**WIRELESS CALLS HELP**

**Ten Steamships Respond to Appeals for Assistance and Save 500 Persons.**

Liverpool, Oct. 12.—The British steamship Volturno, Rotterdam for New York with 757 passengers and crew on board, burned in mid-Atlantic and 136 persons are missing, according to a wireless dispatch from the Cunarder Carmania.

The meager report said that the Volturno, afire from stem to stern, was abandoned in latitude 48.25, longitude 34.33, and burned to the water's edge. Only 521 of her passengers and crew were saved so far as the Carmania knew.

The Carmania's wireless said the fire broke out aboard the Volturno at 9:50 Friday morning. Ten steamships responded to the Volturno's wireless distress signals, but by the time they reached the doomed liner and stood by she had burned to the water's edge and her 521 survivors were in lifeboats and rafts.

The Volturno was owned by the Canadian Northern Steamship company, known as the Royal Mail line. She was under charter by the Uranium company of Rotterdam. She was a twin screw steamship of 3,602 gross tonnage, built in 1906.

The vessels that went to the Volturno's assistance and the survivors they have aboard are:

Carmania, 11; La Touraine, 40; Minneapolis, 30; Rappahannock, 19; Czar, 102; Narragansett, 29; Devonian, 59; Kronland, 90; Grosser Furst, 105 and Seidlitz, 36.

The Volturno's passengers were mostly emigrants. She sailed from Rotterdam on Oct. 2 with twenty-four cabin passengers, 540 steerage and a crew of 193.

**Wireless Summons Aid.**

When the stirring S. O. S. of the sinking Volturno cracked out over the Atlantic the ensuing circumstances were notably different from those of the sinking of the Titanic a year and a half ago. Ten liners picked up the Volturno's distress signals and hurried in her direction. The Carmania, La Touraine, Minneapolis, Rappahannock, Czar, Narragansett, Grosser Furst, Davonia, Kronland and Seidlitz rushed full speed to the spot where the vessel went down and picked up the survivors, who were in lifeboats and rafts.

Wireless reports from other vessels of the rescue fleet, transmitted by Captain Barr of the Carmania, agreed that 521 were rescued, but differed on the number of those lost, stating the number variously from 132 to 236 and 323.

The world got first word of the Volturno disaster in a wireless message sent out by the Cunarder Carmania and picked up by the wireless station here. The Carmania's first message was:

"The steamer Volturno, bound from Rotterdam for Halifax and New York, with 600 emigrants on board, on fire and abandoned Friday night in latitude 48.25 north, longitude 34.33 west—236 passengers missing."

A fouled propeller is said to have caused the fire aboard the Volturno. Quickly the liner was ablaze from stem to stern. So rapidly did the fire spread that many of the steerage passengers were burned in their quarters. Captains of the rescue ships said some of them got to the Volturno before she went down.

**LAST ARTIFICIAL BARRIER IS GONE**

**Waters of the Atlantic and Pacific United.**

Panama, Oct. 10.—The Gamboa dike, which sprang into worldwide prominence as the last artificial barrier to actual communication between the Atlantic and Pacific oceans by the Panama canal, was rent in twain by the hand of President Wilson this afternoon.

Between three and four thousand persons from the cities of Panama and Colon and various sections of the canal zone journeyed to the scene to witness the demolition of the barrier, and while the event of destroying the dike was spectacular to a degree and successful in its every detail, some disappointment was evinced because the entire dike was not destroyed.

Complete demolition was not carried out because of the fear that the concussion might damage the railroad trestle crossing the cut near the San Miguel locks. The two remaining sections will be dynamited at some future date.

Four men are now held by Sheriff Cruise in connection with the killing of Joseph Pollock, Jr., a deputy sheriff, by supposed strike sympathizers at Hurontown. A brother-in-law of Joseph Manerich, who was shot in the stomach by Pollock during the attack on the deputy sheriff, was arrested.

**HUERTA ARRESTS 110 DEPUTIES**

**SWOOP DOWN ON CAPITOL**

Soldiers Seize Members Who Protested Against Mysterious Disappearance of Senator Dominguez.

Mexico City, Oct. 11.—One hundred and ten members of the chamber of deputies, who had signed resolutions of warning to President Huerta as the result of the disappearance of Dr. Belisario Dominguez, senator for Chiapas, were arrested and lodged in the penitentiary.

Five other deputies who signed the resolution were absent when a cordon of troops was thrown about the legislative building and several hundred soldiers invaded the chamber.

The arrests followed a demand by President Huerta that the chamber withdraw the resolution, which carried the threat that the deputies would abandon the capitol, owing to an alleged lack of guarantees for their personal safety.

Senator Dominguez early in the month made a speech in the senate violently attacking Huerta, saying that not only had nothing been done during Huerta's regime toward the pacification of the country, but that the present situation in the republic was infinitely worse than before.

**Declared Famine Threatened.**

He said the currency of Mexico had depreciated, fields had been neglected and towns razed and that famine threatened. He added that the situation was due first and foremost to the fact that the Mexican people could not resign themselves to be governed by Huerta.

Before the hour for the regular opening of the session of the chamber the basement and roof of the building had been packed with troops. Scores of police were scattered through the galleries.

When the deputies were in their places Minister of the Interior Manuel Garza Aldape entered the chamber.

Simultaneously several hundred federal troops lined up in front of the chamber. Senor Aldape ascended the platform and read the reply of President Huerta to the resolution warning him of the deputies' intention to dissolve the parliament and hold their sessions elsewhere and demanding an investigation of the disappearance of Senator Dominguez.

**Act of Unjustified Aggression.**

The reply said that President Huerta could do no less than consider the resolution an act of unjustified aggression and transgression of the rights of the other two powers—the executive and the courts.

When the arrests were made a few of the leaders were placed in automobiles, while the other deputies were taken to the penitentiary in street cars.

Meanwhile similar demands to recant had been made upon members of the senate, who had concurred in the chamber's resolution.

A committee of senators called on President Huerta and signified their willingness to comply with his demands. Later the senators formally withdrew this action.

In anticipation of trouble heavy patrols of troops are on the streets.

The rapid-fire guns which were posted in the interior courts of the palace in February again are in place and quantities of ammunition are at hand.

**DESTROYED CAMPAIGN DATA**

Sulzer's Secretary Has No Record of Donations.

Albany, N. Y., Oct. 9.—Louis A. Sarecky, formerly Governor Sulzer's campaign secretary, under cross-examination at the impeachment trial, told how he had destroyed practically all of the check books, check stubs and memoranda in connection with contributions to the governor's campaign fund.

He also admitted omitting the contributions of prominent brewers from the campaign statement, which he said he prepared and which the governor swore to and filed with the secretary of state.

The cross-examination of Sarecky was searching—an inquiry into the most minute details of his connection with the impeached executive and of his handling of the Sulzer campaign funds.
