list.

A. P. Boock was given as bookkeeper at the Eagle Mill. We learn that several years ago Mr. Boock was promoted from the bookkeeping to the sales department of the Company.

Alexander Seifert writes us that Albert Domeler of the Class of 1910 is attending the University of Minnesota, studying dentistry and that Joseph Paas, 1909, studied Pharmacy at the University. He also tells us that Edwin Roloff, 1911, was located at a bank in Lake Benton six months ago but is not sure whether he is now there. Miss Alwina Ganske, 1902, taught school in District 15 for some years and then married Mr. Almond Loomis. Five years ago they moved to Saskatchewan, Can. where they now live on a farm.

Herman Raabe, 1892, is another of the Eagle Mill book-keepers who has been promoted; he is now in the grain department. Wm. Lindemann, 1907, is an elevator clerk and Clara C. Korbel, 1905, is in the Advertising department at the Eagle Mill.

Otto A. Groebner, 1911, is not employed at the Eagle Mill but has been attending the University.

Alfred Penkert, 1912, is employed at Stuebe Bros.

Walter V. Backer, 1911, is working as draughtsman with some Minneapolis Company.

Dr. L. G. Bell will attend the dental clinic at Minneapolis, Friday and Saturday of this week.

The little son of Rev. Huhn fell down the cellar steps in the Durbahn store on State Street last Thursday afternoon and broke his left arm between wrist and elbow. The fracture is mending nicely.

John Gronau who is erecting the addition to the Mueller & Aab garage suffered a painful, altho not serious accident Tuesday morning about ten o'clock. While a steel truss was being elevated by means of a derrick, one of the guy ropes broke when the truss was about four feet from the ground. It came down and struck Mr. Gronau on the forehead inflicting a wound which required several stitches. Mr. Gronau was taken home and at the most will be laid up for only a few days.

Rev. Mayer performed the ceremony which united Miss Laura E. Schauer and Archibald L. Taylor Tuesday morning at Essig. The bride is a daughter of Mr. and Mrs. Julius Schauer of Essig and the groom is from Springfield where he is employed by the Northwestern Railway. The ceremony took place at 11 o'clock in the presence of only the immediate relatives. Miss Clara Schauer and Alfred Penkert acted as witnesses. The young people will live at Springfield after a wedding trip to the home of Mr. Taylor's parents east of Waseca and possibly to Chicago.

Henry Bastian is proudly showing in the store window one of the Minnesota State emblems, the Moccasin Flower, as it is commonly known. Mr. Bastian tells us that these flowers are becoming almost extinct and that there is little doubt that there will be no more of them in a few years as the plant can not be cultivated and its wild haunts are rapidly becoming lost. We are also indebted to Mr. Bastian for the following information as to the family and species of this flower. It belongs to the Orchidaceae, (orchids), genus, Cypripedium, species, Cypripedium Spectabile, which gives it its common name, "Showy Lady Slipper."

### Review of Work Done University Week

University Week closed in a blaze of success with the presentation of the drama, "Judah," by the University Dramatic Club. Turner hall auditorium was more than comfortably filled when the curtain rose on the first scene, Saturday evening, and the waits between the acts were longer than the audience is accustomed to little impatience was expressed and the general verdict was the production was worth the waiting. While there was not a great deal of material upon which to build a drama, the entire action hinged upon one motive, it was a remarkably strong play, one that held the audience and presented to them forcefully the intense love of the truth that is inherent in the Celtic visionary who hears voices commending or rebuking his slightest act. A workaday world does not quite grasp the visions of the mystic nor understand his anguish when he has done wrong but the players evidently appreciated the parts they were playing for they succeeded in making them real. The cast as a whole was good and the leading parts were more than well done. Miss Emilie Eggen played the leading woman's part. She also gave a program of dramatic readings at the afternoon meeting Saturday.

Of the purely instructive, lectures given during the week, the one by Dr. Burt L. Newkirk was probably the most interesting for he told of things that were entirely new to practically every one of his hearers and by means of practical illustrations of the workings of the Gyroscope succeeded in making very plain to his audience what he was trying to explain. It is not often that a lecturer succeeds in showing so distinctly what he is trying to teach but his address had been carefully worked out from the simplest examples up to the most complicated and his audience found themselves with very clear ideas of the workings of the monowheel car and the gyrocompass. Preceding Dr. Newkirk's lecture moving pictures were shown, which were most interesting, showing the jelly fish and other minute creatures of the sea.

The speakers in the debate on Socialism were clever but it is to be regretted that they did not touch upon the fundamentals of the question debated. The audience were looking for actual arguments for and against the principles of socialism and all they got was a discussion of public ownership with not a word as to the basic principles of the movement or the opposition to it.

Dr. Craig gave an afternoon audience Friday a delightful hour of Southern stories of the Uncle Remus order. Dr. Craig spoke with a plea for the South and the problem it has to solve in connection with the negro. Miss Edna S. Fischer of the Mankato Normal showed parents and teachers the value of right games for the children and proved that games develop the faculties quite as well as work and study does, teaching the child self-dependence and decision. The children who played with Miss Fischer greatly enjoyed it all and seemed

to forget as did their leader that they were playing for an audience, which in itself is proof of the good of Miss Fischer's system.

Miss Harriet Hetland gave "Polly of the Circus," a dramatic reading in four parts, at Thursday afternoon's session which was much enjoyed and another similar hour was provided by Mrs. Dorothy Kurtzman Wednesday.

Taken all in all, the week was a success, both financially and from the point of instruction and entertainment. Something over a hundred dollars above the guarantee fund was realized from the sale of the tickets and some of this will remain as a fund to start something similar for next year. The speakers declared that the interest shown in New Ulm as manifested by attendance was greater than anywhere else on the circuit. A general harmony prevailed and all classes and divisions of population took advantage of the opportunity to see and hear something out of the ordinary. The afternoon audiences gradually increased from day to day, proving that the public was interested and judged what they were getting as being worth while going to hear. No doubt University Week will prove a permanent feature here until something still more advanced comes to take its place. Much credit is due to all who worked for the success of the effort, especially to the members of the reception committee and to Rev. Hohn for his unflinching energy in making arrangements. Credit should also be given to those who put aside their own concerns for the week and attended the lectures often for it could not have been a success without steady boosters who proved the worth of the project by taking advantage of it and encouraging others to do so.

### Order for Hearing proofs of will.

STATE OF MINNESOTA, ss.  
County of Brown, ss.  
In Probate Court.  
Special Term, June 9th, 1913.  
In the Matter of the Estate of George Popp, Deceased.  
Whereas, an instrument in writing, purporting to be the last will and testament of George Popp, late of said County, has been delivered to this court;  
And Whereas, Christ Schmitt has filed therewith his petition, representing among other things that said George Popp, died in said County on the 14th day of July A. D. 1906, testate and that said petitioner is the sole executor named in said last will and testament, and praying that said instrument may be admitted to probate, and that letters testamentary be to him issued thereon;  
It is Ordered, that the proofs of said instrument and the said petition, be heard before this Court, at the Probate Office in the Court House in the City of New Ulm, in said County, on the 9th day of July A. D. 1913, at 10 o'clock in the forenoon, when all concerned may appear and contest the probate of said instrument.  
And it is further ordered, that public notice of the time and place of said hearing be given to all persons interested, by publication of a copy of this order for three successive weeks previous to said day of hearing in the New Ulm Review a weekly newspaper printed and published at the City of New Ulm, in said County.  
Dated at New Ulm, Minn., June 9th A. D. 1913.  
By the Court,  
GEO. ROSS,  
Judge of Probate.

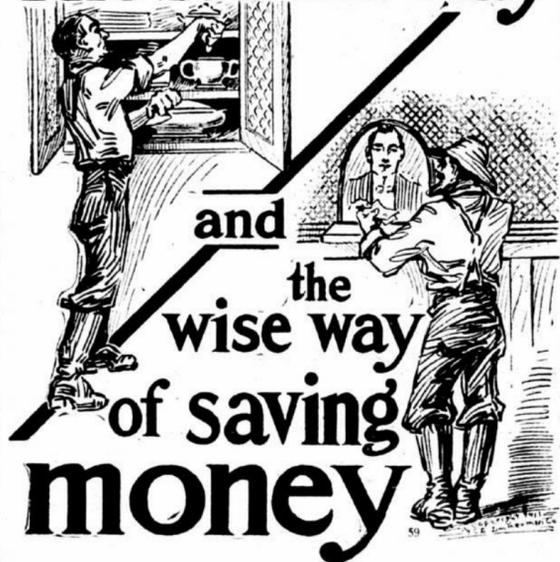

Rev. Wheeler, Mrs. C. A. Miller and Mrs. Massapust are attending the Western Conference of Congregational Churches at Garvin this week.

Rev. Hohn was the speaker at the Congregational Church Sunday evening when joint services were held by the Methodist and Congregational Churches.

## ROYAL Baking Powder

is the greatest of modern-time helps to perfect cake and biscuit making. Makes home baking pleasant and profitable. It renders the food more digestible and guarantees it safe from alum and all adulterants.

## The foolish way

and the wise way of saving money

There are two ways of saving your money—the foolish way and the wise way. The foolish way is to put it where fire, theft or other calamity can take it from you in a second. The wise way is to put it in a bank of good standing like ours, where it is taken care of in fire and burglar proof vaults. Follow the example of the best business men and farmers in this district—start an account here at once—it is also the straightest road to success and wealth.

Come in and let us talk it over.

Brown County Bank
