**1913 RECORD**

**Magnificent TOPS in all Western Canada**

All sorts of the Provinces of Manitoba, Saskatchewan and Alberta, have produced wonderful yields of Wheat, Oats, Barley and Flax. Wheat graded from Contract to No. 1 Hard, weighed heavy and yielded from 29 to 45 bushels per acre; 22 bushels was about the total average. Flax farming may be considered fully as profitable an industry as grain raising. The excellent grasses full of nutrition, are the only food required either for beef or dairy purposes. In 1912, at Chicago, Western Canada carried off the Championship for beef steer. Good schools, markets convenient, climate excellent. For the homesteader, the man who wishes to farm extensively, or the investor, Canada offers the biggest opportunity of any place on the continent.

Apply for descriptive literature and reduced railway rates to Superintendent of Immigration, Ottawa, Canada, or to Canadian Government Agent.

## HANS SCHMIDT.

Convicted of Murdering Young Girl at New York.

Photo by American Press Association.

### SCHMIDT IS FOUND GUILTY

Former Priest Will Be Sentenced to Electric Chair.

New York, Feb. 6.—Hans Schmidt, a former priest, was found guilty of murder in the first degree for killing Anna Aumuller, a young woman he had married through a self-performed ceremony while acting as a priest at St. Joseph's church. The penalty for the crime is death in the electric chair at Sing Sing prison.

### PRESIDENT OF PERU OUSTED FROM OFFICE

Minister of War Killed in Defending Barracks.

Lima, Peru, Feb. 5.—A military coup d'etat completely overthrew the Peruvian government and brought about the resignation of President Billinghurst after he was imprisoned in the palace.

War Minister Varela was killed while attempting to defend the Sautz Catalina barracks against the revolutionists. Colonel Benavides, leader of the movement against the Billinghurst government, now occupies the palace and is expected momentarily to declare himself president.

The fear of the public was that some loyal regiments might try to retake the capital from the revolutionists. This would result in bloodshed and destruction. So far there has been no fighting and the streets of Lima, though crowded with excited people, are comparatively quiet.

#### Democrats Against Suffrage.

Washington, Feb. 5.—The Democratic party was formally placed on record as opposed to national legislation conferring the right of suffrage on women by Majority Leader Underwood on the floor of the house.

#### George D. Perkins Dead.

Sioux City, Ia., Feb. 4.—George D. Perkins, editor and publisher of the Sioux City Journal and former member of congress, is dead here.

## ABOUT THE STATE

News of Especial Interest to Minnesota Readers.

### FIVE MEN PERISH IN BLAZE

Number of Others Seriously Injured When Hotel at Kelliher is Destroyed by Fire.

Five persons perished and seven others are seriously hurt as the result of the burning of the Kelliher hotel. The dead are:

- ODIN NICHOLSON, thirty-three years old, general store clerk.
- GABRIEL SCHOBBERG, thirty-two years old, laborer.
- E. PRATT, homesteader.
- CHARLES LARSON, laborer.
- M. McQUINN of Deer River.

Most of the injured persons were employed at the hotel. Five traveling men were severely cut by broken glass when they escaped through windows.

The fire started from an overheated furnace, it is believed, and was beyond control when discovered. Most of those who met death were sleeping and the flames prevented the giving of warning to some of them.

The hotel was a modern three-story building and had the fire been discovered a few minutes earlier the escape of all the occupants probably would have been effected.

### THREE MINERS MEET DEATH

Smothered by Mass of Earth and Timbers.

Three men were killed in an accident at the North Uno mine on the Mesabi range near Hibbing operated by the Oliver Mining company. Extra crews immediately were assigned to the task of digging out the victims.

Two of the dead are Steven Brown, twenty-two years, mining captain, single, whose home is at Hubbell, Mich., and George Setinich, twenty-five years old, believed to be married, with a family in Austria. The third is an Austrian, who has been employed at the mine only a short time.

The three men were working in a small room on one of the upper levels and were planning to blast away a portion of the weight over the roof. Before the blast was touched off by other members of the crew they entered the room to cover up several open ore chutes. Owing to confusion over the signals, it is said, the men remained in the room too long and were buried by a mass of earth and timbers.

### LUCIUS K. STANNARD DEAD

Last Survivor of Minnesota Constitutional Convention in 1857.

Lucius K. Stannard, aged ninety, the last survivor of the Minnesota constitutional convention of 1857 and the first attorney admitted to practice in Chicago county, is dead at his home in Taylors Falls. He served as prosecuting attorney and probate judge of Chicago county.

Mr. Stannard numbered among the early pioneers of the state. He came to Minnesota in 1852, two years after he had been admitted to the bar in Vermont, where he was born, July 6, 1824, and where he received his education.

Mr. Stannard was elected a delegate to the constitutional convention of July, 1857, from the first council district, which included Washington, Itasca, Superior and Doty counties. He also served in both branches of the legislature in early days.

### LAND AGENT ACCUSED OF RUNNING LOTTERY.

D. L. Burchfield, manager of the California Realty Development company of Minneapolis, has been arrested by United States Deputy Marshal George W. Wells on a warrant charging him with having used the mails in connection with a lottery. He was arraigned before United States Commissioner Samuel Whaley. He pleaded not guilty and was released on \$1,000 bonds.

### RAILWAY CONTRACTOR DEAD

D. W. Grant Built Many Roads in the Northwest.

D. W. Grant, pioneer railroad contractor and a resident of Faribault for fifty years, is dead in that city at the age of sixty-eight years.

Mr. Grant, in connection with his brother, Donald Grant, were for years the largest railroad contractors in the Northwest and constructed many of the railways in this territory. He was also influential in the developing of the Northwest and was the owner of much land.

### Brothers Die Few Days Apart.

Robert Mannheim of St. Paul, a son of one of the founders of Mannheim Bros. retail dry goods firm and for ten years prominently identified with the interests of the firm, is dead following a lingering illness of a year's duration. He was born July 16, 1885. Mr. Mannheim's brother, Maurice Mannheim, died Jan. 24 last.

### W. E. LEE ENTERS THE RACE

Candidate for Governor at Primaries in June.

Formal announcement has been made by William E. Lee of Long Prairie that he will be a candidate for governor at the primaries next June. Coincident with this announcement, which tends to divide the opposition to Eberhart, came announcement of a meeting in Minneapolis to arrange a conference for the purpose of uniting the opposition to Eberhart.

Mr. Lee in his announcement carefully omits to state on what ticket he will file. He was a candidate for the Republican nomination in 1912, but it has been rumored that he will file as a Progressive this year. In a 1,200-word statement he declares that "the logic of the situation leads to my present candidacy."

He alleges that "an antiquated and complex governmental system, a subversive governor with his enormous patronage and system of enforced assessments; an unholy alliance of brewery interests, public service corporations and other special privilege seekers and an astute professional boss directing the machine, have made the Tammanyism of Minnesota an accomplished fact."

### CONDUCTOR KILLED IN CRASH

Runaway Train on Iron Range Road Crashes into Freight.

Paul Barcomb of Duluth, a freight conductor, was killed in the yards of the Iron Range railroad at Two Harbors when a pulpwood train ran away on the steep grade and dashed into Barcomb's train, which was about to leave for Duluth.

Lawrence Enfield, fireman of the runaway train, was injured slightly. Barcomb's body was buried under a mass of wreckage. The runaway train consisted of twenty-three cars loaded with logs and pulpwood. A number of cars of Barcomb's train were demolished.

### JURY FREES FORMER POLICE OFFICIALS

St. Paul Men Acquitted of Bribery Charge.

Martin J. Flanagan, former chief of police, and Fred Turner, former city detective, were acquitted in the Ramsey county district court at St. Paul on the charge of bribery in the third degree in connection with the alleged payment of \$1,000 by Dorothy Hazzard for police protection for her resort.

The jury agreed as to the verdict of not guilty after being out nineteen hours, but only about six and a half hours were spent in actual deliberation. The trial has been in progress since Jan. 26. It was the first case of the kind in the history of St. Paul and was characterized by sensations from the first day of taking testimony.

The two defendants went to trial again Monday on a similar charge in connection with the alleged payment of \$3,000 by Ida Dorsey for protection for a resort which she conducted on Washington street. County Attorney O'Brien moved before Judge Morrison to proceed to trial at once in the Dorsey case. Counsel for the defense asked that the date for beginning the Dorsey trial be fixed for Feb. 16, intimating a change of counsel for Flanagan.

The court suggested beginning the trial in a day and Flanagan in a personal appeal to the court had the date set for Monday morning. When the verdict of the jury in the Hazzard graft case was read there were hisses from courtroom spectators and no applause. The court rapped for order.

The hisses, however, did not represent the sentiment of all present, for many pressed forward to shake the hands of the defendants and congratulate them.

### GAS FUMES FATAL TO TWO

Number of Other Lives Endangered at St. Paul.

Two men were killed by gas in the Eureka hotel at St. Paul and the lives of eight other roomers endangered when gas escaping from five burners of a gas range filled the place.

Robert Bell, aged fifty, woodsman, recently from Two Harbors, Minn., and Louis Gilmet, aged fifty, dishwasher at the Liberty restaurant, were found dead in adjoining rooms, in one of which was the range. Both men were fully dressed.

George Meyers, forty-five, dishwasher at the Rockaway restaurant, was affected by the gas that penetrated nearly every room, but was revived by physicians.

### TWO HUNDRED ON STRIKE

Differences Between Labor Unions the Cause.

More than 200 members of the United Shoe Workers of America, employed by the Gotzian Shoe company of St. Paul, struck because they claimed that six of their leaders in the recent movement to prevent the use of the Boot and Shoe Makers' stamp were discharged when the factory opened after having been closed several weeks for in voice.

The trouble started several weeks ago, the United Shoe Workers objecting to the firm's adoption of the Boot and Shoe Workers' label.
