The distance from New Ulm to Madelia is estimated to be not less than 19 nor more than 22 miles. "Bibbs" and "Sheeny" managed to make it in 45 miles the other day and couldn't come back the same route on a bet. All due to "Bibbs" trying to locate some telephone poles the set up in that section of the country some 8 years ago.

W. H. Gieseke showed us the contrast between corn grown on grub land and on prairie. His corn was planted May 12th and the 27th of June that grown on the timber tract recorded a growth of 4 1/2 feet. The other stood but 3 feet but even that is a good size for the time of the season and shows the effects of the hot, humid weather.

Mr. and Mrs. Albert P. Block were agreeably surprised Wednesday evening by twenty-five of their friends, the occasion being the tenth wedding anniversary of this estimable couple. The self-invited guests were laden with tin-ware galore and took with them an unlimited quantity of good cheer so that all spent a most enjoyable evening at the hospitable home of the surprised couple.

Mrs. John Schapekahn furnished a recitation and Mrs. Frank Burg and Mrs. John Hauenstein, Sr. gave readings.

On Wednesday Judge I. M. Olsen purchased of Mrs. Regina Hauenstein the brick residence on North Washington Street now occupied by Supt. H. C. Hess. The new owner expects to take possession in the early part of September. It is more convenient for the Judge and also for the attorneys to have the Judge's Chambers located at the county seat and this, no doubt, prompted Judge Olsen to decide upon his removal to New Ulm. He and his family are assured of a hearty welcome in our midst.

Mrs. Richard Smith (formerly Miss Sophie Kiesling) and her ten year old son, Rudolph Kiesling Smith, have been visiting the past week with their aunt Mrs. Christine Pfeningger and other relatives. Karl Bell, a 16 year old nephew of Dr. L. G. Bell, arrived here from Baden, Germany last Friday. He made the trip all alone. Strange as it may seem, he experienced no trouble on the trip until he reached New Ulm. He had telegraphed the date of his arrival but contrary to expectations, he came via the M. & St. L. and no one was at the depot to meet him. He really felt lost until he finally got into communication with his uncle who proceeded post haste to the depot and took him home. The young man will study dentistry for a time under Dr. Bell's guidance.

Early Monday morning Fred Pfander, President of the New Ulm Turnverein, received a telegram from Prof. Hein informing him that the New Ulm boys had won the 4th class prize and that Arthur Huhn was the second highest man in putting the shot and would receive an individual prize. The highest record for putting the shot was made by Henry Meyer of Chicago. His record is 40 feet. We have been unable to secure Huhn's record, but it must have been high in the thirties to win second prize. This is certainly a score to feel proud of. The New Ulm class turned in the sixth group and winning fourth prize in this group is a very good record indeed. St. Paul won third prize in the fifth group and St. Anthony sixth prize in the fourth group. Reports from the members of the class and the "Festbummler" have been very meagre which goes to show that they are very busy and are having a good time.

Mrs. H. C. Hess entertained a group of her daughter's friends from St. James at a one o'clock dinner Sunday. Covers were laid for fifteen, the guests from St. James being Mr. and Mrs. C. R. **Springfield Nimrods Lose Again.**

There will be no necessity for another shoot between the gun clubs of Springfield and New Ulm to determine the championship, because the Springfield aggregation went down to defeat in the second competitive shoot which was pulled off at the Fair Grounds Sunday morning, losing out by 17 birds. This was a more decisive victory for the New Ulmites than at the former shoot. Not until late Saturday afternoon did Springfield signify a desire to meet our Nimrods the following morning at 9 o'clock. Secretary Bierbaum hustled some and finally managed to get 19 men, altho about five of the good shots were out of town. It was 10 o'clock before the Springfield fellows arrived owing to some road difficulties. The following scores were made:
