DECLARES THAW PERFECTLY SANE
 New Hampshire Commission Prepares Report.

Concord, N. H., Jan. 12.—Harry Kendall Thaw would not be a public menace if he were released on bail, according to the report of the commission appointed by Federal Judge Aldrich to inquire into the state of Thaw's mentality.
 The report says the commission finds Thaw is not now afflicted with any of the mental diseases from which he may have been suffering when he slew Stanford White.
 While the commissioners say that they have reached "a definite and positive opinion as to the present mental condition of Thaw and his probable state of mind at the time of the homicide," they refrain from expressing this opinion in view of their instructions from the court not to embarrass any subsequent litigation where the broad question of insanity might be involved.
 The report is now in the hands of the clerk of the court and will be considered by Judge Aldrich early in the present week in connection with the petition of Thaw for admission to bail under habeas corpus proceedings.

ABOUT THE STATE

News of Especial Interest to Minnesota Readers.

INCREASE IN NEW SETTLERS
 Report of Immigration Commissioner Sherman Shows Results of the Work of His Department.

That the state immigration department is bringing a considerable number of new settlers to Minnesota is indicated by a statement issued by Commissioner Fred D. Sherman, covering the work of his office for the last year.
 Mr. Sherman cited some significant railroad statistics to prove that immigration here is on the increase. During 1912 the Minnesota Transfer handled 1,649 cars of immigrant movables from other states destined to Minnesota points, while during the first eleven months of 1913 the number handled was 2,213, a gain of 564 over the whole of 1912. While a majority of these cars represent only one family, some include the goods of several families and the commissioner believes the total addition to the population indicated by these figures will reach 12,000.
 There were also 2,359 homestead entries reported during the year by the United States land offices and real estate men report a renewed activity in sales and a substantial increase in values, especially in Northern Minnesota.
 The department has conducted an extensive advertising campaign which has resulted in 30,000 inquiries from other states as to conditions here. To each of these personal letters have been sent, together with literature concerning Minnesota opportunities. Exhibits of Minnesota products were maintained at the Indiana and Illinois state fairs and at the Chicago Land Show.

PROBABLE CASE OF SUICIDE
 Young Couple Found Dead in Gas Filled Room.
 Mr. and Mrs. Arthur Stevens, married three months, were found dead, locked in each other's arms, in their room at a Minneapolis lodging house. Gas rushing from a tube filled the room. The police believe the couple committed suicide when the struggle for existence in a strange city appeared hopeless.

JEALOUS FARMER SLAYS TWO MEN
 Completes Bloody Work by Taking H's Own Life.
 Jealous of the visits sixteen-year-old Nora Hall made to two elderly bachelors of Paupores, St. Louis county, Harry Reely, a farmer, said to be half-witted, shot and killed both men and then killed himself. He was thirty-five years old.
 The victims are Sandy Rogers, sixty years old, and David Craig, fifty-seven years old. The men lived together. Rogers was found at the foot of a stairway with a gunshot wound in his neck. In another room Craig was found on a cot with the top of his head blown off.
 The finding of Reely's body on the bank of the St. Louis river led to an investigation, which disclosed the other murders.

WOUNDED POLICEMAN DIES
 Two Austrians Held at Duluth for Murder in First Degree.
 Patrolman Neil Mooney of New Duluth, shot by an Austrian arrested for carrying concealed weapons, is dead. Joseph Zori, aged twenty-one, arrested at South Superior as he was trying to get a train for the Twin Cities, was identified by the dying policeman as the man who fired the shot and later the prisoner confessed. His companion, Sava Rekok, was taken at his boarding house at the Gary steel plant. Both men have been working at the plant since their arrival from Austria a few months ago. They have been turned over to the grand jury, which is in session, charged with murder in the first degree.

OVEREXERTION KILLS YOUTH
 Expires Suddenly After Skating Four Hours.
 Hiram Holby, nineteen years of age, a senior at the North high school at Minneapolis, dropped dead from overexertion after four hours spent on the ice at North Commons. Holby, together with several of his chums, was engaged in a hockey game when the young man staggered to the edge of the rink. He was dead before aid reached him. Coroner Gilbert Seashore pronounced death due to heart failure.

FORMER AUDITOR IS DEAD
 Adolph Bierman Succumbs to Paralytic Stroke.
 Adolph Bierman, state auditor in 1882 and at one time candidate for governor, died at his home in Olmsted county. Mr. Bierman suffered a stroke of paralysis, which was the direct cause of death.

Church Has Moving Picture Show.
 The Methodist church at Pine Island has adopted the motion picture as a means of bettering the life of the community. It perhaps is the first church in Minnesota aggressively to enter the motion picture field, that the community may see a clean show, pay a nominal cost and be free from the influence of commercialism and Sunday shows.

Convicted Man Confesses.
 "I killed my wife; John Osik is innocent," is the substance of a confession by Joseph Gyramati, who with John Osik was sentenced to the state prison for life from St. Paul a month ago for the murder of Gyramati's wife, as sent in a letter to Governor Eberhart. Gyramati asks that Osik be released.

St. Paul Graft Trials.
 Judge Orr of St. Paul has set Jan. 26 for the beginning of the trials against Martin Flanagan, Fred Turner, Samuel Coplovich, Nina Clifford and May Burke, recently indicted by the grand jury for alleged extortion from keepers of disorderly houses. Separate trials have been demanded and it is not known which case will be called first.

SUES TO TEST ITS VALIDITY

Minneapolis Man Attacks Nonpartisan Election Law.
 Suit to test the validity of the nonpartisan election law of 1912 has been started in the Hennepin county district court at Minneapolis. The petitioner, N. Frederick Olson, contends that the law making members of the legislature and county officers nonpartisan is void because it contains more than one subject which is not expressed in its title, as the state constitution requires.
 If the petitioner is sustained every filing made up to date for the primary election next June is void. A decision against the act of 1912 would nullify several changes in the election laws, as follows:
 Changing the date of the primary election from September to the third Tuesday of June.
 Making members of the legislature and county officers nonpartisan.
 Prohibiting nominations by petition for nonpartisan offices.
 Providing for election of county surveyor without a primary.
 Legalizing "Bull Moose" party.

NO OTHER PARTY CONTEST

Republicans Alone Will Go on Minnesota Primary Ballot.
 Because of a provision in the state primary election law it is probable that only the Republican state ticket will be voted on at the primaries on June 16 and that a statewide opportunity will be given to members of other parties to assist in picking the Republican candidates.
 The law says that when a candidate of a party has no opposition for the nomination at the primaries his name shall not go on the ballot until the general election. Should there be no contests for nominations in the Democratic, Public Ownership, Prohibition and Progressive parties, and this in most instances seems certain, there will be no state ticket for these parties in the field and their members can participate in the choice of the Republican standard bearers.

WOLVES KILL LONE INDIAN

Slays Nine Animals in North Before He Is Overcome.
 After emptying his rifle and fighting desperately with his knife, killing nine wolves, a lone Indian on the Lake of the Woods, thirty-five miles from Warroad, was torn to pieces by the rest of the beasts that had attacked him. His bones were found stripped of every vestige of flesh. The nine carcasses of the dead wolves that he had killed were lying near.
 This is the first fatality of the kind reported this winter. The wolves are starving because of the lack of snow, which makes it easy for them to overtake deer in the woods, and they are traveling on the lake in large packs of thirty or more animals.
