

### KILOWATT HOUR MYSTERY TO MOST PEOPLE.

(Continued from first page.)

watt takes its name from James Watt, the famous physicist.

Here are a few things a kilowatt of electricity will do:

It will operate a sewing machine for 21 hours.

It will run a clock correctly for ten years.

It will light 3,000 cigars.

It will warm enough water for shaving purposes every morning for thirty days.

It will heat a curling iron three minutes every day in the year, Sunday included.

It will heat the bedroom for an hour in the winter, or keep the room cool for 21 hours in the summer if a small ventilating fan is used.

It will propel an electric automobile three miles and knead eight sacks of flour into dough, or operate an electric piano for 10 hours.

It will light an old 16 candle power Edison lamp for 15 hours.

Or a 25-watt Tungsten lamp for 40 hours, 40-watt lamp for 25 hours, or a 60-watt lamp for 16 hours.

It will run a 6-inch electric fan for 25 hours.

The energy produced by kilowatt hour of electricity running through a motor will raise 22 tons of coal 60 feet in one hour. That is more than the biggest horse found in the Scotch mines could do when James Watt tried to measure the strength of one horse. The big horse Watt used raised 16 1-2 tons of coal 60 feet in one hour. The efforts of this famous horse are known as one horsepower, and this standard is used in measuring the power of engines.

An electric meter is used in determining when one kilowatt hour of current has been consumed. As electricity runs through the meter, a little disk inside turns around just as a water wheel turns around when a stream of water runs through it and strikes the paddles. After a thousand watts have run through the meter the dial at the front registers one kilowatt hour.

### LITERARY PROGRAM FRIDAY NIGHT.

The Athena-Thalian literary program will be given at the high school auditorium this coming Friday evening. This is one of the series of competitive literary programs which have been given every month during the school year. The public is always cordially invited to attend, the programs being given on Friday nights so that a larger number of the patrons of the school may be able to attend.

The program will consist of the following: Two extempore speeches by Eleanor Frey and Jeanette Bartl, oratorical selections by Max Burg and Bernard Poehler; declamatory selections by Ellen Ochs and Agnes Bastian; and a debate on the question of the initiative and referendum in Minnesota. The members of the debate team are Edwin Coufal and Hilarius Berg for the affirmative and Herbert McIvor and Roman Penkert for the negative. The ubiquitous girls' glee club will grace the obsequies with several musical selections.

### MANKATO HUNTERS SUFFER FIRE LOSS.

Fire destroyed one of the prettiest hunters' retreats at Swan Lake Tuesday of last week, when the lodge owned by the Mankato Hunters' Club, four miles north of Courtland burned to the ground. The building and contents were totally destroyed, entailing a loss of several thousand dollars. No insurance could be carried on the building, because it was not occupied during the winter months.

The lodge was located near the Martin Gieseke farm and the fire was discovered by Mrs. Gieseke. Neighbors tried to check the flames, but failed. The lodge contained eleven hunting boats and equipment, four double beds, two single cots, a large number of decoys, complete cooking outfit, and other furnishings. It is not known how the fire originated, but it may have been accidentally set by someone around the premises, either outside or inside of the building.

### INSURANCE POLICIES TO COVER ENTIRE FAMILY.

Heads of fraternal insurance companies doing business in the State of Minnesota are proposing a plan of insuring an entire family instead of limiting the policies to the members of an organization. Just how the scheme will eventually work out is problematical, but it seems to have made favorable impression with State Insurance Commissioner Works, to whom the plan was presented recently.

Twenty fraternal societies doing business in the state have joined in proposing the scheme and it will be taken up at the meeting of the various state commissioners at St. Louis, Mo., this month.

The insurance officers also wish to have the question determined whether they should value their securities on the book value or on the market value found on a certain date.

### OBITUARY

#### CHAS. SCHLIEF.

At his home near the Hauenstein brewery Charles Schlieff passed away Tuesday evening of last week after a lingering illness of nearly five months, having been a sufferer from cancer of the stomach for that length of time.

Deceased was born July 16, 1847, in Prussia, Germany, and came to this country with his parents when a boy nine years of age. The family settled in the vicinity of Fond du Lac, Wis., but Mr. Schlieff came farther west when still a young man, at first residing on a farm near Essig and later in Mulligan township. It was while he was living at Essig that he was married to Miss Minnie Buehlow of this city, who preceded him in death nearly twenty years ago. His second wife who now survives him, formerly was Miss Mary Hartneck of this city. The family left the Mulligan farm about seventeen years ago and moved to New Ulm where they have since resided. Besides the widow the deceased leaves four daughters and eight sons, all children of the first wife: Mrs. Emil Diedrich, Granite Falls; Frank Schlieff, New Ulm; Chas. Schlieff, Mulligan; Mrs. Wm. Schumacher, Sleepy Eye; Wm. Schlieff, Mulligan; Art Schlieff, New Ulm; Adolph Schlieff, Mulligan; Mrs. Alb. Mo, Montana; Elmer Schlieff, Mulligan; Mrs. Fritz Krueger, Comfrey; Emil Schlieff, North Dakota and Eli Schlieff, Villard, Minn.

The remains were shipped to Sleepy Eye Friday afternoon and funeral services were held there in the afternoon. Interment was made in the Sleepy Eye cemetery in the family plot.

#### E. P. SCHMITZ

The death of E. P. Schmitz, which occurred at Mankato last Wednesday afternoon came as a shock to the people of Brown county, as the Sleepy Eye banker had always been the picture of health. Hardly sick a day in his life, death came as a thunderclap out of an azure sky. He suffered an attack of appendicitis on Monday and Wednesday morning left for Mankato to be operated upon. Arriving at the hospital his condition became rapidly worse and he passed away at 12:45.

Edward Peter Schmitz was a product of Brown county. He was born November 13, 1869 on a farm in the town of Home. He received his education in the rural schools of the township, supplemented by a course in the New Ulm high school. He successfully passed the teachers' examination and for the next 21 years followed that vocation, teaching for eleven consecutive years in the district he had attended when a boy.

Four years ago he decided to enter the banking business and was chosen assistant cashier of the State Bank of Sleepy Eye, which position he held at the time of his death. June 21, 1903 Mr. Schmitz was married to Miss Lucy Steffen, who with six young children now survives him. His loss is also mourned by his aged parents, Mr. and Mrs. N. J. Schmitz, three sisters and three brothers: Jacob, a farmer of North Star township; George, cashier of the First National Bank of Wells; John, a farmer of Home township; Mrs. George Flaig of Sanborn and Barbara and Mary Schmitz, still living at home.

In public life the deceased always has taken an active interest in the affairs of his home town and county. His popularity was proven a few years ago when he made a campaign for county auditor and came close to being elected. He held several positions of trust and honor in Sleepy Eye and was regarded as one of that town's leading citizens. The deceased was a member of the Knights of Columbus, Catholic Order of Foresters, St. John's society and Sleepy Eye Labor society.

Funeral services were held at St. Mary's Catholic church of Sleepy Eye Monday morning at 9:30 o'clock and were largely attended, a big delegation going up from New Ulm. Interment was made in the Catholic cemetery of Sleepy Eye.

### NICOLLET SCHOOL DISTRICTS CONSOLIDATE.

At the school election Tuesday of last week at Nicollet the three rural districts decided to consolidate with the Nicollet village district, the vote being 72 to 44. Under the law the Nicollet village district was not permitted to participate in the election, but the voters of that village will have an opportunity to vote upon the proposition of issuing bonds for the erection of a new modern high school building.

According to the advocates of a new high school, a building costing approximately \$35,000 will be erected at some point conveniently located for the residents of the three rural districts. The present school site probably will be chosen.

The election last week was quite an event for Nicollet as every farmer for miles around was in the city to express himself not only by vote but also by voice. The election passed off without more than hot arguments, however, and when the result was made known the Germania band turned out and gave a concert.

### WAR CORRESPONDENT PICTURES TO BE SHOWN.

A distinct treat is in store for the people of this city as the result of arrangements made with E. J. D. Larson, European war correspondent of the Minneapolis Tribune, recently returned from the front. Mr. Larson has been engaged to come here Thursday, April 6th, with his large set of pictures and his lecture depicting modern warfare.

Mr. Larson has toured several Northwestern states the past winter under the direction of the International Lyceum Bureau of Chicago, and everywhere, it is declared, the keenest satisfaction has been expressed for the amount of new light cast on the latter-day forms of hostilities, little dreamed-of by American minds before.

The Minneapolis newspaperman was one of exceedingly few persons permitted to go to the first-line trenches in the western arena, and he is the first correspondent to bring first-hand information to this city of what is really going on "somewhere in France."

Mr. Larson is not a stranger in New Ulm, as he enjoys the acquaintance of members of the local militia companies, who met him at Camp Lakeview several years ago.

### SOPHOMORE GIRLS HONOR APRIL FIRST.

By the clever use of successive "surprise climaxes" the members of the Sophomore Girls' basketball team made their Prima Aprilis party a delightful evening's entertainment. The hilarity began when each of the faculty members present were in turn offered the thrice which combined in its construction all the uncertainties of April weather. All modestly declined until Mr. Hutson, respondent in a new shirt, Maffner and Harx Creation, offered himself as the sacrifice. Contrary to the expectations of all, nothing happened. Mr. Hutson was then voted a contemporary in crime from among the members of the feline sex, but with insidious cunning he insisted that Mr. Kierzek occupy the fated chair with him. After the throne scene the guests were asked to hunt for peanuts about the room which unfortunately were absent. A candy making contest turned out to be another hoax. Mr. Hess' literary ability in locating a quotation from "A Midsummer Night's Dream" was rewarded with the privilege of wearing a dunce's cap throughout the evening.

A baby-guessing contest created quite a sensation. It was won by Roy Fenske, who was awarded a rattle as a prize. The feature of the evening, however, was the near-banquet which was served in the beautifully decorated mechanical drawing apartments. Colored waitresses first brought in the salad. This was followed by a course of ice-cream, made in Germany since the war started. As its chief ingredient was ordinary cotton, however, it was a diet more conducive to reckless attacks upon the fortifications of Verdun than the equally impregnable geometry propositions. The last course consisted of a glass of water. The floral decorations were then collected and presented to Miss Schroeder as a birthday tribute. After a touching little song by Mr. Hutson on the subject of spring weather, the girls sang "God Save the Queen" as a signal to rise.

The entertainment of the evening was altogether out of the ordinary. The Sophomore girls are to be complimented on the success of their first venture into the brilliant social season of the high school.

### TRACK TEAM HARD AT WORK.

In spite of the efforts of the weather man to make this a near imitation of mid-winter, the high school track team blossoms out on the campus in the full glory of peek-a-boo waists and abbreviated knickerbockers daily at 4:00 P. M. after the last Geometry student has made his duplex recitation. The team expects to attend the three state tournaments at Carleton, Hamline and the State University. Dual meets with some of the schools in this district may also be arranged. An interclass meet will be held as soon as the weather warms up in order to pick the school team. At present little can be said of the abilities of the respective candidates, although Durbahn, Schleuder, Nagel, Olson and Alwin have all been doing good work in early season form.

#### IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

#### STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

#### EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

Do not set shrubbery too thick. This is the common mistake of the beginner. Give plenty of opportunity for the plant to grow. Small plants may be set from two to three feet apart. Licia, mock orange, etc., should not be set closer than seven or eight feet in good soil. They will then spread so as to just touch each other in five or six years.
