

# ENVOY ARRIVES IN MEXICO CITY

John Lind Will Study Situation Carefully.

KEEPING HIS PLANS SECRET

President Does Not Consider Time Opportune for Making Public His Course of Action.

Washington, Aug. 11.—With the arrival in Mexico City of John Lind, personal representative of President Wilson, administration officials declared that no further steps would be taken in carrying out the policy of the United States toward Mexico until Mr. Lind had made a careful study of the general situation.

While the president has mapped out a distinct course of action, about which strict secrecy is being maintained, it is known that the instructions to be sent Mr. Lind from time to time will depend largely on developments in the Mexican capital in the next few weeks.

Mr. Lind will make all his recommendations to Charge O'Shaughnessy, so that whatever representations are transmitted by the latter to the Huerta government will differ in no way from the notes the American government has hitherto advocated to the de facto authorities in the Mexican capital.

Mr. Lind's connection with them, it was stated, would not be apparent.

Further enlightenment as to the errand of Mr. Lind and the policy the president has formed came from Senator Bacon, chairman of the senate committee on foreign relations, who declared President Wilson had the hearty support of members of the senate generally, regardless of party lines.

## Senator Bacon's Statement.

Concerning the conference between the president and the foreign relations committee Senator Bacon made the following statement:

"The foreign relations committee recognizes that the president is trying to solve this problem peacefully. With that general purpose the committee is in accord. They recognize that he wishes to settle the question without violence and for the best interests of the United States and of Mexico.

"Of course, he cannot now be expected to go into details. In the first place some of the details are not worked out and depend in a measure on developments.

"In the second place some matters of detail, if given out in advance in the present delicate situation, would defeat the very end sought to be accomplished.

"One of the principal objects of Mr. Lind's mission is to get information from a capable and reliable man who has not been identified with either faction in this controversy and upon such information future action in a measure will naturally be based.

## Some Favor Drastic Action.

"There are some divergences of opinion in the committee. It could not be otherwise. Some few favor more drastic measures than others. The committee generally sympathizes with the president's desire to avoid intervention or anything that will produce war.

"Even those, however, who favor drastic measures have confidence in the president and are supporting him in his present efforts. I think, with a few exceptions, there is no disposition to draw party lines.

"While there is a small element in this country that would like to see war the large majority of the people deprecate it most earnestly and thoroughly sympathize with the desire of the president to avoid it.

"There is no secrecy on the part of the president as to the general purposes he has in view and the general methods he is trying to employ.

"There never was a greater responsibility on a man than now rests upon the president to guard this country against being involved in war on account of Mexico and I believe that it is the duty of every man who has confidence in the integrity and capacity of the president to hold up his hands in the effort he is making and to do as little as possible to embarrass him in working out successfully the difficult undertaking."

## LIND IS IN MEXICO CITY

President Wilson's Special Envoy at His Journey's End.

Washington, Aug. 11.—John Lind, special representative of President Wilson to investigate the Mexican situation, arrived safely in Mexico City, according to advices received at the state department from Charge O'Shaughnessy of the United States embassy in Mexico City.

Mr. Lind was accompanied by his wife and Dr. William Bayard Hale, who has been in Mexico for some time studying conditions in Mexico on behalf of President Wilson.

JOHN LIND.

Minnesotan Goes to Mexico to Try and End Rebellion.

## MIKADO RECEIVES GUTHRIE

Strong Ties Uniting Japan and United States Voiced.

Tokio, Japan, Aug. 8.—The strong ties uniting the Japanese empire and the United States were mutually voiced by the emperor of Japan and George W. Guthrie, the new American ambassador.

The ambassador presented his credentials and conveyed the greetings of President Wilson to the emperor. A regiment of Japanese cavalry escorted him to the imperial palace and he rode in an imperial coach. The crowds along the route respectfully uncovered as he passed.

## SECOND BALKAN CONFLICT ENDS

Delegates Agree Upon Terms to Conclude Peace.

Bucharest, Aug. 7.—Peace has been concluded between the Balkan states, and the preliminary treaty will be signed by the delegates of Serbia, Greece, Montenegro, Roumania and Bulgaria.

The agreement was arrived at only after another exhibition of the utter helplessness of Bulgaria to face her ring of enemies.

On Wednesday the discussions in the peace conference threatened to become interminable, but M. Majeresco, the Roumanian premier, president of the conference, clinched matters by threatening that unless Bulgaria accepted the modified frontier proposed by the allies Roumania's army would occupy Sofia next Saturday. This threat had the desired effect.

The new frontier, as agreed to, starts at a point on the old frontier west of the Struma river, follows the watershed to west of the town of Strumnitza, thence runs almost through the Struma valley to the Belesch mountains, and thence easterly in almost a straight line to the Mesta river, thus leaving the town of Strumnitza, the port of Lagos and Kanthi to Bulgaria and the port of Kavala to Greece.

## CALUMET STRIKE IS BROKEN

Two Thousand Men at Work in Copper Mines.

Calumet, Mich., Aug. 10.—Copper mine operators claim the complete rout of the Western Federation of Miners in its strike here for higher wages, an eight-hour day, abolishing of the one-man drill and recognition of the union.

Two thousand men are at work. No demands for changes in working conditions were made by the men returning, but it is said, from a high authority, that the mining companies will raise the wage scale and probably give the men the eight-hour day shortly after the strike finally is settled.

## NINE LABORERS ARE KILLED

Speeding Motor Vehicle Collides With Freight Train.

Poughkeepsie, N. Y., Aug. 9.—Speeding forty miles an hour a motor hand-car laden with track laborers crashed into a freight train on the Central of New England railroad near Pleasant Valley. Four were killed outright and five were mortally injured.

## Added to Holocaust Victims.

Binghamton, N. Y., Aug. 10.—The thirty-second name was added to the list of those who perished in the fire which destroyed the Binghamton Clothing company's plant two weeks ago when Mrs. May Layton died at the city hospital from injuries received in jumping from the fourth floor of the burning building.

# DOUBTFUL WHEN BILL WILL PASS

Senate May Not Act on Tariff Measure Before Sept. 15.

LITTLE PROGRESS SO FAR

Only Four Schedules Taken Up So Far and Portions of These Have Been Passed Over.

Washington, Aug. 9.—All predictions of an early passage of the Democratic tariff bill by the senate are going glimmering.

Majority leaders realize only a beginning has been made and the earliest any one now will promise completion of the task is Sept. 15.

Ten days ago when a member of the finance committee said he thought the senate would pass the bill by Aug. 20 there were some who thought it might be possible, but that date is less than two weeks away and but four schedules have been covered. Thirty-six paragraphs in these having been passed over for future consideration.

Now even those who suggest Sept. 15 as the date for final action are guided principally by hopes and do not share the views of others that it will be a later date before the final vote.

The death of Senator Johnston of Alabama has reduced the Democratic majority on the bill to one vote, the Louisiana senators having determined to vote against it because of the free sugar provision.

This slender majority has given rise to hopes in Republican breasts that they may be able to put through an amendment to the wool or sugar schedules.

## COLONEL S. F. CODY KILLED

Aviator and Passenger Meet Death When Machine Falls.

Aldershot, Eng., Aug. 8.—Colonel S. F. Cody, one of the best known aviators in England, and a passenger named Evans were killed when Cody's monoplane turned turtle near here and buried both men under it when it crashed to earth.

Cody's neck was broken in the fall. His sons, Leon and Frank, were eye witnesses of the accident, which was attributed by experts to faulty construction, the body of the craft proving too heavy for the wings.

Cody was an American by birth, but became a naturalized Englishman several years ago.

Evans was a member of the Indian civil service who had obtained leave of absence to come to England to study aviation.

## CAR SHORTAGE IS PROBABLE

Situation Likely to Become Acute by October.

Chicago, Aug. 10.—Indications of a car shortage this fall is seen in a bulletin issued by the American Railway association. It discloses that on Aug. 1 there were 68,716 surplus cars on various lines throughout the country, as compared with a surplus of 76,280 on July 15. It is regarded that this surplus will continue to decrease until the situation becomes acute in October.

There were 65,904 idle cars in the United States on Aug. 1 last year, and a car shortage of unusual severity occurred as soon as the crop movement began.

## THREE DIE IN ALBERTA FIRE

Warning Food Causes Death of Farmer, Wife and Child.

Winnipeg, Aug. 8.—Three people were burned to death in a farmhouse near Strathmore, Alta. The dead are: W. Gillinwater, twenty-eight years old, his wife and their infant child.

Gillinwater was chief clerk in the Canadian Pacific railway irrigation department at Strathmore. He recently started farming northwest of town.

The fire was caused by an oil stove which was burning in the bedroom to warm food for the baby.

## HORSEWHIP PRISON DOCTOR

British Suffragettes Attack Medical Officer of Holloway Jail.

London, Aug. 10.—Four suffragettes attacked Dr. Pearson, the medical officer of Holloway jail, and beat him severely with a horsewhip.

The women told the doctor that their treatment was a protest against his recently voiced threat to hold hunger strikers in prison until they became mental wrecks.

Policemen rescued Dr. Pearson and the women ran away.

## CAPTURE AN IMPORTANT TOWN

Constitutionalists Win Victory After Two Days' Fighting.

Mexico City, Aug. 10.—The Constitutionalists captured Agua Calientes after two days of desperate fighting, according to reports that reached the capital. Rebel forces under five rebel leaders combined and they are said to have suffered heavy losses, but were constantly reinforced.

## Work Begun On Johnson Monument.

Members of the local Johnson Memorial commission intend to have everything in readiness for the unveiling of the replica, which is to take place on Sunday, September 21st, the fourth anniversary of Governor Johnson's death. Another contract was awarded this week, and the excavation for the base of the monument was completed on Wednesday.

A meeting of the commission was held last Monday afternoon, when bids were received for the concrete and cement construction. Two proposals were submitted. The St. Peter Stone Sidewalk company offered to lay the concrete base for the statue, construct the various cement walks and do other necessary brick and concrete work about the site for \$390. J. B. Nelson & Company of North Mankato, made a bid of \$686 for the same work, and the contract was awarded to the St. Peter firm.

Work on the site was begun Tuesday afternoon, when three trees were removed from the court house lawn. The following day an excavation 7 feet each way and 6 feet deep was made for the base of the monument. This will be constructed of concrete, and will be 5 feet, four inches square. It will support the granite pedestal, which will be shipped here from St. Cloud in a week or ten days. This portion of the work is to be pushed with all possible expedition, and the statue will be in place in ample time for the unveiling.

Katherine L. Norton, New Bedford, Mass., says: "I had a terrible pain across my back, with a burning and scalding feeling. I took Foley Kidney Pills as advised, with results certain and sure. The pain and burning feeling left me, I felt toned up and invigorated. I recommend Foley Kidney Pills." For backache, rheumatism, lumbago, and all kidney and bladder ailments, use Foley Kidney Pills. For sale by O. M. Olsen.

## Court Decides Ditch Case

Judge I. M. Olsen handed down a decision last Saturday in the case of Gustav A. Boemmels, plaintiff, vs. John C. Brennesholz, defendant. The parties to the action reside in Ridgely township, and the case is an interesting one. Several years ago they built a joint drain to carry off the surface water from a slough some eighteen acres in extent. Six acres of this lay on the Brennesholz farm and the latter paid \$90 toward the cost of the drain, his neighbor paying \$600. Another pond on the Boemmels farm was drained by an open ditch across the Brennesholz place, but this was closed by Mr. Brennesholz, whereupon Mr. Boemmels laid a drain tile on his property to connect with the joint drain. Mr. Brennesholz decided to use a similar expedient, and laid a tile drain from a third pond on his farm. He was unable to reach and connect with the joint drain, so placed the outlet as near the boundary line between the two farms as possible. Water from this drain made the land reclaimed by the first drain unfit for cultivation, and Mr. Boemmels brought suit to have the nuisance abated. In his decision Judge Olsen orders Mr. Brennesholz to lay a tile drain across the neighboring farm and connect with the joint drain. He is to bear the expense, provided Mr. Boemmels will permit the construction of the drain. If the latter refuses the case will be dismissed and the plaintiff will not recover damages. Geo. T. Olsen of this city, and Frank Hopkins of Fairfax, were the attorneys for the defendant.

## Realty Transfers.

Ocie Ella Wood to F. F. Bjorneberg, 60 a in S 18 T 108 R 31 \$1500.

Albert Pfsender to Geo. Polta L 7 B 111 S New Ulm \$650.

Aug. Dorn to Emil Jahr S 1/2 of L 4 B 2 Schwarzrock's 1st Add Sprfld \$150.

C. A. Hintz to Ernest Jeske, S 50 ft of L 2 B 10 of W. & St. P Land Co's 2nd Add. Springfield \$300.

Phillip Gutschn to And E Spielman 160 A in S 10 T 108 R 35 \$6240.

J. A. Prim to W. B. Brooks, L 6 B 5 Comfrey \$900.

Alex Newdall to Jul. Krause L 2 & 3 B 3 Cobden \$625.

And. Rorvig to Bjorn Rorvig, 120 A in S 26 T 108 R 30, \$6000.

Wm. Schmidt to Fred Schmidt, L 17 B 35 Sleepy Eye, \$1.00.

Fred Schmidt to Lina Schmidt, L 17 B 35 Sleepy Eye, \$1.00.

And. Phillipson to Louie Bloemeke, Axel Newdall and Thos. J. Kretsch, L 2 and 3 Cobden, \$250.

Pfaender Realty Co. to Jos. Nicklas, L 9 B 10 N of Center St. New Ulm, \$60.

John Regelin to Robert B. Thomas et al, 159.20 A in S 5 T 108 R 30, \$9950.

LET'S GO!!!

World's Champion Bronco Buster.

# MANY REAL THRILLS IN CHEYENNE SHOW

Champion Riders, Ropers, Bull Doggers From Wyoming, California, Texas and Canada to Compete.

## FAMOUS BAND OF INDIANS.

Frontier Days' Dangers and Pastimes Realistically Pictured—Fireworks Finale.

A complete picture of the life, work and play of the frontier will be painted in realistic colors for State Fair patrons every night, in front of the

Cheyenne Buffalo Buster.

grandstand, during the week of Sept. 1st to 6th.

The great Cheyenne Frontier Days' Show, which will be the night attraction, is unusual in many respects. It is not a wild west show in the accepted meaning of the term. It contains no fakes or circus acts. It is a collection of famous Indians, Mexicans and white men and women from the western plains, who have grown up in the saddle, on the ranges, with wild steers and outlaw horses for companions. These men and women annually gather at the great Frontier Days' Celebration in Cheyenne, Wyoming, where they compete for prizes in all of the dangerous sports and games known on the plains.

Winners in all of these contests, including a number of world champion ropers, riders and bull doggers, have been gathered together by the Irwin Bros. and will be brought to Minnesota for the State Fair performance. In addition to the champions from

Wyoming, Chas. Irwin announces that there will be the most sensational acts from the Frontier Days' Show at Salinas, California, and from the Stampede, to be held at Winnipeg in August.

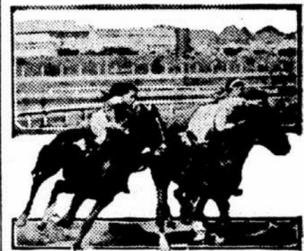

## Exciting Competition.

The champion cowboys and cowgirls will all have a chance to try their metal and win new laurels at the State Fair, as the Irwin Bros. will bring with them over 200 head of trained outlaw horses from the west, a herd of long-horn Texas steers, buffaloes, wild burros and other animals.

The supply of bucking outlaw horses is the greatest ever seen together on any track or under canvas. They are the real "crazy horses," and the men and women who ride them are literally taking their lives in their hands. These horses are fed and cared for the same as the rest of the stock, and are fairly peaceable until an attempt is made to bridle, saddle and ride them. Then the untamable, outlaw nature asserts itself, and the riders are lucky if they are not thrown, stepped on, kicked, taken crashing through fences, or treated in some such rude way.

## A Proper Setting.

This exciting entertainment, which will include feats of horsemanship, broncho busting, roping, shooting, bull dogging and other exciting features, will be given an elaborate frontier days' setting in front of the grandstand. What ordinarily takes a whole afternoon will be condensed into an hour and a half of excitement, and will be concluded by a grand finale, vividly picturing scenes of frontier days, including carrying of mails, the robbing of stagecoaches, attacks by

Women Relay Riders.

Indians, rescue by cowboys, etc. As a part of this finale and continuing after it, there will be the most gorgeous display of Palm's twentieth century fireworks ever seen in the Northwest.

Louis Disbrow, Holder of 12 World's Records, Will Be At State Fair.

## AUTOMOBILE RACE HISTORY

Will Be Made Speed Demons on Famous State Fair Track.

Saturday, September 6th, will be Automobile Day at the Minnesota State Fair. The afternoon will be given over to races and time trials by the world's most famous speed

demons driving the fastest dirt track cars now in existence.

Last year over 50,000 enthusiasts witnessed the automobile races over the Hamline course, which is admitted to be the fastest circular dirt track in the world. This year the prizes offered will attract a much larger number of famous drivers, and with good weather, automobile race history will be made.
