LOCAL NOTES

John Griss, Jr., visited with his mother, Mrs. John Griss, Sr., at Waseca recently.

Mrs. Florence Walker, a sister of Miss Frances Zeller and niece of Mrs. Henry Ramme, died suddenly at Elkhart, Indiana, her home, Monday evening at 8:30 o'clock. Messages received here did not state the cause of her death. She was a young woman and was not known to be in failing health. She leaves a husband and one child, besides her sister, Frances, and another sister, Alice, who lives in Morris. Her parents are both dead. Miss Zeller visited with Mrs. Walker for three weeks last summer. She left at once to attend the funeral.

Tony Lookway of Minneapolis arrived last Friday for a brief visit with relatives and friends.

Mrs. Fred Dalweg and Mrs. John Burginger, daughters of E. L. Runck, are here from Strama, Ala., Can. on a visit to their parents. They will remain all thru the Holidays.

NOTICE

Consumers of electric light and power will please take notice that the electric light plant will be shut down for the next two Sundays, Dec. 14th and Dec. 21st, between dawn and dusk to enable the contractors to install the new machinery.

Miss Bertha Wurm returns to St. Paul today after a stay of several weeks at home on account of the ill health of her mother. Mrs. Wurm is now quite well again.

J. B. Baruch of Lemmon, S. D. arrived Monday evening to take inventory at the Fullerton Lumber Yards here and in surrounding towns. Mr. Baruch expects to be busy for some weeks, and will make his headquarters here.

Rev. Albrecht performed the ceremony at the marriage of Miss Maggie Saffert and John Arndt Monday evening at 8:30 o'clock. The attendants were Miss Minnie Saffert and George Arndt. The ceremony was followed by a supper at the Christ Arndt home at which only the nearest relatives were present.

During the past two weeks a large number of the male members of Holy Trinity Parish under the supervision Rev. Father Schilfert have been busy filling up the uneven places in the Catholic Cemetery grounds. The improvement is remarkable and it is a pleasure to note the long, clean, gravel pathway, with its border of rare shrubs. The Parish can now take pride in the appearance the Cemetery presents.

The New Ulm Roller Mill has made numerous minor changes at their plant this fall and at present are engaged in connecting up the new cereal mill with the main building for power and heat. A double system of pipes for heating and return of the condensed steam has been laid between the two sections of the plant and the old boiler at the cereal mill will be torn out to make room for storage. A stenographer's room has been added to the office.

Don't you think you would like to send a copy of this splendid "Improvement Edition" to at least one friend? It will help to boost your home city and every little boost helps. Call us up and give us the names and addresses of as many persons as you would wish to receive a sample and we will mail them out from our office with your name on the outside. Our telephone number is 101, day times; 254, evenings. Don't delay. Call us this minute so you will not forget.

Plans are expected daily for the new High School Building which will be erected next summer. They are being drawn by a Minneapolis firm and it is hoped to have them here for the contractors to make their bids during the quiet time, if there should be such a thing in their line this winter, right after the cold weather sets in. The carrying out of this plan will enable the contractor to whom the work goes to get his materials ready and men engaged to go onto the ground as soon as the frost is sufficiently out of the earth to make excavating possible.

It will interest parents who have children attending the new Lincoln School to learn that the doors opening on Minnesota Street will be equipped with the Von Duprin Self-Relleasing Fire Exit Latches which will absolutely prevent the locking of doors and causing loss of life thru crushing or incineration. These latches are U-shaped bars on the inside of the doors which work by a slight pressure of the hand upon them and release the bolts at the top, bottom and center of the door, something on the principal of a combination lock which shoots the bars by a simple turn. These are the first of the kind to be brought to New Ulm and are the last word in protection against the horrors of being locked in a burning building with a crowd of persons insane with fear.

Eastern Star Matters.

A School of Instruction for the 20th District Order of the Eastern Star was held in Masonic Hall at Winthrop, Monday afternoon and evening, December 8th. This district comprises Redwood Falls, Springfield, Sleepy Eye and New Ulm.

About 60 visitors were present among them Mrs. Etta F. Ronald, Worthy Grand Matron of Minneapolis and Mrs. Jennie Frederickson, Grand Adah of Springfield. The meeting was in charge of Mrs. Lucy Behnke, Deputy Grand Matron. A six o'clock dinner was served to all present.

This proved to be a most successful meeting. The Worthy Grand Matron, seemed in the best of spirits—She gave an interesting talk telling of General Grand chapter—also made corrections which were gracious—interesting and timely. These were listened to with marked attention.

The number attending from New Ulm was large, among them being the following:

Mrs. F. H. Behnke, Mrs. G. B. Weiser, Mrs. E. C. Hess, Mrs. A. Rinke, Mrs. E. Haerberle, Mrs. H. G. Bingham, Mrs. P. Lehmann, Mrs. J. Klössner, Mrs. Wm. Mather, Mrs. H. L. Beecher, Miss Ida Hauenstein, Miss Ilda Hauenstein, Mrs. Emil Mueller, Mrs. C. W. Miller, Mrs. O. C. Strickler and Mrs. E. A. Larson.

O. E. S. officers for the ensuing year Mrs. Mary R. Beecher, W. M.; Henry Lee Beecher, W. P.; Mrs. Foster C. Fisher, Assn. M.; Lucy Behnke, Sec'y; Luella Mueller, Treas.; Mrs. Anna N. Rinke, Cond.; Mrs. Olga Bingham, Assa Cond.

Beware of Ointments for

Catarrh That Contain Mercury as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. Windhorn Bridge Condemned.

Last week Herman Polkow, chairman of the board and Nels Erickson, of Hanska, and W. C. Stelake, local county commissioner made an examination of the Windhorn bridge and found it in a very bad condition. After making an investigation as to the possibility of repairing it, the commissioners found that it would be useless to repair the old wooden structure and condemned it and signs were put up notifying the public of the danger and advising no one to cross it with a team. The commissioners hold a meeting soon and they expect to rebuild the bridge next spring. In the event of a new bridge being built, it is hoped it will be a steel and cement bridge.—Sleepy Eye Herald Dispatch.

Weather Report for November

According to our voluntary weather observer November brought us only two clear days. Ten of them were partly cloudy and on 18 days the sun forgot to shine at all. The mean temperature was 40.23 degrees. The coldest day was November 1st when the thermometer dropped down to 13 degrees. A week later it had risen to 68 degrees the hottest day during the month, a difference of 55 degrees in the space of a week. The precipitation amounted to .52 of an inch. There were thunderstorms on Nov. 6th and Nov. 21st. The prevailing wind was from the south.

Turner Theatre News

"A Romance of the Underworld," played Monday night at Turner Theatre, is one of those stirring stories concerning life among the inhabitants of Crookland, and is so intensely interesting that it holds an audience spell-bound from the rise of the first act curtain until the fall of the final act.

It affords each and every member of the well balanced Sherman-Smith Stock company ample opportunities to display his or her dramatic ability and to say that each one takes full advantage of their chances, is putting it mildly. Mr. Harry B. Sherman, was seen particularly to advantage in the role of Will Lattimore, the young attorney who endeavors to help the criminal classes.

In the vaudeville presented between the acts, Mr. Chas. T. Smith, proved beyond a doubt that he is an artist possessed with more than ordinary talents, displaying a beautiful tenor voice, being a banjoist of the highest calibre, and last but not least, giving a finished performance of the part of Overmuller in the above named play. In Miss Boby Robbins, The Sherman-Smith Stock Company have a leading woman far above the average stock artist, as she is blessed with a charming personality, a pretty face and a knack of reading lines with the result that she brings out all the lights and shades in her rendition of a part, as evidenced by her work in the role of Nance Olden.

As Mrs. Ramsey, Nellie Ramsey and Mag Monihan, Nellie Sherman, Mae Edwards and Hazel Flint, respectively, added much to the performance by their naturalness in portraying these different roles. Mr. Phipps gave a splendid account of himself as Tom Dorgan, the crook who refuses to be reformed and Raleigh Dent added mirth to the entertainment by giving a true and vivid characterization of the part of Edward Ramsey, "Always Tipsey."

All in all this company is one that we are proud to have in our midst as aside from the fact that they are all real artists, they are ladies and gentlemen in every sense of the word. Tuesday night "The Girl From Gardner" was offered to a large sized audience. This is one of the latest college plays with every element necessary to a successful comedy drama. Mr. Sherman regards his engagement in New Ulm just as a regular home coming, so much has he enjoyed both his former visits to the one town where they make you feel that life is really worth living. The Sherman-Smith Stock company, during their local engagement, will offer some surprising plays, chief among which will be "The Girl From Gardner," "A Traveling Man," "The Charity Ball," "Just Before Dawn," the latter being a companion play to that famous rural drama entitled "Way Down East." and last, but not least, Eugene Walter's masterpiece, "The Easiest Way" which creates a sensation wherever the company plays it. The reason for this being the fact that the piece is so natural and so true to every day life. Wednesday evening is the night selected for the company's presentation of "The Easiest Way." Five diamond rings, any of which will be a gift worth receiving, are to be given away during the present engagement of the popular Sherman-Smith Stock company. Get in line and secure your seats early for the opening performance of this truly meritorious attraction.

This play has created a sensation wherever it has been produced because of its truthness to every day life and the force with which its singing voices of rare quality are found with this organization, especially that of Mr. Chas. T. Smith, who possesses a lyric tenor voice seldom, if ever found with a stock company, and together with Mr. Sherman, these boys offer some great harmony singing numbers between the acts. The vaudeville, as given by this company is alone worth the price of admission and capacity houses are liable to be very much in evidence at the Turner Hall all the week.

moral is brought home to us all. In conclusion it may be said that the vaudeville and cabaret specialties introduced between the acts are by far the best that have ever been offered to local theatre goers.

ST. PETER STOCKINGS IN DEMAND

Woolen Mill Has Doubled Its Hosiery Business This Year.

A brisk demand for stockings manufactured in St. Peter is being worked up by J. C. Brinker, proprietor of the St. Peter Woolen mill. During the past year the mill has doubled its hosiery business, and its owner is confident that its operations can be materially increased during 1914. At present the mill is being worked to capacity to fill accumulated orders.

Mr. Brinker bought the local mill early in 1912, and since that time he has improved its equipment greatly. The carding machines in use are fitted with the latest devices, and have a capacity of 200 pounds of wool daily. All of the raw wool passes through them, and is converted into yarn.

Other machines which Mr. Brinker has installed are the yarn twister, loom, reel and spinning machine, and they give him one of the best plants of its kind in the state. The chief products of the mill are yarn, woolen blankets and woolen stockings. It is to the latter that Mr. Brinker is devoting special attention. As stated, stocking sales at the mill during the past year were twice as heavy as in the preceding year. A very superior article is being turned out, and the indications are that the demand will increase greatly during the coming twelve months.

A portion of the raw wool used at the mill is purchased on the local market, the remainder being secured from wool buyers in cities throughout Southern Minnesota. Mr. Brinker, the proprietor, has had years of experience in his business, and has the necessary amount of energy to build up a thriving industry in St. Peter.—St. Peter Herald.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

Will Photograph Children.

Photographs of a number of Nicollet county children are to be exhibited in the Temple of Childhood at the Pan-American exposition. Last Saturday Blissenbach & Barney, who recently opened a studio in this city, were notified that they had been designated by the Temple of Childhood company to take pictures of all children chosen in Nicollet, Blue Earth and Brown counties. This company will select people in various cities and villages throughout the country to have their children photographed, and the parents will be requested to have the children go to the official photographers and have pictures taken without any charge. The pictures are to be exhibited at the exposition, and the exhibit will be designed to help in carrying on the work of child welfare. Health, hygiene and education will be emphasized by the temple.—St. Peter Herald.

Ugly charges against J. H. Block, former state treasurer, are made in an affidavit filed in the St. Louis county district court by an attorney for the United States and Dominion Life Insurance company. It is charged that Mr. Block, as president of the company, "dissipated and squandered" its assets, and "ruined its credit." The hearing in the case will take place at Duluth on Dec. 13th.—St. Peter Herald.

Friday afternoon at 5 o'clock occurred the marriage of Mrs. Vivian Dolores Wright of this city and Gerald F. Gamble of Minneapolis. The ceremony was performed at Minneapolis in the paragon of the church of the Immaculate Conception. Miss Gladys Brady of Minneapolis, a cousin of the bride, acted as bridesmaid. The bride is a daughter of Mr. and Mrs. John Keegan of this city, and is well known here, having made her home with her parents for some years. The groom is interested in the Baultell Furniture Company of Minneapolis. The newlyweds immediately went to housekeeping in Minneapolis where they expect to make their future home.
